INDEPENDENT AUDITORS' REPORT

Members of the Board
Satsuma City Board of Education
Satsuma, Alabama

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Satsuma City Board of Education, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise Satsuma City Board of Education's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Satsuma City Board of Education's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Satsuma City Board of Education, as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and schedules of changes in net pension liability on pages 3-12 and 39-44, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Satsuma City Board of Education's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and Schedule of Findings and Questioned Costs, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2017, on our consideration of Satsuma City Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Satsuma City Board of Education's internal control over financial reporting and compliance.

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

The Satsuma City Board of Education's (the "Board") discussion and analysis presents the overall financial position and operating results for the year ended September 30, 2016. Readers are encouraged to read it in conjunction with the Board's financial statements, which follow this analysis. The Management's Discussion and Analysis (MD&A) reflects an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*.

Financial Highlights: Significant Items to Note

Our financial statements provide these insights into the results of this year's operations:

- The Board's financial status decreased for the audit period ending September 30, 2016. The total net position decreased by \$2,222,473 primarily due to the required reporting by GASB regarding the Net Pension Liability and certain entries required for the Series 2016 Bond Issue and disposition of Capital Assets. The assets of the Board exceeded its liabilities at the close of fiscal year 2016 by approximately \$30.6 million (net position).
- The total cost of the Board's programs for the year was \$15.2 million. After taking away a portion of these costs paid for with charges or fees, intergovernmental aid, interest earnings and other miscellaneous sources, the net cost that required funding from city and county taxpayers was approximately \$5.1 million. This includes the required 10-mill local system contribution into the State Foundation Program of \$432,680. The Foundation Program (the state funding mechanism for K-12 education systems in Alabama) and other state funds provided \$7.7 million toward the cost of these programs.
- For the General Fund, revenues exceeded total expenditures during the year by \$51,450 resulting in a fund balance of \$1,125,633 on the Budgetary Basis.
- The Board had long-term liabilities at year end totaling \$15,620,171. This liability represents a Qualified Zone Academy Bond (QZAB) bond payable of \$1,666,667, a Series 2015 bond payable of \$2,775,000, a Series 2016 bond payable of \$1,900,000 plus unamortized premium of \$259,504, and a liability of \$9,019,000 for Net Pension Liability as required by GASB Statement No. 68 reporting standards.

Using the Financial Statements -An Overview for the User

The following graphic is provided for your review and understanding of the financial statements and this report as a whole. This annual financial report consists of four parts:

- Independent Auditor's Report
- Required Supplementary Information (including the MD&A)
- Basic Financial Statements (District-wide or Board-wide and Fund Financial Statements)
- Supplemental Information

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Required Components of Annual Financial Report

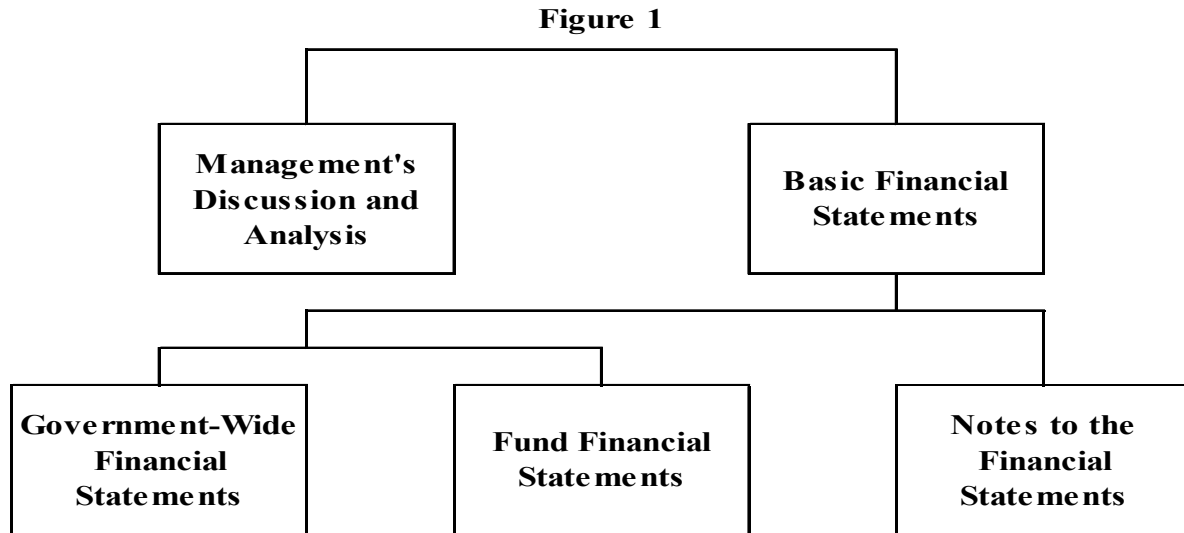

Figure 1 depicts the major features of the Board's financial statements. The focus of the financial statements is on the Board as a whole (government-wide) and the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the Board's accountability.

Government-Wide Financial Statements

The first two statements are government-wide financial statements — the *Statement of Net Position* and the *Statement of Activities*. These provide both long-term and short-term information about the Board's overall financial status. The focus of the *Statement of Net Position* (the "Unrestricted Net Position") is designed to be similar to bottom line results for the Board and its activities.

The *Statement of Net Position* presents information on all of the Board's assets less liabilities which results in Net Position. The statement is designed to display the financial position of the Board. Over time, increases and decreases in net position help determine whether the Board's financial position is improving or deteriorating.

The *Statement of Activities* provides information which shows how the Board's Net Position changed as a result of the year's activities. The statement uses the accrual basis of accounting. All of the revenues and expenses are reported regardless of the timing of when cash is received or paid. The statement identifies the extent to which each expenditure function draws from general revenues of the Board (primarily local taxes) or is financed through charges for services (such as lunchrooms) and intergovernmental aid (primarily federal programs and state appropriations).

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Fund Financial Statements

The fund financial statements provide more detailed information about the Board's most significant funds — not the Board as a whole. A fund is a grouping of related accounts that is used to keep track of specific sources of funding and spending for particular purposes. The Board uses fund accounting to ensure and demonstrate fiscal accountability. Two kinds of funds — governmental funds and fiduciary funds — are presented in the fund financial statements.

Governmental funds - Most of the Board's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The governmental funds statements — the *Balance Sheet* and the *Statement of Revenues, Expenditures and Changes in Fund Balances* — are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Board's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information that explains the relationship (or differences) between them.

Fiduciary funds - Fiduciary funds are used to account for assets held by the Board in a trustee capacity or as an agent for others. Activities from fiduciary funds are not included in the government-wide financial statements because the Board cannot use these assets for its operations. Fiduciary funds of the Board are reported in the Other Supplementary Information as Agency Funds Booster Clubs, using an accrual basis of accounting.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Required Supplementary Information

In addition to the basic financial statements and the accompanying notes, this report also presents certain *Required Supplementary Information* (RSI) other than the MD&A consisting of a budgetary comparison schedule for the General Fund and each major special revenue fund that has a legally adopted annual budget. The schedule includes an accompanying note explaining the differences between actual amounts as reported on the basis of budgeting and the GAAP basis of reporting.

Analysis of the School Board's Overall Financial Position

As indicated earlier, net position may serve over time as a useful indicator of a government's financial position. Refer to Table 1 when reading the following analysis of net position. The Board's assets exceeded liabilities by \$30.6 million at September 30, 2016.

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Table 1: Summary of Net Position
As of September 30, 2016

	<u>FY16</u>	<u>FY15</u>	<u>Variance</u>
Current and other assets	\$ 2,986,238	\$ 5,867,450	-49.11%
Deferred outflows of resources	1,671,347	1,173,112	42.47%
Capital assets	<u>42,933,552</u>	<u>40,228,941</u>	<u>6.72%</u>
Total Assets and Deferred Outflows of Resources	<u>\$ 47,591,137</u>	<u>\$ 47,269,503</u>	<u>0.68%</u>
Current and Other Liabilities	\$ 1,175,167	\$ 998,696	17.67%
Deferred inflows of resources	162,000	597,000	-72.86%
Long-term liabilities	<u>15,620,171</u>	<u>12,817,535</u>	<u>21.87%</u>
Total Liabilities and Deferred Inflows of Resources	<u>16,957,338</u>	<u>14,413,231</u>	<u>17.65%</u>
Net Position:			
Net investment in capital assets	36,332,381	27,411,406	32.54%
Restricted	1,393,705	4,464,222	-68.78%
Unrestricted	<u>(7,092,287)</u>	<u>980,644</u>	<u>-823.23%</u>
Total Net Position	<u>\$ 30,633,799</u>	<u>\$ 32,856,272</u>	<u>-6.76%</u>

The results of fiscal year 2016's operations as a whole are reported in detail in the *Statement of Activities*. In Fiscal Year 2015, the beginning net position was restated and reduced by \$7,266,000 due to GASB Statement No. 68 Pension Liability reporting requirements. The Total Net Position for FY 2016 was further reduced by \$2,266,473. The additional reduction is primarily due to how the proceeds and uses of the bond proceeds are reported and other GASB entries required for pension reporting, capital assets and long term debt transactions. The previous reporting adjustment in FY 2015 plus the additional \$2,222,473 reduction in net position result in the total Net Position of \$30,633,799 which is 6.76% less than FY 2015. *Table 2* below condenses the results of operations for the audit period into a format where the reader can easily see the total revenues of the Board for the year. It also shows the impact the operations had on changes in net position as of September 30, 2016.

**SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION**

SEPTEMBER 30, 2016

Table 2: Summary of Changes in Net Position from Operating Results for Audit Period Ending September 30, 2016

	<u>FY16</u>	<u>FY15</u>	<u>Variance</u>
Revenues			
Program revenues:			
Charges for services	\$ 1,505,747	\$ 1,178,303	27.79%
Operating grants & contributions	8,292,430	7,812,767	6.14%
Capital grants & contributions	369,284	411,757	-10.32%
General revenues:			
Local property taxes	2,202,345	2,370,008	-7.07%
Local sales taxes	180,012	157,814	14.07%
Other taxes	93,922	96,415	-2.59%
Grants & contributions not restricted	108,000	108,000	0.00%
Investment earnings	28,577	47,250	-39.52%
Miscellaneous	227,025	135,129	68.01%
Total Revenues	<u>\$ 13,007,342</u>	<u>\$ 12,317,443</u>	<u>5.60%</u>
Expenses:			
Instructional services	\$ 7,361,502	\$ 7,108,569	3.56%
Instructional support services	2,047,967	1,808,253	13.26%
Operation & maintenance services	2,167,721	1,612,121	34.46%
Student transportation	514,336	466,842	10.17%
Food service	628,246	675,148	-6.95%
General administration services	2,273,220	855,243	165.80%
Interest & fiscal charges	165,890	8,878	1768.55%
Other expenses	70,933	56,135	26.36%
Total Expenses	<u>\$ 15,229,815</u>	<u>\$ 12,591,189</u>	<u>20.96%</u>

The Board's Net Position decreased by \$2,222,473. The revenues increased by 5.6%; however, the expenditures increased by 20.96%. This decrease is primarily attributable to the expenditures for the capital projects, certain GASB Statement No. 68 entries required for Current Pension Expense and entries required for the Series 2016 bond issue. Refer to the Reconciliation Statement on Page 18. However, in FY 2014, prior to these type reporting requirements, the revenues exceeded the expenditures by \$307,200.

**SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION**

SEPTEMBER 30, 2016

Governmental Activities - As shown in *Table 2*, the cost of services rendered from the Board's governmental activities for the audit period ended September 30, 2016 was \$15.2 million. It is important to note that not all of these costs were borne by the taxpayers of Satsuma City:

- Some of the cost, \$1.5 million, was paid by users who benefited from services provided during the year, such as school lunches, local school fundraisers, and admissions for local school events. State and federal governments subsidized certain programs with grants and contributions totaling approximately \$8.7 million.
- \$2.8 million of the Board's total costs of \$15.2 million was financed by district and state taxpayers, unrestricted grants, investment and miscellaneous revenues as follows: \$2,202,345 in property taxes, \$180,012 in sales taxes, \$54,679 in Alcohol beverage tax, \$39,243 in other taxes (business privilege tax and tobacco tax), \$108,000 in unrestricted grants, \$28,577 in investment revenues, \$227,025 in miscellaneous revenues.

Table 3 is a condensed statement taken from the Statement of Activities showing the total cost for providing identified services for seven major Board activities. Total cost of services is compared to the net cost of providing these services. The net cost of services is the remaining cost of services after subtracting grants and charges for services that the Board used to offset the program's total cost. In other words, the net cost shows the financial burden that was placed on all taxpayers for each of these activities. This information allows citizens to consider the cost of each program in comparison to the benefits they believe are provided.

Table 3: Net Cost of Governmental Activities for Audit Period Ended September 30, 2016

	FY16		FY15	
	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>	<u>Total Cost of Services</u>	<u>Net Cost of Services</u>
Expenses:				
Instructional services	\$ 7,361,502	\$ (1,310,670)	\$ 7,108,569	\$ (1,408,267)

Total Expenses	<u>\$15,229,815</u>	<u>\$ (5,062,354)</u>	<u>\$ 12,591,189</u>	<u>\$ (3,188,362)</u>

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Performance of School Board Funds

As noted earlier, the Board uses fund accounting to control and manage resources in order to ensure compliance with finance-related legal requirements. Using funds to account for resources for particular purposes helps the reader to determine whether the Board is being accountable for the resources provided by taxpayers and other entities, and it may also help to provide more insight into the Board's overall financial health. The following analysis of the Board's funds should be read in reference to the fund financial statements.

Governmental Funds - The focus of the Board's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the Board's financial requirements (Note that the relationship between the *fund financial statements* and the *government-wide financial statements* are reconciled on pages 16 and 18. The financial performance of the Board as a whole is reflected in its governmental funds as well. At the end of the fiscal year, the Board's governmental funds reported combined ending fund balances of \$1,836,367 down from \$4,877,690 in FY 2015 due to the timing of the receipt and subsequent expenditure of bond proceeds. It was \$2,966,933 in FY 2014 prior to the bond proceeds. During the 2016 year, the net change in the general fund balance was an increase of \$29,198 and resulted in an ending fund balance of \$423,501. This is the fund balance on the GAAP basis. This is due to the large salary and benefit accrual entry in excess of \$700,000. Note that the actual general fund balance on the budgetary basis was \$1,125,633. According to the State standards, this budgetary fund balance represents a 1.36 months' operating balance. The State standard is to achieve a minimum of one month.

Special Revenue Fund - During the year, the net change in the special revenue fund was an increase of \$69,991 resulting in a fund balance of \$474,150 as compared to a fund balance of \$404,159 in FY 2015.

Capital Projects Fund — The Capital Projects Fund balance went from \$2,394,786 in FY14 to \$4,079,228 in FY15 to \$938,716 in FY16. These changes are primarily due to the timing of the receipt of bond proceeds and the expenditure for capital projects. State and local tax revenues for capital outlay, a small balance left in the Quality Zone Academy Bond (QZAB) proceeds, and the Series 2015 and Series 2016 bond issue proceeds accumulated in this fund, and capital related expenditures were made. The majority of all bond proceeds were expended in Fiscal Year 2016. The Board plans to continue to allow this fund to grow to meet capital and emergency needs.

Budgetary Highlights of Major Funds

The Board was required to prepare and submit to the State Department of Education by September 15, 2015, the annual budget adopted by the Board. The original 2016 fiscal year budget, adopted on August 25, 2015, was based on a conservative approach that reflected only allocated revenues and essential expenditures. The Board approved an amendment to the budget during the year on April 15, 2016. For purposes of this budgetary analysis, the General Fund and the Special Revenue fund of the board are discussed in accordance with the GASB 34 reporting model.

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

General Fund - The comparison of general fund original budget to the final amended budget is on page 39. The difference between the original budget and the final amended budget of the Board was a \$515,669 increase in overall revenues, an increase in overall expenditures of \$518,900, and a decrease in Other Financing Sources of \$12,530. These changes were necessary to adjust for changes in additional state and local revenues and changes in the estimates for expenditures. These revenues coupled with monitoring of expenditures resulted in an actual ending fund balance of \$1,125,633 as compared to the final budgeted amount of \$1,098,062.

Special Revenue Fund - The comparison of the special revenue original budget to the final amended budget is reflected on page 40. The Special Revenue Fund contains all of the federal programs including Child Nutrition as well as the public funds of the two local schools. The variance for revenues is due to an increase in use of federal funds and an increase in local school revenues.

Capital Assets and Debt Administration

Capital Assets - The Board's investment in capital assets reflected net additions (less depreciation) of \$5,598,388 and net retirements of \$1,320,390. The net increase of 6.7% is primarily due to the completion of the athletic stadium as well as finalization of the renovated wing of the Robert E. Lee Primary building. See Page 29 of the Audit and See Table 4 below for detailed schedule. Total Capital Assets at year-end were \$42,933,552 as compared to \$40,228,941 in FY15 and \$39,396,154 in FY14.

Table 4: Capital Assets (net of accumulated depreciation)
As of September 30, 2016

	FY16	FY15	Variance
Land	\$ 664,800	\$ 664,800	0.0%
Land Improvements-Exhaustible	3,056,302	1,732,643	76.4%
Construction in Progress	-	1,573,387	-100.0%
Buildings	35,928,610	34,780,732	3.3%
Building Improvements	2,589,111	971,075	166.6%
Equipment and Furniture	246,242	206,187	19.4%
Vehicles	448,487	300,117	49.4%
Total Capital Assets	<u>\$ 42,933,552</u>	<u>40,228,941</u>	<u>6.7%</u>

Long-term Liabilities

At year-end the Board had \$15,620,171 in long-term liabilities as compared to \$12,817,535 in FY15 and \$1,967,069 in FY14. Refer to Note 5 on Page 30. This amount is the payable for the QZAB Bond of \$1,666,667, the payable for the Series 2015 Bond of \$2,775,000, the payable for the Series 2016 Bond of \$1,900,000, the entry made for unamortized bond premiums \$259,504 and the entry made to recognize Net Pension Liability of \$9,019,000. The bond issues and the entries for Net Pension Liability account for the material increase since FY14.

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Interfund Transfers:

The board has certain transactions that require transfers between the funds. During FY 2016, the General Fund transferred \$184,906 to the Special Revenue Fund, and the Special Revenue Fund transferred \$73,427 to the General Fund. The General Fund transferred \$142,727.20 to the Child Nutrition Fund as required by State regulations for salaries and fringe benefit costs for the Child Nutrition staff. The General Fund also transferred \$42,178.80 to the two local school's special revenue accounts for State funded teacher allocation funds for instructional supplies. The two schools' Special Revenue Funds transferred \$73,427 to the General Fund to reimburse the fund for payroll costs for field trips and athletic events.

Economic Factors and Next Year's Budget

- The population of the City of Satsuma as of the year 2015 was 6,167, an 8.4% increase over the 2000 census.
- Median age for the City of Satsuma is 43.9 as compared to a State average of 38.7.
- The estimated per capita income in 2015 was \$28,839 (it was \$23,972 in 2000). The State average was \$24,769.
- The median household income in the City of Satsuma for 2015 was \$57,808 as compared to a State average of \$44,765.
- Percentage of persons in poverty in the City of Satsuma is 10.3% as compared to 18.5% for the State average.
- Estimated median house or condo value in the City of Satsuma for 2015 was \$145,407 as compared to a statewide value of \$134,100.
- The citizens of Satsuma voted an increase of 7.5 mills of ad valorem tax in order to support the newly formed Satsuma City Board of Education. This tax yielded \$383,673 for FY 2016.
- The City of Satsuma levied a one-cent Sales Tax and appropriates half of the penny Sales Tax to the Board. The City appropriated \$108,000 to the Board for FY 2015.
- The Board increased its General Fund Balance on a budgetary basis to \$1,125,633 which represents a 1.36 months' operating balance. The Board has a goal of maintaining the General Fund Balance each year for fiscal responsibility and security.

SATSUMA CITY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION & ANALYSIS
REQUIRED SUPPLEMENTAL INFORMATION

SEPTEMBER 30, 2016

Circumstances that could significantly affect the Board's financial health in the future are listed as follows: Proration of State Appropriations. Applicable provisions of the Constitution of Alabama effectively prohibit the State from engaging in deficit financing-that is to say, state expenditures during any fiscal year may not exceed available revenues. State law provides procedures for delaying or, if necessary, reducing (or "prorating") appropriations of state revenues in order to maintain and enforce the constitutional ban on deficit financing. The Board's General Fund receives the largest share of its annual revenue from the State. Although the State revenues provided for the payment of employee salaries and benefits are prorated, State law prohibits the Board from reducing salaries and benefits paid to employees. The postponement or reduction of State appropriations to the Board as a consequence of proration may therefore result in reductions of expenditures by the Board for certain budget items other than salaries (e.g. instructional materials, certain academic programs, maintenance projects, and supplies). School systems have experienced four years without proration, and the general economy and state funding has continued to increase slightly over the past four years.

The Board monitors the state tax revenues closely in order to plan for any possible threat of proration.

Estimated Capital Needs: The Board's five year capital plan submitted for fiscal year 2017 is based on facility assessments and enrollment needs, and includes \$13 million in estimated capital needs throughout the system. It is planned that \$375,000 will be funded with a 5-year equipment capital lease and \$300,000 will be funded with local funds and state capital purchase funds. The source of funding for remaining needs of \$12.3 are not identified or determined at this time. The Board plans to allow the Capital Fund to grow in order to combine those funds with future bond issues in order to meet capital needs.

Student Enrollment: The Board's current enrollment based on the Average Daily Membership (ADM) as of the twenty-day report for the 2016-2017 scholastic year was 1,305. The next official count was 1,414 taken in October 2016. The growth in ADM will provide additional state and local county-wide tax revenue for the district next fiscal year.

Medical and Retirement Costs - Employee health insurance is provided through the Public Education Employees Health Insurance Program (PEEHIP). The monthly premium for health insurance for teachers and support personnel under PEEHIP was \$780 for fiscal year 2016 and is \$800 per month for fiscal year 2017. Also, the employer contribution rate to the Teachers Retirement System (TRS) was 11.94% and 10.84% for Tier I and II employees, respectively, in fiscal year 2016 and is 12.01% and 10.82% for Tier I and II employees, respectively, for fiscal year 2017.

Financial Contact

The Board's financial statements are designed to present users (citizens, taxpayers, investors and creditors) with a general overview of the Board's finances and to demonstrate the Board's accountability for public funds received. If you have questions about the report or need additional financial information, contact Dr. Joe Walters, Superintendent, 220 Baker Road, Satsuma, AL 36572, or by calling (251) 380-8200.

**SATSUMA CITY BOARD OF EDUCATION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2016**

Net Changes in Fund Balances - Total Governmental Funds		\$ (3,041,323)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period.		
Capital Outlays	\$ 4,954,002	
Depreciation Expense	<u>(929,001)</u>	4,025,001
Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.		298,333
Proceeds from the issuance of debt are reported as financing sources in governmental funds and thus contribute to the change in fund balance. Issuing long-term debt increases liabilities in the Statement of Net Position but does not affect the Statement of Activities.		(1,900,000)
Premiums on debt issuance are reported as other financing sources in the governmental funds, but are amortized in the Statement of Activities.		(154,266)
In the Statement of Activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. The change in net position differs from the change in fund balances for this amount.		
Loss on disposition of capital assets		(1,320,390)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Accrued Interest Payable, Current Year Increase/(Decrease)	16,358	
Amortization of Bond Premiums	(13,297)	
Pension Expense, Current Year Increase/Decrease	<u>126,767</u>	<u>(129,828)</u>
Change in Net Position of Governmental Activities		<u>\$ (2,222,473)</u>

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The financial statements of the Satsuma City Board of Education (the Board) have been prepared in conformity with the accounting principles generally accepted in the United States of America as specified by the Governmental Accounting Standards Board (GASB).

For financial reporting purposes and in conformance with the criteria set forth by GASB Statement No. 61, the Board includes those funds, account groups, agencies, boards, commissions and authorities for which the Board has the ability to exercise its oversight responsibility and provides financial and managerial assistance.

B. BASIS OF PRESENTATION—GOVERNMENT-WIDE AND FUND LEVEL

Government-wide

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of the related cash flows. Nonexchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Level

The government fund level financial statements are reported using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. General long-term debt issued and acquisitions under the capital leases are reported as other financing sources.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Since governmental fund level financial statements are presented on a different basis of accounting and measurement focus than governmental activities in the government-wide presentation, a summary is presented explaining adjustments necessary to reconcile fund level statements to the government-wide presentation.

The accounts of the Board are organized on the basis of funds which are each considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped into broad fund categories as follows:

Governmental Funds:

General Fund—The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Board which are not properly accounted for in another fund. All general operating revenues which are not restricted or designated as to use by outside sources are recorded in the General Fund.

Special Revenue Fund—Special revenue funds are operating funds for which the use of revenues is restricted or designated by outside sources.

Capital Project Fund—Capital project funds are used to account for the financial resources used to construct or acquire major capital items.

Fiduciary Fund:

Agency Fund—This fund is used to report assets held by the Board in a purely custodial capacity. The Board collects these assets and transfers them to the proper individual, private organizations, or other governments.

C. CAPITAL ASSETS

The accounting treatment over capital assets depends on whether the assets are used by fund level or government-wide reporting.

In government-wide reporting, all capital assets are reported as capital assets for both governmental-type and business-type activities. The Board has established a minimum capitalization threshold of \$5,000 for personal property and \$50,000 for real property. Depreciation is provided on all capital assets at the government-wide level.

In fund level reporting, capital assets are reported as expenditures by governmental funds. Depreciation is not provided at the fund level.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at estimated fair value on the date donated.

Depreciation is allocated as an expense in the Statement of Activities (government-wide level) and accumulated depreciation is reflected in the Statement of Net Position (government-wide level). Depreciation has been provided over the estimated useful lives using the straight-line rates as follows:

Buildings	25-50 years
Vehicles and equipment	5-20 years

D. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become susceptible to accrual, that is when they become both “measurable” and “available” to finance expenditures of the current period. Ad valorem and other taxes collected by an intermediary are considered “measurable” when in the hand of the intermediary collecting governments and may be recognized as revenue at that time. Expenditures, generally, are recorded at the time liabilities are incurred. Revenues susceptible to accrual are: property taxes and federal financial assistance programs, which are measurable and available to finance expenditures of the current period.

E. IMPACT OF RECENTLY ISSUED ACCOUNTING PRINCIPLES

Recently Issued and Adopted Accounting Principles

On July 1, 2012, the Board implemented Governmental Accounting Standards Board (GASB) Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. GASB Statement No. 62 incorporates into the GASB’s authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the American Institute of Certified Public Accountants (AICPA) Committee on Accounting Procedures. The adoption of GASB Statement No. 62 did not have any impact on the Board’s financial statements.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

On July 1, 2012, the Board adopted the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB Statement No. 63 provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The Balance Sheet is renamed the Statement of Net Position and includes four components: assets, deferred outflows of resources, liabilities and deferred inflows of resources.

As of October 1, 2014, the GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. GASB 65 requires certain items that are currently reported as assets and liabilities to be reclassified as deferred outflows of resources, deferred inflows of resources or current-period outflows (expenses) and inflows (revenues). These determinations are based on the definitions of those elements in Concepts Statement No. 4, *Elements of Financial Statements*.

Deferred outflows of resources are consumptions of net position by the Board that are applicable to a future reporting period.

Deferred inflows of resources are acquisitions of net position by the Board that are applicable to a future reporting period.

Outflows of resources are consumptions of net position by the Board that are applicable to the reporting period.

Inflows of resources are acquisitions of net position by the Board that are applicable to the reporting period.

During the year ended September 30, 2015, the Board implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions-An Amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These statements create disclosure and reporting requirements that may or may not be consistent with the basis used for funding the plan. As a result, a net pension liability equal to the difference between the actuarial present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position was recognized. Additionally, pension expense and deferred outflows of resources and deferred inflows of resources were recognized from changes in the components of the net pension liability. See Note 8 for more information.

GASB Statement No. 72, *Fair Value Measurement and Application*, was issued to provide guidance for determining a fair value measurement for financial reporting purposes. The requirements for GASB Statement No. 72 are effective for fiscal year 2016. GASB Statement No.72 did not affect the financial statements for fiscal year 2016.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not Within the Scope of GASB Statement No. 68* was issued to establish requirements for assets that are not within the scope of GASB Statement No. 68. The requirements of GASB Statement No. 73 are effective for fiscal year 2016. The adoption of GASB Statement No. 73 did not have any impact on the Board's financial statements for the year ended September 30, 2016.

During the year ended September 30, 2016, the Board implemented GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, was issued to identify the hierarchy of generally accepted accounting principles. The requirements of GASB Statement No. 76 were applied retroactively resulting in no significant impact to the financial statements.

Recently Issued Accounting Principles

GASB Statement No. 82, *Pension Issues- an amendment of GASB Statements No. 67, No. 68, and No. 73*, was issued to address pension issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The requirements of GASB Statement No. 82 are effective for fiscal year 2017. The Board is currently evaluating the impact that this statement may have on its financial statements.

F. NET ASSET AND EQUITY CLASSIFICATIONS

Government-wide Financial Statement

The Board adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which superseded GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Government*. Equity is classified as net position and displayed in three components:

- Net investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources attributable to the unspent proceeds is not included in the same net position as the unspent proceeds.
- Restricted net position – Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- Unrestricted net position – The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Fund Financial Statements

The fund equity of the governmental fund financial statements is classified as fund balance. In March 2009, GASB adopted a standard that establishes a hierarchy based on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds.

Fund balance is classified into one of the following five components:

- Nonspendable fund balance—Consists of amounts that are not in a spendable form or are required to be maintained intact.
- Restricted fund balance—Consists of fund balances with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) the Board’s own laws through its enabling legislation and other provisions of its laws and regulations.
- Committed fund balance—Consists of fund balances that are subject to a purpose constraint imposed by formal action or resolution of the Board, which is the highest level of decision-making authority, before the end of the fiscal year and that require the same level of formal action to remove or modify the constraint.
- Assigned fund balance—Consists of fund balances that are intended to be used by the school system for specific purposes. The Board authorized the Superintendent or Chief School Financial Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the restraint.
- Unassigned fund balance—All other fund balances that do not meet the definition of “restricted, committed or assigned fund balances.” This portion of the total fund balance in the general fund is available to finance operating expenditures.

When expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classification could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. CASH AND INVESTMENTS

Cash includes amounts in demand deposits as well as short-term investments. The State Attorney General has issued a legal opinion that boards of education may not put public funds at risk by investing in companies not insured by the federal government.

Cash and investments in the capital projects fund amounting to \$891,726 and \$47,152, respectively for the 2016 fiscal year are restricted for capital projects for the high school and elementary school.

H. INVENTORIES

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Inventories consist of food products purchased to be sold in the cafeteria facilities. The costs of governmental fund inventories are recorded as expenditures when purchased, except commodities donated by the federal government, which are expensed when consumed.

I. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

J. ENCUMBRANCES

Encumbrances represent commitments related to underperformed contracts for goods or services. Encumbrances accounting—under which purchase orders, contracts and other commitments for the expenditure or resources are recorded to reserve that portion of the applicable appropriation—is utilized in the governmental funds. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

K. DEFERRED OUTFLOWS OF RESOURCES

Represents the pension plan contributions made between the measurement date of the pension plan and the end of the Board's fiscal year end and is amortized on a straight-line method. It also represents the proportionate share of collective deferred outflows related to net pension liability.

L. DEFERRED INFLOWS OF RESOURCES

Represent the proportionate share of collective deferred inflows related to net pension liability.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. PENSIONS

The Teachers' Retirement System of Alabama (the Plan) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to plan requirements. Benefits and refunds are recognized as revenues when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

N. PROPERTY TAXES

All ad valorem taxes levied by the state, county and any school board in Mobile County are assessed and collected by the Revenue Commissioner of Mobile County. The Mobile County property tax calendar requires the Revenue Commissioner to assess and attach taxes enforceable liens on property as of September 30, and taxes are due October 1 through December 31. Property taxes not paid by January 1 are considered delinquent. Tax collections received by the County Revenue Commissioner are remitted to the Board monthly. In accordance with the implementation of Governmental Accounting Standard (GASB) Statement No. 33, revenue is recorded based upon taxes assessed and considered available. Any taxes not considered available are recorded as deferred revenue.

NOTE 2 DEPOSITS AND INVESTMENTS

At September 30, 2016 the Board had investments in various certificates of deposit through its trustee agreement for debt reserve. The fair value of all investments was \$47,152.

Interest Rate Risk

The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

State statutes authorize the Board's investments. The Board is authorized to invest in U.S. Government obligations and its agencies or instrumentalities. The Board has no investment policy that further limits investment choices.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 2 DEPOSITS AND INVESTMENTS (continued)

Custodial Credit Risk

The Board is a participant in the Security for Alabama Funds Enhancement (SAFE) Program, a multiple financial institution collateral pool, administered by the State of Alabama. The program, by law, provides administration of pledged collateral coverage for all governments and agencies in the state and requires qualified financial institutions to provide collateral to the administrator adequate to secure all deposits of public funds in that financial institution. The State guarantees deposits identified as “public funds” will be adequately secured by insurance or collateral. Any collateral shortages of one financial institution are assessed to other member financial institutions.

NOTE 3 INTERFUND TRANSACTIONS

During the course of normal operations, the Board has numerous transactions between funds to provide services, construct assets, etc. These transactions are generally reflected as operating transfers or receivables and liabilities. Transactions reimbursing a fund for expenditures are recorded as expenditures in the disbursing fund and as revenues in the receiving fund. Remaining fund balances in discontinued funds and non-recurring, non-routine transfers are accounted for as residual equity transfers. The Board typically used transfers to fund operating subsidies and to recoup certain expenditures paid on-behalf of the local schools.

	Interfund Receivables			Totals
	General Fund	Special Revenue Fund	Capital Projects Fund	
<u>Interfund Payables</u>

NOTE 5 LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities for the year ended September 30, 2016:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Governmental Activities:					
Bonds and Warrants Payable	\$ 4,740,000	\$ 1,900,000	\$ 298,333	\$ 6,341,667	\$ 343,333
Unamortized Premium	118,535	154,266	13,297	259,504	16,884
Total Bonds and Notes Payable	<u>4,858,535</u>	<u>2,054,266</u>	<u>311,630</u>	<u>6,601,171</u>	<u>360,217</u>
Other Liabilities:					
Net Pension Liability	<u>7,959,000</u>	<u>1,060,000</u>	<u>-</u>	<u>9,019,000</u>	<u>-</u>
Total Other Liabilities	<u>7,959,000</u>	<u>1,060,000</u>	<u>-</u>	<u>9,019,000</u>	<u>-</u>
Governmental Activities Long-Term Liabilities	<u>\$ 12,817,535</u>	<u>\$ 3,114,266</u>	<u>\$ 311,630</u>	<u>\$15,620,171</u>	<u>\$ 360,217</u>

Bonds and warrants payable at September 30, 2016, were comprised of the following:

School Tax Warrant, Series 2014 payable dated April 14, 2014, original debt obligation of \$2,000,000, non-interest bearing, payable in quarterly installments of \$33,333 from June 15, 2014 through March 15, 2029. The Board imputes interest on this interest free loan at 2.00%. \$ 1,666,667

School Tax Warrant, Series 2015 payable in annual installments of \$165,000 to \$250,000 from February 1, 2016 through February 1, 2030, with interest at 2.00% to 3.50% payable on February 1 and August 1. 2,775,000

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 5 LONG-TERM LIABILITIES (continued)

School Tax Warrant, Series 2016 payable in annual installments of \$28,470 to \$244,800 from August 1, 2016 through February 1, 2034, with interest at 2.00% to 4.00% payable on February 1 and August 1. 1,900,000

Total \$ 6,341,667

Annual debt service requirements to maturity for general obligation bonds and warrants are as follows:

Year Ending September 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 343,333	\$ 149,663	\$ 492,996
2018	348,332	144,588	492,920
2019	353,332	138,563	491,895
2020	358,332	132,387	490,719
2021	363,332	126,063	489,395
2022-2026	1,946,660	525,681	2,472,341
2027-2031	1,933,346	286,487	2,219,833
2032-2034	<u>695,000</u>	<u>42,300</u>	<u>737,300</u>
	<u><u>\$ 6,341,667</u></u>	<u><u>\$ 1,545,732</u></u>	<u><u>\$ 7,887,399</u></u>

The Board obtained a School Tax Warrant, Series 2015 which is pledged to be repaid solely from the proceeds of certain ad valorem taxes. The revenues remain pledged until the satisfaction of the warrant, which is anticipated to be in fiscal year 2030.

The Board obtained a School Tax Warrant, Series 2016 which is pledged to be repaid solely from the proceeds of certain ad valorem taxes. The revenues remain pledged until the satisfaction of the warrant, which is anticipated to be in fiscal year 2034.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 6 COMPENSATED ABSENCES

For vacation leave and other compensated absences with similar characteristics, GASB Statement No. 16 requires the accrual of liabilities as the benefits are earned by the employees if both of these conditions are met:

- 1) The employees' right to receive compensation is attributable to services already rendered.
- 2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.

Professional and support personnel are provided two days of personal leave per year with pay. The State provides partial funding (\$60.00 per day), at the substitute rate, for up to two days of personal leave per employee per year. Professional employees are paid, at the Board's substitute rate, for up to two days of unused personal leave. Certain unused personal leave can be converted to sick leave days at the end of the school year. Certain employees are allowed two weeks of vacation per year with pay. Certain unused vacation leave cannot be converted to sick leave days at the end of the school year.

All vacation days must be used prior to effective resignation date. The Board shall not make cash payments for unused vacation days, unless specified in a negotiated contract and approved by the Board. Because employees do not receive compensation for unused vacation leave at termination, no liability is recorded on the financial statements.

Professional and support employees earn non-vesting sick leave at the rate of one day per month worked. Employees may accumulate an unlimited number of sick leave days. Employees may use their accrued sick leave as membership service in determining the total years of creditable service in the teachers' retirement system, with no additional cost to the Board. Because employees do not receive compensation for unused sick leave at termination, no liability is recorded on the financial statements.

NOTE 7 RISK MANAGEMENT

Rather than finance various risks through self-insurance, the Board has elected to carry traditional insurance coverage.

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; and natural disasters. The Board has insurance for its building and contents through an insurance company. The insurance company provides coverage up to \$59,521,587.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 7 RISK MANAGEMENT (continued)

Errors and omissions insurance is purchased from the premiums and purchases commercial insurance for the amount of coverage requested by pool participants. The Board purchases commercial insurance for fidelity bonds and vehicle fleet. Settled claims in the past year have not exceeded the amounts of commercial insurance coverage.

Employee health insurance is provided through the Public Education Employees' Health Insurance Fund (PEEHIF), a public entity risk pool, administered by the Public Education Employees' Health Insurance Board. The fund was established to provide a uniform plan of health insurance for current and retired employees of state educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are set annually by the Alabama Legislature based on the amounts necessary to fund coverage. The Board contributes the specified monthly amount to the PEEHIF for each employee.

The State Board of Adjustments is a state agency with which people can file against the Board to collect reimbursement for damages when all other means have been exhausted. The Board does not have insurance coverage for job-related injuries. Employees may, however, file claims for job-related injuries with the State Board of Adjustments. The Board of Adjustments determines if a claim is valid and determines the proper amount of compensation. Payments are made from state appropriated funds at no cost to the Board.

NOTE 8 DEFINED BENEFIT PENSION PLAN

Plan Description

The Board contributes to the Teachers' Retirement System of Alabama (TRS), a cost-sharing multiple-employer public employee retirement plan for the various state-supported educational agencies and institutions. The TRS was established as of September 15, 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after 10 years of creditable service. TRS members who retire after age 60 with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 8 DEFINED BENEFIT PENSION PLAN (continued)

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits are calculated and paid to the beneficiary based on the members' age, service credit, employment status and eligibility for retirement.

Contributions

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers and firefighters are required by statute to contribute 8.50% of earnable compensation.

Tier 2 covered members of the TRS contribute 6% of earnable compensation to the TRS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 7% of earnable compensation.

Participating employers' contractually required contribution rate for the year ended September 30, 2015 was 11.94% of annual pay for Tier 1 members and 10.84% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Board were \$652,598 for the fiscal year ended September 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2015, the System reported a liability of \$9,019,000 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2015 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2013.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 8 DEFINED BENEFIT PENSION PLAN (continued)

The Board's proportion of the collective net pension liability was based on the employers' shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2015, the Board's proportion was 0.086181%, which was an decrease of 0.000143% from its proportion measured as of September 30, 2014.

For the year ended September 30, 2016, the Board recognized pension expense of \$652,347. At September 30, 2016, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 49,000
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	591,000	-
Changes in proportion and differences between Employer contributions and proportionate share of contributions	428,000	113,000
Employer contributions subsequent to the measurement date	<u>652,347</u>	<u>-</u>
Total	<u>\$ 1,671,347</u>	<u>\$ 162,000</u>

\$652,347 reported as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30:	
2017	\$ 202,000
2018	202,000
2019	202,000
2020	257,000
2021	(6,000)
Thereafter	-

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 8 DEFINED BENEFIT PENSION PLAN (continued)

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of September 30, 2013 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Investment rate of return*	8.00%
Projected salary increases	3.5%-8.25%

*Net of pension plan investment expense

The actuarial assumptions used in the actuarial valuation as of September 30, 2014, were based on the results of an investigation of the economic and demographic experience for the TRS based upon participant data as of September 30, 2010. The Board of Control accepted and approved these changes on January 27, 2012, which became effective at the beginning of fiscal year 2012.

Mortality rates for TRS were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA projected to 2015 and set back one year for females.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	Target Allocation	Long-Term Expected Rate of Return
Fixed Income	25.00%	5.00%
U.S. Large Stocks	34.00%	9.00%
U.S. Mid Stocks	8.00%	12.00%
U.S. Small Stocks	3.00%	15.00%
International Developed Market Stocks	15.00%	11.00%
International Emerging Market Stocks	3.00%	16.00%
Real Estate	10.00%	7.50%
Cash	2.00%	1.50%
Total	100.00%	

*Includes assumed rate of inflation of 2.50%

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 8 DEFINED BENEFIT PENSION PLAN (continued)

Discount Rate

The discount rate used to measure the total pension liability was 8%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Board's proportionate share of the net pension liability calculated using the discount rate of 8%, as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (7%) or 1-percentage point higher (9%) than the current rate:

	<u>1% Decrease</u> <u>(7.00%)</u>	<u>Current Rate</u> <u>(8.00%)</u>	<u>1% Increase</u> <u>(9.00%)</u>
Board's proportionate share of collective net pension liability	\$ 11,932,000	\$ 9,019,000	\$ 6,549,000

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2015. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2015. The auditor's report dated January 15, 2016, on the total pension liability, total deferred outflows of resources, total deferred inflows of resources, total pension expense for the sum of all participating entities as of September 30, 2014, along with supporting schedules is also available. The additional financial actuarial information is available at www.rsa-al.gov.

NOTE 9 CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditure which may be disallowed by the grantor cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

**SATSUMA CITY BOARD OF EDUCATION
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2016**

NOTE 1 BUDGETS AND BUDGETARY ACCOUNTING

On or before October 1 of each year, the Board is required to prepare and submit to the state superintendent of education the annual budget to be adopted by the Board. Neither the superintendent of education nor the Board can approve any budget for operations of the school system for a fiscal year which shows expenditures in excess of income estimated to be available plus any balances on hand. The superintendent, with the approval of the Board, has the authority to make changes within the approved budget provided that a deficit is not incurred by such changes.

Final budgeted amounts were adopted by the Board on August 15, 2016.

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general and special revenue funds. All annual appropriations lapse at fiscal year end. Project-length financial plans are adopted for all capital project funds.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Members of the Board
Satsuma City Board of Education
Satsuma, Alabama

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Satsuma City Board of Education as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise Satsuma City Board of Education's basic financial statements, and have issued our report thereon dated April 13, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Satsuma City Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Satsuma City Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of Satsuma City Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Satsuma City Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Restriction on Use

This report is intended solely for the information and use of management, members of the board, others within the entity, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Members of the Board
Satsuma City Board of Education
Satsuma, Alabama

Report on Compliance for Each Major Federal Program

We have audited Satsuma City Board of Education's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Satsuma City Board of Education's major federal programs for the year ended September 30, 2016. Satsuma City Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Satsuma City Board of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Saraland Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Satsuma City Board of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, Satsuma City Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2016.

Report on Internal Control over Compliance

Management of Satsuma City Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Satsuma City Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Satsuma City Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

N.A. = Not Available or Not Applicable

**SATSUMA CITY BOARD OF EDUCATION
NOTE TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
SEPTEMBER 30, 2016**

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Schedule of Expenditures of Federal Awards is presented based on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A one-year availability period is used for revenue recognition for all governmental fund revenues. Expenditures are recorded when the related liability is incurred.

SATSUMA CITY BOARD OF EDUCATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
SEPTEMBER 30, 2016

SECTION 1 - SUMMARY OF AUDITORS' RESULTS:

Financial Statements

Type of opinion issued:	<u>Unmodified</u>		
Internal control over financial reporting:			
Material weakness(es) identified?	<u> </u> Yes	<u> X </u> No	
Significant deficiency(ies) identified?	<u> </u> Yes	<u> X </u> None Reported	
Noncompliance material to financial statements noted?	<u> </u> Yes	<u> X </u> No	

Federal Awards

Type of auditors' report issued on compliance of major programs:	<u>Unmodified</u>
