Davison Community Schools
Building Beat

Today is last day to register for Intersession

The deadline to register for Intersession I is today. Space exploration is the theme at the K-8th grade levels. Students in grades 9-12 have a pick of familiar offerings like MHSAA officials' certification, SAT prep, art murals and community service projects. For more information or to register, go to: https://dcer.davisonschools.org/CourseActivities.aspx?id=21&cat=3

Mobile dentists coming to Davison Community Schools

Davison Community Schools is pleased to announce that Smile Programs, a mobile dentist program, will once again be visiting many of our school buildings this year.

The mobile dentist will be visiting the following school buildings on the dates listed below. If you would like your child to be seen by the dentist, you can register at https://www.myschooldentist.com/Default.aspx by typing in your ZIP code and then selecting your student's school building. You can also complete a form that will be available at your student's school.

Davison High	December 5
Davison Alternative	December 5
Davison Middle	December 5
Hahn Intermediate	November 29
Central Elementary	November 16
Gates Elementary	October 21
Siple Elementary	October 7
Thomson Elementary	October 17

This program is intended to provide an additional resource for students in need of dental care. If a child already has a dentist, it is recommended they stay with that dentist. We are seeking to help children in need, who do not see a dentist regularly so they can be provided with the care they need and deserve. The Smiles program is a Medicaid provider for ages 1-18, which means all services are covered 100 percent and the company bills Medicaid directly. Children with no insurance will receive a free cleaning, screening and fluoride. Smiles Program will consider treating students with private insurance and offer donated care upon request.

Smile Programs mobile dentistry uses the latest technology in portable equipment, bringing dental services directly to your student's school. A licensed dentist, hygienist and assistant will set up a mini dental clinic in the school and they will provide a comprehensive dental exam. Comprehensive

care includes a complete exam, X-rays, cleaning, fluoride, sealants, fillings, baby tooth extractions, pulpotomy and stainless steel crowns. Work is billed through insurance for services rendered.

In addition, Smile Programs will work with the health department and local dentists to provide referrals of children who need additional dental care beyond what can be done in a school setting as well as share digital X-rays. To view the list of participating dentists, please go to www.mobiledentists.com, scroll to parents, then to referral dentists and select Michigan.

FAFSA Night set for Thursday, October 6, at Davison High School

Davison High School will host its annual Free Application for Federal Student Aid (FAFSA) night next Thursday, October 6, 2022. The program begins at 6 p.m. in the auditorium and will move to the media center at 6:30 p.m. to guide parents and students as they complete the application.

FAFSA provides more than $150 billion in grants, loans and work-study funds each year but you have to complete the FAFSA to see if you can get any of that money!

It is highly recommended that parents fill out the Free Application for Federal Student Aid (FAFSA) for their college-bound student EACH year even if they don't think their son or daughter qualifies for financial aid. Why? Because even if you don't qualify, colleges and universities use the information to help determine whether students qualify for other kinds of financial aid.

Key Club collects cans to benefit Food Bank recipients

Davison High School Key Club members held their annual event "Cops and Cans" event last weekend to raise money for the Eastern Michigan Food Bank on Saturday. Students, Club Sponsor and DHS Teacher Mrs. Mary Ann Stedry and School Safety Officer Kevin Roberts collected $392.40 in returnables to donate a total of 622 pounds of food. The First United Church of Flint, associated with the Eastern Michigan Food Bank, was the recipient of the Club's bountiful collection.

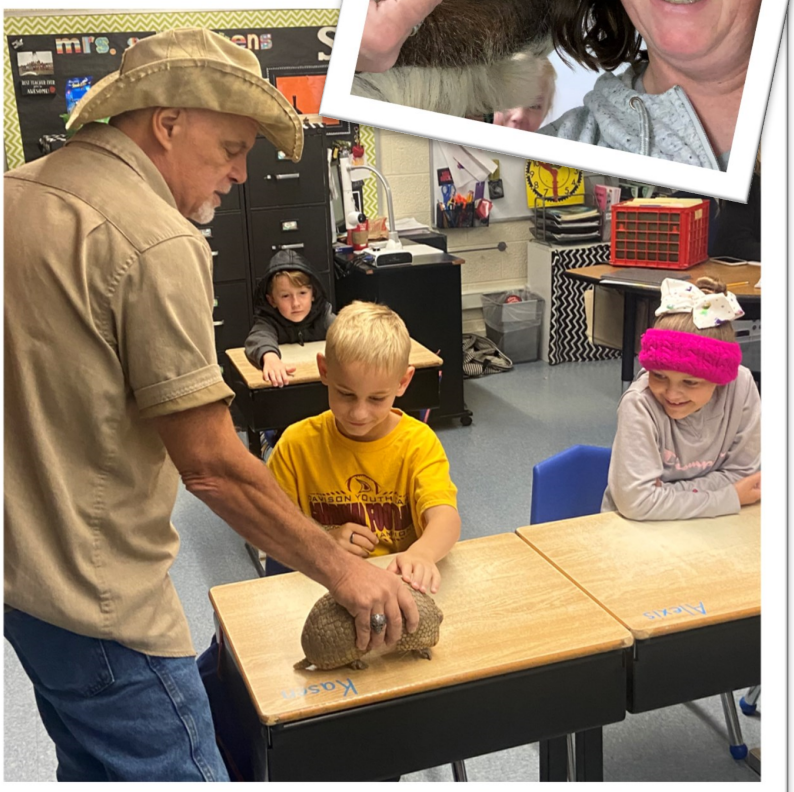

Science Alive

Hill Elementary students got an up close and personal experience as they learned about several animals this week thanks to a visit by Science Alive Michigan.

Welcome new Cardinals

This year Davison High School has welcomed more than 50 new students from six different countries, five different states and many different cities from around Michigan. The Cardinal Ambassadors hosted a New Student Breakfast in early September to welcome the new students.
