# Sherborn Extended Day Parent Handbook

**PLEASE READ THIS HANDBOOK CAREFULLY, AS IT INVOLVES YOUR CHILD(REN)'S AFTER SCHOOL ACCOMODATIONS.**

## **MISSION STATEMENT**

Extended Day is dedicated to building each child's self esteem and to helping each child gain the social skills necessary for developing positive peer relationships and a positive self-image.

All Extended Day activities are designed to reflect this philosophy. Extended Day activities will be process, not product oriented. Extended Day activities will challenge each child to explore, discover, create, and grow. Time to develop new interests is balanced with time to practice social skills while relaxing and playing with friends. To insure that every student has a successful program experience, the teacher/student ratio is low and the teachers are experienced and caring.

## **PROGRAM PHILOSOPHY**

The Extended Day Program strives to provide your child with an environment with in which he/she can safely explore, discover, create, and grow. Children are supervised at all times while participating in program activities to ensure the health and safety of each child. The Extended Day staff recognizes the uniqueness and importance of each child and strives to create experiences wherein each child can learn to make choices, discover new pastimes, and explore new ideas in an environment that is safe, supportive, and creative. We are committed to doing our best to develop a safe and equitable program for all students.

The Community Education Office is located on the Regional School Campus. All correspondence/mail should be sent to 157 Farm St., Dover, MA 02030.

**OUR FEDERAL TAX ID NUMBER IS: E042303668**

**EXTENDED DAY'S AFTER SCHOOL PROGRAM:** K-5 Mon-Fri from school dismissal – 6:00PM. There are 2 pick up options offered at Extended Day, 5:15PM or 6:00PM..

## STUDENT ELIGIBILITY

The Extended Day Program is operated under the auspices of the Dover Sherborn Regional Public Schools. Extended Day maintains a nondiscriminatory policy with respect to staff and enrollment. The Program is open to all children enrolled in the Sherborn Public Schools (Grades K-5) without regard to race, creed, religion, or national origin. Tuition scholarships are available for qualifying families who might otherwise not be able to afford the tuition, with proper documentation and prior approval.

**MINIMUM ENROLLMENT COMMITMENT:** A minimum ongoing commitment of three days per week is required. In the event that registrations exceed our projected staffing and space requirements we will give priority to families based on the number of days required. 5 days first, 4 days, then 3 days. A waiting list will be established once we have reached program capacity in relation to the DESE child care guidelines and staffing. Students accepted into the program for 5 days will not be able to drop days until January 1st of the following year effective February 1st due to staffing ratios.

## SUPERVISORY STAFF

Children are supervised at all times while participating in program activities to ensure the health and safety of each child. The Extended Day Program includes one Director, one Group Leader for each group and Assistant Teachers to assist groups and meet the child-teacher ratio. The child-teacher ratio is determined by the Director to best serve the needs of the children. You may also observe high school students. At the program high school students are always under the direct supervision of a teacher, and are considered an extra pair of hands.

## CURRICULUM PHILOSOPHY

Curriculum at Extended Day is designed to create an environment in which students will improve their social competencies. The themes, clubs, and activities facilitated by the Extended Day staff are not merely ways to pass the time in the afternoon. They are vehicles through which the Extended Day staff help the students to develop social values and to practice character skills. The learning facilitated at Extended Day is based on three foundation stones: self-respect, respect for others and respect for things and the environment. All Extended Day projects and activities are built upon these three foundation stones and are designed to incorporate the following positive expectations:

At Extended Day, we encourage positive self-esteem. Staff supports this expectation by discouraging competition or comparisons among students; by encouraging students in their exploration of new skills; by emphasizing student's strengths not their weaknesses; by encouraging students to build upon their own skills rather than competing with others.

- At Extended Day, we encourage respect for all people and living things, respect for our environment, and respect for one another. Staff supports this expectation by making sure that the activities that they plan are well grounded on the three foundation stones of respect (see above).
- At Extended Day, we encourage the development of social skills and life skills. Staff supports this expectation by using their activities as tools through which they teach social skills and life skills according to the goals set by the program.
- At Extended Day, we build a sense of community. Staff supports this expectation by implementing activities that encourage teamwork, cooperation, and community. Staff also supports this expectation by treating each child as a valued member of the Extended Day community, by finding ways to encourage students to be a part of their community, and by building links to the community.
- At Extended Day, we encourage students to learn to make choices. Staff supports this expectation by presenting students with real choices whenever possible and by helping them to learn to evaluate the choices presented to them and make appropriate decisions. Staff supports this expectation when helping students schedule their day (where appropriate) and in behavior management.
- At Extended Day, we encourage students to take responsibility for their actions. Staff supports this expectation by making sure that the consequences for miss-action are appropriate, timely, and known in advance. Staff supports this expectation by assuring that each student in their group is aware of the behavioral expectations for each activity and area in advance and the consequences for breaking them. Note: intervention is intended to be a learning experience for the child. The teacher's job is to teach the child to stop and think, to make appropriate choices, and to take responsibility for his/her actions.
- At Extended Day, we encourage students to learn to plan their own time. Staff supports this expectation by helping students to make reasonable and appropriate activity choices. Staff also supports this expectation by being aware of students who are "stuck in a rut", having trouble feeling comfortable in the environment, or whose behavior shows that they are having trouble making positive activity choices. These students may need encouragement, redirection, and/or help assessing available activities.

## EARLY RELEASE DAYS, PICK UP & AFTER SCHOOL ACTIVITIES

**Early release Wednesdays:** The children arrive at the end of the school day (11:15AM) and eat lunch at Extended Day. The kitchen is closed. **You must send in a bag lunch and drink.** We have a large group, so we are not able to warm up lunches or cut up food/fruit for children. Please notify the Director if your child has any dietary restrictions.

**Pick-up Policies:** It is our policy to release children to custodial parents and/or guardians. Children will only be released to other persons **if, and only if, we have received prior, verifiable, notification from you.** It is important that you notify us every time someone (other than the people listed on your registration form) will be picking up your child. If a person picking up your child is **not** on your authorization form, you may notify us by phone (expect us to call back to confirm the phone call, if we are not familiar with your voice). **Anyone picking up your child with whom the teachers are not familiar with will be asked to show a picture ID (this includes parents).**

**Picking up children at the end of the day:** Parents must pick up their children by 5:15PM/6:00PM. Depending on which pick up time you have registered for. If you know you are going to be late, please call Extended Day at 508-651-2771.

**After School Activities:** If your child has an after school activity on school property, please let Extended Day know *before* the first class. For 2:15PM activities, your child will check in with Extended Day first, *before* going to the activity. **Please note:** If your child has an activity that is not on school property, (Jameson Field), (Sherborn Tennis Courts) we are **not allowed** to leave the program to walk them or pick them up from the activity. Please make prior arrangements for your child to get to and from the offsite activity.

## VACATIONS, HOLIDAYS, SNOW DAYS, EARLY CLOSING AND DELAYED OPENINGS

**Vacations, Holidays, Snow Days:** Extended Day is not open on legal holidays, school holidays, school vacation weeks or when schools are closed due to inclement weather.

**If school is dismissed early due to inclement weather:** Extended Day will be cancelled and children will go home on their regular bus with the other students. You will receive a *reverse 911 call* from the Superintendent, informing you of the dismissal of school and the cancellation of Extended Day (please ensure your phone numbers are up-to-date). **YOU WILL NOT receive a call from Extended Day.**

**If school is in session FOR THE FULL DAY, but afternoon activities, including Extended Day, are cancelled by the Superintendent, due to weather or other emergencies:** Ideally your child will be sent home on the bus. The primary contact **WILL** receive a call/email from Extended Day verifying that your child will go home on the bus. If we are unable to reach a family member or emergency contact we will keep your child at extended day. During these few cancellations please make every effort to pick up your child (ren) ASAP as our staff also needs to return home safely.

**If weather conditions deteriorate after the regular school day:** Extended Day will email/call the primary contact parent to pick up their child(ren) as soon as possible. If we cannot reach you or your spouse, we will call your emergency contacts. Please make certain the people listed on your emergency contact form are people who can be easily reached and readily available to pick up your child on short notice (within a half hour, if possible). Having an emergency plan in place eases the tension for everyone, especially your child.

**NOTE:** Please help us by calling if you have an unavoidable emergency by providing responsible close by contacts on your Emergency Contact Sheet.

## ABSENCE, ILLNESS, MEDICATION AND ALLERGIES

**ABSENCES:** It is a parent's responsibility to notify us any day your child will not be attending Extended Day. This is *especially important* if your child was in school, but will not be attending the program. Extended Day has an answering machine to record your message at your convenience. **Please call Extended Day at 781-467-9558 before 12:30PM (9:30AM on Early Release Wed).** Failure to call will result in a \$10.00 Funder's Fee charged to your account. Please do not assume that because you notified your child's teacher or the school office of your child's absence or change in plans on their scheduled day that we will also be notified.

**ILLNESS:** The safety and health of all children is our primary responsibility. The Extended Day Program abides by the same health rules as Pine Hill School, regarding dismissal from school because of illness. If your child is sent home sick during the regular school day, he/she may not return to the Extended Day Program that same day. If your child becomes ill during Extended Day, we request that parents take the responsibility of providing transportation home or having a nearby emergency contact available to provide transportation, as soon as possible. The school nurse will be notified if your child is ill and sent home during Extended Day. The school rules also apply for sick children returning to Extended Day.

If your child:

- Is diagnosed with a communicable disease (strep, conjunctivitis. etc.), he/she must stay home until he/she is no longer contagious.
- Has a persistent cough or cold symptoms he/she must be able to fully participate in Extended Day without disrupting him/herself or other children and must be fever free.
- Has a fever, he/she must be fever free for 24 hours without having taken a fever-reducing drug.
- Has vomiting and/or diarrhea, he/she must be symptom free and able to hold down liquids and food for at least 24 hours before re-turning to Extended Day.

**Medication:** It is imperative that parents inform us **in writing**, regarding any allergies or medical conditions. If your child is on medication, you should arrange with the school nurse to provide the child's treatment *before* he/she comes to Extended Day. The school nurse is not on duty during Extended Day hours. Employees of Extended Day are *not authorized* to administer medication (including inhalers), with the exception of Epi-pens. If your child uses an Epi-pen, you must provide one in the *original package* with your child's name on it, to Extended Day, along with written permission to administer it from your child's physician. Parent authorization must be updated every year. **Your child may not attend Extended Day until we receive an Epi-pen.**

**Allergies, Special Needs, Diet Restrictions, and Existing Medical Problems:**

If your child has an allergy, dietary restriction, or an existing medical problem, it is essential that we have all of the details in writing. If your child is on medication for an existing medical condition, please list the medication and the symptoms of any possible side effects. Please do this even if your child is not on the medication while at Extended Day. Please provide this information on the appropriate portion of the medical information form (page 2). If you need additional space, please attach a separate piece of paper. Please also use this section to note any conditions, fears, or special concerns that might limit your child's ability to fully take part in Extended Day activities or which might need special support or consideration from the staff.

**Special Note:** Please be assured that supplying this information will not in any way cause your child to be singled out, separated from the group, or treated noticeably differently. Quite the opposite, as this information is necessary in order to assure that every staff person has at his/her disposal the necessary information to assure that your child can be treated with sensitivity to his/her individual needs and can experience success as a part of the group in every situation. When ever possible we will adapt the schedule, snacks, activities etc. in order to meet the special needs of your child with out separating him/her from the group.

**EMERGENCY MEDICAL PROCEDURES**

Please be sure to fill out the emergency medical information (pg. 2 of the registration form) and release in the registration packet, in order that we may best care for your child should a medical emergency arise while he/she is attending Extended Day. When filling out the form, please indicate any special circumstances we might need to know if transportation is necessary for your child. For example, if your insurance requires you to use a specific local hospital or if your child requires any special equipment on the ambulance for a pre-existing condition.

**BEHAVIOR MANAGEMENT**

**Purpose:** At Extended Day we understand that children do not come equipped with the skills necessary to be able to handle their emotions and control their behavior in difficult or frustrating situations. We understand that it is not enough to tell a child to calm down or control him/herself; he/she needs know how to calm down, how to regain control. The purpose of behavior management at Extended Day is to assist the child in acquiring the skills they need for self-control and successful conflict resolution. A child who is in control of him/herself and able to function positively in a group will have a higher sense of self-esteem. All staff are trained in consistent and positive behavior management techniques.

We cannot, however, allow any child to disrupt the program to the extent that he/she is putting other children in the program in jeopardy by requiring constant one-on-one attention; inflicting physical or emotional harm to other children or staff; creating situations dangerous to him/herself or to others; or repeatedly unable to conform to the rules and guidelines of the program, as established by the Director. When a situation develops where-in the child is unable to control his/her aggressive behavior, or is non-compliant and is putting the safety of other children, the staff or him/herself in jeopardy; it is our policy that the Director will call the parents and ask that the child go home for the rest of the day. This is not a punishment; we have found that this is in the best interest of the child and the rest of the students.

If the behavior is on-going or appears to be developing a pattern, the Director shall set up a meeting with the child's parent(s) to work out a resolution or behavior plan. Once a parent is notified of the need for such a meeting, he/she shall agree to make an appointment with the Director at a mutually convenient time within one week of being notified. At this meeting the Director, and the parent(s) will work together to develop a plan to help the child to learn the necessary behavior skills. This plan will include parameters for keeping the other children and staff safe, including at what point and in what circumstances the parent will be called to take the child home. School personnel may be consulted in order to assure that the plan is consistent with the child's school day expectations.

If, after implementation of the behavior plan and further consultation with the parent, the problems cannot be satisfactorily resolved, the Director shall seriously review the specific needs of the child and come to a decision as to whether the Extended Day Program is the best possible alternative to meet the child's needs. If the Director and parent feel that the child would benefit from additional services or support, the Director will provide the necessary referrals.

**Please note:** The use of verbal and/or written threats and/or gestures, fighting/physical contact, unwanted touching and bullying are against the principles of Extended Day and will result in serious consequences. The Extended Day Director is responsible for determining the appropriate consequence of such instances.

**Parent visits and volunteering:** The staff of Extended Day encourages an open line of communication with parents. We encourage you to visit the site and/or take some time when you pick up your child to share his/her experience. If you have a talent, skill, or hobby that you would like to share please contact the Director and we will be happy to arrange a time. Reminder: All volunteers in the school system MUST have a CORI (Criminal Record Inquiry) check. If you wish to volunteer you must be CORI-ed first. Processing a CORI can take time so plan in advance. If you have been CORI-ed by the school, please ask the principal to send us verification.

**Referrals:** If you need referrals to medical, mental health, or social services for your child, the Director will make every effort to provide them.

**Parent Conferences:** If during the school year you have any problems questions or concerns, the Director will be happy to schedule a conference at a mutually convenient time.

**Information Exchange:** The Extended Day staff wants you to know what happens in your child's day at the program. It would help us if you would inform us of any occurrences at home or school which might affect your child's Extended Day experience (i.e. the death of a pet, a new sibling, an injury or illness to a relative or friend, etc.)

We feel that communication with your child's classroom teacher, the school nurse and/or specialist can help us provide stability to your child. In addition, the Extended Day staff can provide you and/or your child's classroom teacher with insight as to how your child relates in the less structured, more social atmosphere of Extended Day. At your request we would be happy to meet with you and/or your child's teacher or specialist to discuss these observations. **All personal information about your child/family will be kept strictly confidential.**

**Messages and notices:** Please check your emails for important notices and program information. This is especially important regarding no school days and potential inclement weather situations.

**Donations:** Extended Day is always grateful for gently used books, extra fabric, yarn, etc. Check with the Extended Day staff to see if we have any specific needs. In addition, parents sometimes ask how their child might contribute to the program. A present for the program, selected by the child, and given in celebration of his/her birthday or another special occasion, makes a special addition to our library, game selection, sewing corner, etc.

**Snacks:** The Extended Day Program provides a light snack in the afternoon. We follow the State and Federal Approved Foods Guideline and do our best to choose nutritional snacks from the State approved foods list. If your child has a food allergy, please provide a snack from home for your child. This is for the safety of your child.

**Appropriate Clothing:** Please assure that your child has clothing appropriate for the season and the activities that he/she may be involved in. Some of the crafts and activities that children engage in at Extended Day tend to be messy. It is easier for your child if you send him/her in clothes he/she does not have to worry about (or send play clothes with your child that he/she can change into). Children will not be allowed to play in the snow unless they have boots and either snow pants or a change of clothing. Clothing should be clearly labeled.
