

## CAREER EDUCATION OPPORTUNITY (CEO)

**Credit: 1/2**  
**Elective: 12<sup>th</sup> Grade**  
**Semester Course**

The CEO program is offered to seniors as an elective course where students are released during the school day and partnered with either a teacher to provide educational experiences or local businesses which will provide internships, apprenticeships, or other business opportunities. Students have the opportunity to learn the skill sets that are necessary for a specific career and learn the soft skills necessary in the work force. Students will complete the course knowing the type of post-secondary education/training required in their career field. Provided all three parties are in agreement (***Business/Agency, Student, & the School***), the student will continue to report to his/her respective professional placement.
