

COMMUNITY INFORMATION BULLETIN

SUMMARY OF FALL 2023 RESULTS

The District's goal is to ensure that **all students** are provided with schools that are **safe, positive** and have an **environment that is conducive to learning**. The District is committed to non-discrimination in discipline practices and treating all students **fairly and equitably**.

As required by the stipulated agreement with the Department of Justice, the OUHSD is required to provide a twice yearly community information bulletin that shares data and updates on how the District is improving its discipline policies, procedures, and practices, the terms and implementation of substantive provisions in the Judgment.

Because this document is lengthy and includes a large amount of data that is required by the Department of Justice, we would like to provide a brief summary highlighting the District's progress. The full Fall 2023 Community Information Bulletin can be accessed by scanning the QR code below, or visiting: <https://bit.ly/OUHSDBulletin>. The full report also includes an overview on restorative practices.
