The arbitrator shall be selected from a list provided by either the Federal Mediation and Conciliation Service (FMCS) or the American Arbitration Association (AAA). The arbitrator's decision will be in writing and will set forth their findings of fact, reasoning, and conclusion on the issues submitted to them. The decision of the arbitrator shall be final and binding upon the employer, the Association and the affected employee(s). Fees and expenses of the arbitration will be borne equally by both parties.

B. Jurisdiction of the Arbitrator

1. The arbitrator shall decide all substantive and procedural arbitrability issues arising under this agreement.

D. The Evaluation Process

1. eVal is the electronic evaluation tool that will be used in the evaluation process.
2. New teachers to the district and teachers returning to a comprehensive evaluation following one or more focused evaluations shall complete a teacher self-assessment prior to the goal-setting conference, which shall be shared verbally. The self-assessment should be completed by October 1.
3. The teacher and principal shall meet to complete a goals summary by October 15.
4. The teacher is encouraged to actively participate in the evaluation process through presentation of potential evidence of proficiency throughout the year.
 - a. Artifacts shall mean any products generated, developed or used by a certificated teacher.
 - b. Evidence shall mean examples or observable practices of the teacher's ability and skill in relation to the instructional framework rubric.
5. Observations during the year shall include the entire observation cycle of a pre-observation/planning conference, a classroom observation, and a post-observation conference. The post-observation conference should include discussion of the pre-observation plan as well as observed evidence.
6. The teacher and principal shall hold a pre-summative rating conference approximately two weeks prior to the final summative evaluation to discuss the following:

- a. The teachers self-rating on all components;

 - c. Any additional evidence the teacher would like the principal to consider before making a final summative rating.
7. The final summative evaluation report shall be completed by June 1. Following the completion of each evaluation report required above, the employee may request a meeting with the principal or other administrator to discuss the report.

E. Professional Development

1. Prior to being evaluated the District shall provide professional development relevant to the framework and evaluation process. Each teacher shall receive professional development to understand the framework and evaluation process. Such professional development shall be provided as follows:
 - a. Each employee within fifteen (15) days of employment or within fifteen (15) days from commencement of the school year, whichever is later, shall be given a copy of the evaluation criteria, procedures, and any relevant forms or information appropriate to the teacher's position and track in the evaluation cycle.
 - b. All classroom teachers both provisional and continuing shall be expected to participate in District-provided evaluation training that occurs during the contracted workday. Any training outside of the regular workday will be compensated at the non-instructional/curriculum development rate agreed to by the District and the Association. Such training shall be designed to provide the staff with the skills necessary to participate in the evaluation system.

F. Evaluation Criteria

1. The evaluative criteria must contain as a minimum the criteria established by the Office of Superintendent of Public Instruction. These criteria shall be revised upon any revisions made by OSPI. The minimum criteria shall include:
 - a. Centering instruction on high expectations for student achievement;
 - b. Demonstrating effective teaching practices;
 - c. Recognizing individual student learning needs and developing strategies to address those needs;
 - d. Providing clear and intentional focus on subject matter content and curriculum;
 - e. Fostering and managing a safe, positive learning environment;

- f. Using multiple student data elements to modify instruction and improve student learning;
 - g. Communicating and collaborating with parents and the school community; and
 - h. Exhibiting collaborative and collegial practices focused on improving instruction practice and student learning.
2. Classroom teachers shall be evaluated using the Danielson Framework for Teachers, as modified and approved by the Office of Superintendent of Public Instruction (OSPI).
3. A four-level rating system shall be used to evaluate the certified classroom teacher. The summative performance ratings shall be as follows:

 - Level 1 - Unsatisfactory
 - Level 2 - Basic
 - Level 3 - Proficient
 - Level 4 - Distinguished
4. The Superintendent of Public Instruction may amend/revise these ratings, and the revised ratings shall be adopted by the District. The District will meet and confer with the Association prior to implementation.
5. A classroom teacher shall receive one of four summative performance ratings for each of the minimum criteria and one of the four summative performance ratings for the evaluation as a whole, which shall be the comprehensive summative evaluation performance rating.
6. The parties have agreed to the adopted evidence-based instructional framework developed by Charlotte Danielson and approved by OSPI.
7. The teacher will be reevaluated in each criterion, plus student growth criteria embedded in the instructional framework. The teacher is encouraged to provide evidence and/or artifact of any component during the school year using the eVal system.

G. Criterion Performance Scoring

1. Each rating will be assigned following numeric values:

 - Unsatisfactory - 1
 - Basic - 2
 - Proficient - 3
 - Distinguished - 4
2. When there are two (2) components to a criterion, the average of the two scores will be the final criterion score.

3. When a final criterion score includes a fractional number (for example 2.3), all scores with a fractional below 0.5 will be rounded down, and all fractional scores 0.5 or above will be rounded up.

H. Summative Performance Rating

1. All classroom teachers shall receive a summative performance rating for each of the eight (8) state evaluation criteria. The overall summative scores shall be determined by totaling the eight (8) criterion- level scores as follows:

8-14 points - Unsatisfactory
15-21 points - Basic
22-28 points - Proficient
29-32 points – Distinguished

I. Student Growth Data

1. Student growth data must be a substantial factor in evaluating the summative performance of certificated classroom teachers for at least three of the evaluation criteria as directed, required, and defined by the Office of Superintendent of Public Instruction.
2. It is the intent of this section to describe a process where the evaluator and teacher agree on the criteria to be used to measure student growth. Evaluators should encourage teachers to identify the types of student growth data that are appropriate and relevant to their classroom/assignment and subject matter.
3. "Student growth" means the change in student achievement between two points in time within the same school year.
4. Embedded in the instructional framework are five (5) components designed as student growth components. These components are embedded in criteria as:

Student Growth 3.1 and 3.2
Student Growth 6.1 and 3.2
Student Growth 8.1

5. An overall student growth score shall be generated for each teacher following the rules and procedures issued by OSPI and if they are revised by OSPI then, the District will adopt the revisions and meet with the Association to discuss implementation. The student growth ratings are "low", "average" or "high" as defined by OSPI. The evaluator shall add up the raw scores on these components and the employee shall be given a score of low, average or high based on the following scoring bands:

Low: 5-12
Average: 13-17
High: 18-20

6. The evaluator shall consult and agree with the teacher to identify student growth and achievement data that are relevant to the teacher(s) and subject matter that will be used in assessing the state required student growth components. Should the evaluator and teacher not agree a meeting for an attempt to reach agreement will be held including the superintendent, evaluator, teacher and an association representative.
7. The evaluator's determination of proficiency level ratings must be based on multiple measures that can include classroom-based, school-based, district-based and state-based tools as agreed. It may include teacher-initiated formal and informal assessments of student progress.
8. Student growth data elements may include the teacher's performance as a member of a grade-level, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate.
9. Student growth data elements may also include the teacher's performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate.
10. A classroom teacher with a preliminary summative evaluation rating Distinguished with a Low student growth rating will receive an overall Proficient summative rating.
11. A classroom teacher with a "Low Student Growth" rating will engage, with their evaluator, in a Student Growth Inquiry pursuant to the following:
 - a. Within two months of the certificated classroom teacher receiving a Low student growth score or at the beginning of the following school year, whichever is later, one or more of the following must be initiated by the evaluator in consultation with the teacher.
 - b. Examine student growth data in conjunction with other evidence including observation, artifacts and other student and teacher information based on appropriate classroom, school, district, and state-based tools and practices and/or;
 - c. Examine extenuating circumstance, which may include one or more of the following: goal-setting process; content and expectations; student attendance, extent to which curriculum, standards, and assessment are aligned and/or;
 - d. Schedule monthly conferences focused on improving student growth to include one or more of the following topics: student growth goal revision, refinement, and progress, best practices related to instructional areas in need of attention, best practices related to student growth data collection and interpretation and/or;
 - e. Create and implement a professional development plan to address student growth areas.

J. Observation Criteria

1. It shall be the responsibility of a principal/administrator to evaluate all classroom teachers in their school or program.
2. During each school year, all classroom teachers shall be observed for the purpose of evaluation at least twice in the performance of their assigned duties. At least one such observation must be for a period of thirty (30) minutes in an endorsed content area.
3. The total observation time for each teacher for each school year shall not be less than sixty (60) minutes.
4. A teacher in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three (3) times in the performance of their duties and the total observation time for the school year shall be not less than ninety (90) minutes.
5. Following each observation or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing and shall provide the teacher with a copy thereof within five (5) working days.
6. New teachers shall be observed at least once for a total observation time of thirty (30) minutes during the first ninety (90) calendar days of their employment period.

K. Observation Procedures

1. Principals and other administrators may make observations at any time during the school year, all of which observations shall be identified and included in the evaluation report. Within five (5) days upon completion of each classroom observation, the employee shall be given a written report or checklist of the observation. A meeting may be held between the principal or other administrator and the employee to discuss the report at the request of either the employee or the principal/administrator.

L. Comprehensive Evaluation

1. Classroom teachers who are provisional employees under RCW 28A.405.220 will be evaluated by the comprehensive summative system.
2. Classroom teachers who are on probation under subsection (4) of section 28A.405.100 will be evaluated by the comprehensive summative system.
3. Classroom teachers who received a comprehensive summative evaluation performance rating of Level 1 or Level 2 in the previous school year will be evaluated by the comprehensive summative system.
4. A comprehensive evaluation must be completed once every four years for classroom teachers who are not on provisional status or on probation.
5. Classroom teachers will be observed according to the criteria in Section 10. All eight

teaching criteria must contribute to the overall summative evaluation.

6. The evaluation must include an assessment of the criteria using the Danielson Instructional Framework rubrics and the OSPI approved Student Growth rubrics.
 - a. The employee must be given the opportunity to attach written comments to their evaluation report.
 - b. Summative criterion scores must be determined by an analysis of evidence obtained through observation and artifacts.
 - c. Each classroom teacher shall have the opportunity for confidential conference with their immediate evaluator on no less than two occasions in each school year. The purpose of the conference will be to provide additional evidence by either the evaluator or the classroom teacher to aid in the assessment of the classroom teacher's professional performance against the instructional framework. The intent is for teachers to have the opportunity, if they choose, to provide more data to show student growth.
 - d. An overall summative score must be derived by a calculation of all summative criterion scores and use of the final four-level rating based on the OSPI summative scoring band.
 - e. The evaluator will combine only the student growth rubric scores to assess the certificated classroom teacher's student growth impact rating.
 - f. The student growth impact rating will be determined by the OSPI's student impact rating scoring band.
 - g. A Student Growth score of "1" in any of the rubric rows will result in an overall low Student Growth impact rating.
 - h. Evaluators must analyze the Student Growth score in light of the overall summative score and determine outcomes. (Student Growth Inquire - See Student Growth Rating in Section 9)

M. Focused Evaluation

1. The focused evaluation of classroom teachers must include at the minimum:
 - a. One of eight criteria for certificated classroom teachers must be assessed in every year that a comprehensive evaluation is not required.
 - b. The teacher's proposed criterion must be approved by the teacher's evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention. Teachers on focused evaluations shall have the option of selecting the professional growth activities

linked to that criterion. The evaluator shall either approve the proposed activities or suggest modifications to produce a jointly agreed upon activity or activities.

- c. The evaluation must be based on the criterion using the Danielson Instructional Framework rubrics and OSPI's approved Student Growth rubrics. More than one measure of Student Growth data must be used in scoring the Student Growth rubrics.
- d. The focused evaluation will include the Student Growth rubrics of the selected criterion. If Criterion 3, 6, or 8 are selected, evaluators will use those Student Growth rubrics. If Criterion 1, 2, 4, 5, or 7 are indicated, evaluators will use Criterion 3 or 6 Student Growth rubrics.
- e. A summative score is determined through the scoring of the instructional and Student Growth rubrics for the criterion selected.
- f. The employee must be given the opportunity to attach written comments to their evaluation report.
- g. Each classroom teacher shall have the opportunity for confidential conferences with their immediate evaluator on no less than two occasions in each school year. The purpose of the conference will be to provide additional evidence by either the evaluator or the classroom teacher to aid in the assessment of the classroom teacher's professional performance against the instructional framework.
- h. Teachers in a focused evaluation will have their summative cumulative score brought forward from the previous year. If the administrator believes that the student growth score is not accurate the teacher will be placed back on comprehensive evaluation.

N. Evaluation Procedures

1. The employee shall be provided with a copy of the evaluation report within three (3) days after such report is prepared.
2. The employee shall sign the School District's copy of the evaluation report to indicate that they have received a copy of the report. The signature of the employee does not, however, necessarily imply that the employee agrees with the contents of the evaluation report. The employee shall have the right to attach to the District's copy of the evaluation report a statement of response to the evaluation.
3. The final summative evaluation report shall be forwarded to the District's Personnel Office for filing in the employee's personnel file by June 10 of the school year.
4. Following the completion of each evaluation report required above, a meeting shall be held between the evaluator and the employee to discuss the report.

5. A teacher may be transferred from a focused evaluation to a comprehensive summative evaluation at the request of the teacher or at the direction of the teacher's evaluator. The request of the teacher must be received in writing no later than the last day of school. The direction of the evaluator must be communicated in writing based on concerns related to one of the evaluative criteria no later than the last day of school.

O. Probation

1. At any time after October 15, a non-provisional employee whose work is not judged satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement.
2. At their request the probationary employee may have a representative of the Association present at all meetings that the employee attends related to the probationary process. All written information shared with the employee shall also be given to the Association representative attending the meetings.
3. During the period of probation, the teacher may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for non-renewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment is contemplated by either the individual or the school district. (If a probationary teacher's evaluator is no longer with the District, the District and Association will meet to develop a plan of transition.)
4. A probation period of sixty (60) school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer's performance, as long as the probationary period is concluded before May 15 of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15 of less than Basic.
5. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in their areas of deficiency.
6. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval.
7. During the probationary period, the evaluator shall meet with the employee weekly to supervise and make a written evaluation of the progress, if any, made by the employee.
8. The evaluator may authorize one additional certified administrative employee to evaluate the probationer and to aid the employee in improving their areas of deficiency.
 - a. Should the evaluator not authorize such additional evaluator, the probationer

may request that an additional certified employee evaluator become part of the probationary process and this request must be implemented by including additional experienced evaluator assigned by the Educational Service District 113 selected from a list of evaluation specialists compiled by the Educational Service District.

- b. Such additional certified employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation.
9. If a procedural error occurs during the implementation of a program for improvement, the error does not invalidate the probationer's plan of improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance.
 10. The probationer must be removed from probation if they have demonstrated improvement to the satisfaction of the evaluator in those areas specifically detailed in their initial notice of deficiency and subsequently detailed in their program for improvement.
 11. Lack of necessary improvement during the established probationary period, addressed with specificity during the course of the weekly meetings, and documented in writing, shall serve as probable cause under RCW 28A.405.300 or 28A.405.210.

P. Notice of Discharge, Removal from Assignment

1. When a continuing contract employee with four (4) or more years of experience receives a comprehensive summative evaluation performance rating below Basic for two consecutive years, the school district shall, within ten (10) days of the completion of the second comprehensive summative evaluation or May 15, whichever occurs first, implement the employee notification of discharge as provided in RCW 28A.405.300.
2. Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and program for improvement, the employee may be removed from their assignment and placed into an alternative assignment for the remainder of the school year.
