

DUNKIRK CITY SCHOOL DISTRICT

2017 – 2018 APRIL – FINAL DRAFT

BUSINESS OFFICE – APRIL, 2017

Budget Challenges - Revised

- Revenue: NRG - The District anticipates additional revenue loss regarding the restructured PILOT agreement as follows:
 - Fiscal 2018 Pilot revenue of \$200,000 or less is anticipated, down from \$612,848 in 2017 on closing of the final generator. **Pilot Amendment preserves small revenue stream.**
 - NYS Mitigation/Transition Aid percent of loss incurred reduces to **70%** [from 80% in 2017] **[\$2,706,320 received in 2017]**[anticipated in NYS Budget for 2018 – change vs 65%].
 - Summary – 2018 estimates for NRG related revenue total **\$2,863,878** [down from \$3,327,002 in 2017 and \$4,005,540 in 2016].
 - Re-powering, if it occurs, would be 3 years out.
- Revenue: Tax Cap – Tax Levy Limit increase is 1.26%.
 - Falling PILOT revenue will increase the District’s ability to raise the tax levy beyond 1.26%. To maintain Local Share flat with 2017 would require an estimated 4.33% increase in the Tax Levy. **Filed with OSC intent NOT to Exceed Cap [8.75%]. Use increase in Mitigation Aid to reduce levy increase to 2.33%.**
- Revenue: **2018 NYS Budget now Final.**
 - **Foundation Aid increase of 6.03% or \$1,170,824.** [vs. Initial State Aid runs outlined by the Governor January 17, 2017 indicating a 1.8% [\$354,334] increase].
 - Expense driven aids such as Building, Transportation and Boces Aid, increased 10.06%, **but directly fund ongoing appropriations.**
 - Boces Capital Project aid of \$404,115 is included, as the appropriation has been re-characterized to meet NYS accounting guidance.
- **Reserves: Current budget plan Appropriates \$1,141,376 from Tax Certiorari and Retirement Reserves.**

Budget Challenges

- Appropriations: Payroll - The District has contractual arrangements calling for increases in the range of 2.25% to over 4.0%.
 - Initial Budget requests include the addition of 11 teaching positions and 11 support positions.
 - After review, proposing 5.0 net additions to teaching staff to support major subgroups - ENL and Special Education. Special Education offset placement out of District, which would incur significant added cost. Additions offset by reductions and available grant funds where appropriate. Support staff additions total 8.0, mostly teacher aides in support of anticipated Special Ed needs.
- Appropriations: Benefits - Healthcare Benefits increase has been set at 14.4%. This more than offsets falling Retirement System required payments. The increase reflects actual claim experience.
 - Payroll and Benefits remain the largest expense categories.
- Appropriations: Other contractual increases are anticipated, such as, utilities, BOCES services and transportation costs.
 - Electric and Gas rates have been at historical lows. It appears likely increases in instability in world politics combined with higher industrial demand will influence commodity costs upward.
- Appropriations: Boces services will expand through additional P-Tech [5], and Alternative Education slots [2]. Special Education remains a large component of Boces expenditures, and decisions regarding staffing/placement will directly impact final numbers. **Further, the Erie II Boces District Wide Capital project will increase the appropriations by \$536,708.**
- Appropriations: Transfer of \$100,000 to Capital Fund for replacement and repair of Middle School main steps under provision with NYSED for capital projects less than \$100,000, and next year 97% building aid reimbursement.
