DISCOVERY  
ZONE**

Premont Collegiate  
High School

## **Ignite Technical Institute Career and Technical Academy** at Falfurrias High School

The Ignite Technical Institute prepares students for college and careers with a focus in welding, construction, and electrical.

The NJROTC program and curriculum emphasizes citizenship and leadership development, as well maritime heritage.

## **Next Generation Medical Academy Health and Science Academy** at Freer High School

Next Generation Medical Academy (NGMA) prepares students for college and careers with a focus in health science such as a certified nurse assistant, patient care technician, or a licensed vocational or registered nurse.

## **STEM Discovery Zone STEM Academy** at Premont Collegiate High School

STEM (Science, Technology, Engineering, and Mathematics) Academy prepares students for college and careers with a focus in computer information technology, engineering, and oil and gas.

## **GROW YOUR OWN EDUCATOR ACADEMY** at Premont Collegiate High School

In partnership with Coastal Bend College, the Grown Your Own Academy provides students and opportunity to further learn about the education profession, including field experiences, shadowing, and dual credit opportunities.
