

Academic Achievement

Each student will meet or exceed targeted growth and proficiency using critical and creative thinking.

Each student will:

2.1 achieve targeted growth and proficiency in the following disciplines:

- ELA
- Mathematics
- Science
- Social Studies

2.2 demonstrate proficiency in all elective subjects according to their standards.

2.1 Mathematics

Superintendent Interpretation:

- **External assessments** include assessments with national norms that are administered within specified windows as a part of state requirements.
- **Proficiency** means meeting or exceeding the knowledge and skill requirements of the specified measure.
- **Grade level target** on the NWEA (MAP) assessment is considered 50th percentile or higher.
- **Proficiency** on the NDSA is considered performing at or above grade level.
- **Proficiency** in the standards means that students have demonstrated that they know, understand, and are able to apply knowledge and skills at the “proficient” level of district proficiency scales.
- **Proficiency** is defined as “College Ready” on the PreACT and ACT which is based upon the following percentiles and ACT cut scores. This score is an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework.
- **Cut Score** is the minimum score needed on the ACT per subject-area to indicate a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses.
- **Targeted growth** is the expected growth defined by national norms on a particular assessment. National data indicates that 50% of students typically meet their expected targeted growth.
- **Minimum requirements** include BPS graduation expectations for high school and core courses in K-12.
- **“n”** equals number of students.

Minimum Score On Track for College Readiness

Superintendent Indicators of Compliance:

Indicator 1: Students in grades 3-8 who are Advanced or Proficient on the NDSA Mathematics Section will meet or exceed the state performance.

Indicator 2: The district mean scores will meet or exceed the state mean score on the ACT in the area of Mathematics.

Indicator 3: Students in grades 2-8 will show continuous improvement toward, or attainment of, the identified target indicating percent of students **at grade level** on the NWEA (MAP) Mathematics Assessment.

Indicator 4: Students in grades 2-8 will show continuous improvement toward, or attainment of, the identified target indicating percent of students meeting their **expected targeted growth** on the NWEA (MAP) Mathematics Assessment.

Indicator 5: Each student in grades 2-8 will show continuous improvement toward, or attainment of, the identified growth target of all students categorized into subgroups on the NWEA (MAP) Mathematics Assessment.

Indicator 6: Students will show continuous improvement toward meeting the benchmark on the PreACT in the area of Mathematics.

Indicator 7: Each student in grades 2-8 will show continuous improvement toward, or attainment of, the identified target so that students reach a standards-based score of 2.5, or a letter grade of B in relation to Mathematics Standards.

Indicator 8: At least 50% of all students are participating in courses that promote college and career readiness specific to mathematics beyond minimum requirements.
