Mr.Jeske-

Spoke about parent teacher conferences. Decision was being made that PTO will not supply food for the conferences due to teachers each doing something different on the nights. Some will have face to face but others will still do via Google Meets. Instead we are going to put the money towards catering lunch for staff and teachers in May.

Let us know that all the classrooms now have new projector!! Pioneer is on top of technology!!

They are having an influx of students coming back from distant learning! Teachers are doing better and staying healthy. Still have 2 subs in the building that will help out where needed.

No math or reading night will be happening but open to the idea of having some outside activities in May.

Spoke about the 18 hams 3 B Meats donated for Christmas.
