CLARENCE CENTRAL SCHOOL DISTRICT

Important information from the Health Office

To be admitted to Clarence Schools, the following documents are required:

1. **An Immunization record submitted within fifteen days of entering school, with all vaccinations that are required by NYS, or the student may be excluded from attending school. (If transferring from another state, families may have up to 30 days to submit proof of vaccination).**
2. **Health Appraisal Form or a physical exam report, performed in the past twelve months by a physician licensed in New York State. Our School Medical Directors may provide physicals for those who do not submit forms within 30 days of the start of school.**
3. **Health History form completed by the parent or guardian.**
4. **The Dental Exam Certificate is requested, but not required.**

If your student will need any medication in school, prescription or over the counter (i.e. Tylenol, Motrin, etc.), the doctor and parent/guardian must complete and sign a Medication Order Form. All medications must be in the original labeled container and kept in the Health Office (medication cannot be kept in backpacks).   Asthma inhalers, EpiPen's and Diabetic supplies may be self-carried if authorized on the Medication Order Form.

Please inform the Health Office of any medical issues or special needs. For your convenience, you can request your physician's office to fax medication orders, immunization records, copies of Health Appraisals, Physical Education / Activity Restriction Forms, etc.

Please feel free to contact the Health Offices for more information, or to obtain forms.
