

EDUCATION OF HOME SCHOOLED STUDENTS

The Maple Valley Public School acknowledges the right of a parent to provide their own child's education in a home-based setting. The Superintendent will accept as correct the information on the statement of intent filed with the District in accordance with North Dakota law.

Homeschooled students are eligible to transfer into Maple Valley Public Schools and/or participate in individual district classes and/or extracurricular activities on the same basis as students already enrolled.

Transfers

Homeschooled students transferring into district schools will be required to produce documentation containing a list of courses taken, grades earned, and the results of standardized achievement tests unless the student is exempt from such testing under law. Placement will be determined in accordance with district placement standards.

Students without records or whose records do not indicate proper placement shall be subject to placement testing.

Students believed to have a disability impairing learning shall be tested and placed in accordance with law and applicable policy.

Diplomas

Maple Valley Public School shall not award diplomas to home schooled students. Students must enroll full-time in the regular Maple Valley School District educational program and complete all the necessary requirements to be eligible for a diploma. A home schooled student, whether part-time or full time, may go through the graduation ceremony, but not receive a Maple Valley Diploma.
