We are hosting a webinar for the Regents Advisory Council on Libraries this Wednesday, November 18th at 10 am. The topic is "The Role of School Librarians in Remote and Hybrid Instruction." Sign up via [this link](#).

Betsy has been working with regional SLS Directors to offer coordinated speakers and professional development. We are looking forward to an "Ask the Lawyer" in early December and will have more throughout the school year. More to come....

C3 and Council Meetings

We realize everyone has wonky schedules and understand that you may not be able to attend as many of these meetings as you would like. The first C3 meeting is December 3rd.

What's New?

SWANK Movie streaming is still a hit. We need at least two weeks between a movie request and when it is available. But if there is an urgent need, please contact me right away. We will still need to wait for Swank to license the movie to us, but we may be able to ask them to rush.

Learn 360 has made some improvements that are really nice. I recommend checking it out if you haven't yet. Between Learn 360 and Discovery Ed, you will be able to help your teachers find a lot of digital resources to support their hybrid teaching.
