

Middle and Upper School Science Instructor

Canterbury School of Florida is seeking an experienced and dedicated Middle and Upper School Science Instructor to teach multiple levels of middle and upper school science curriculum (primarily Chemistry and Physical Science). This instructor will collaborate closely with the science and marine studies faculty. This candidate will also implement LEADS (Canterbury's character education program) through advisory and will be expected to perform various duties that support the Knowlton Campus (Grades 5 through 12). In addition, this teacher will have a commitment to the School's mission and an interest in community involvement through participation in school-wide committees and activities.

Skills and Abilities

- Develop and implement a challenging and engaging curriculum for middle and upper school students in chemistry and physical science.
- Utilize a variety of instructional methods and resources to meet the needs of diverse learners, including inquiry-based learning.
- Create a positive and inclusive classroom environment that encourages student participation and discovery.
- Assess student learning through a variety of methods and provide timely and constructive feedback.
- Collaborate with colleagues to integrate science concepts across disciplines and grade levels.
- Communicate regularly with parents about student progress and classroom activities.
- Participate in departmental meetings, professional development, and school-wide events as required.
- Proficient in educational technology.

Educational and Other Requirements

- Bachelor's degree in science (Master's degree preferred).
- Minimum of 2 years teaching experience in middle or upper school science.
- Demonstrated knowledge of best practices in science education.
- Strong communication and interpersonal skills.
- Ability to work collaboratively in a team environment.
- Commitment to professional growth and development.
- Successful completion of pre-employment background screening, drug testing, and safety training required.
