Finance	
Budget Report	Chief Financial Officer Susan Willis updated the Board on the budget. First review of the FY22 Budget reflects a slight decrease in the overall mill levy of .305 mills. The increases in the Bond & Interest and the Special Liability fund levies are offset by a decrease in the Supplemental General fund mill levy. Bond & Interest levy is adjusted up slightly as the District plans for the last 8 years of bond payments. The enrollment assumptions in the FY22 budget are based on pre-COVID trends. The base aid per pupil increase should drive new revenues, but if enrollment doesn't return to pre-pandemic levels, budget adjustments will need to be made. Increased fixed costs and mandatory budget increases are estimated at \$4.2 million, before any COVID expense or other expense considerations. The District is recommending exercising full Supplemental General fund authority of 33% to balance the budget and provide maximum flexibility for enrollment fluctuation. ESSER spending plans are ongoing. The District will budget all of its ESSER II allocation and about 15% of ESSER III as the District works on COVID academic recovery, safety and mental health initiatives. The complete presentation is included in the archival copies of this BOE Agenda and Minutes. This report was provided for the Board's information and discussion.
