<p><b>Action on Pulled Consent Items</b></p>	<p>Pulled items are presented in the order of the BOE Agenda.</p>
<p>Concrete Bus Drive – Isely Traditional Magnet Elementary School  Appendix 3</p>	<p>At Mrs. Bond’s request, Luke Newman, Director of Maintenance and Facilities, briefed the Board. The 2022-23 Capital Outlay Budget includes monies for concrete repair and/or replacement. Isely Elementary School is in need of site work improvements in order to alleviate traffic flow issues. The scope of this project includes adding a Pre-K bus and parent drop off lane on the north end of the parking lot with seven stalls for parent parking for the Pre-K program. This project is slated to begin construction in October 2022 with completion targeted for Spring 2023. Bids were received on September 14, 2022, according to plans and specifications prepared. The low base bid was submitted by Elite Concrete Inc, in the amount of \$63,900.</p> <p>Mrs. Bond (Ms. Hedrick) moved the Board approve an amount not to exceed \$71,000, which includes the above base bid and a contingency amount of \$7,100, with Elite Concrete Inc. for the Concrete Bus Drive at Isely Elementary School.</p> <p>The motion passed 7-0.</p>
<p>Turf Field Replacement – Southeast High School</p>	<p>At Mrs. Bond’s request, Luke Newman briefed the Board. The 2022-23 Capital Outlay Budget includes monies for Turf Field Replacement(s). The Southeast High School turf field has reached the end of its life and requires immediate replacement. The field will be replaced with the Hellas turf and underlayment padding system, which carries a 10-year life expectancy. There are concerns that the existing subsurface base and drainage system may require re-work prior to installation, but that will not be fully known until the existing turf has been removed entirely. For that reason, a higher than typical contingency rate of 22% (\$170,720) is recommended to be carried. This project is slated to begin construction in October 2022 and complete prior to Spring 2023 sports season.</p> <p>The purchase of turf materials is through Hellas via purchasing cooperative (Greenbush/AEPA Contract #016-G). The turf replacement installation scope was competitively bid separately.</p> <p>Ms. Hedrick (Ms. Logan) moved the Board approve an amount not to exceed \$950,000, which includes the above base bid and a contingency amount of \$170,720, with Hellas Construction for the Turf Field Replacement at Southeast High School.</p> <p>The motion passed 6-1, with Mrs. Bond voting no.</p>

<p>Elementary and Secondary School Emergency Relief (ESSER) Fund Update</p>	<p>Addi Lowell, Director of Budgeting, and Dee Dee Stroot, Director of Innovation and Implementation, briefed the Board. In response to the COVID-19 pandemic, Congress passed three stimulus bills in 2020 and 2021 that provided nearly \$190.50 billion to the Elementary and Secondary School Emergency Relief (ESSER) fund for K-12 schools across the nation. States received funds based on the same proportion that each state receives under the Elementary and Secondary Education Act (ESEA) Title IA, and the district received an allocation from each of the three federal aid packages based on the same criteria. The total allocation of federal relief funds from the three packages is almost \$262 million, not including the non-public portion of the first package under the CARES Act. The district's first two aid packages have been spent, and the remaining \$169 million from the third package is being planned and implemented in response to COVID-19 impacts.</p> <p>The complete presentation is included in the archival copies of this BOE Agenda and Minutes. This presentation was provided for the Board's information.</p>
