Student/Parent Handbook

2023-2024

Welcome to Westview Elementary,

Our staff extends a warm welcome to you as part of the Westview school family! To help you enjoy your experiences at Westview, this handbook will introduce you to the school's programs, services, and policies. We are very proud of our school and the excellent educational opportunity that we provide for all students. The staff here at Westview have created a learning environment that is structured, hands on, and most of all fun where children can be successful.

Parents are an integral part of their children's learning process. Working together to build strong partnerships between home and school enables our children to be successful both academically and socially. This also allows children to understand the value of working together and becoming active participants in a learning community. This handbook was designed with you in mind.

Please review the information so that you are familiar with our routines and policies. Keep this handbook, as well as your Mississinewa Community Schools calendar readily accessible throughout the year to help you stay informed and to answer questions as they arise. Should you have any questions, call the office at 765-677-4437. We look forward to sharing the new school year with you. Thank you for choosing Mississinewa Community Schools where we are a *Tribe of Excellence*.

Mrs. Kerri Wortinger, Principal

The School Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment, which is part, reflected in the behavior of students.

The Board believes that the best discipline is self-imposed and students should learn to assume responsibility for their own behavior and the consequences of their actions.

The Board shall require each student of this Corporation to adhere to the Code of Conduct promulgated by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that:

- A. Conform to reasonable standards of socially acceptable behavior.

- C. Preserve the degree of order necessary to the educational program in which they are engaged.
- D. Respect the rights of others;

1. C.20-8.1-5-1 et seq.

Ole Miss PreSchool Behavior/Guidance Policy

As the children explore their environment and develop friendships, they will come across typical situations that cause frustration, anger, jealousy, and behavioral changes. At our preschool, we will first work through these issues with problem-solving strategies and redirection. We will also have a comfortable place where children can work through their problems until they are ready to join the classroom again. We will communicate specific situations in confidence with you and work together as a team along with

administration to develop a behavior modification plan if necessary. Isolation/humiliation and strategies that breach confidentiality are prohibited. This includes behavior charts with names labeled with behavior. Staff may never use physical punishment, psychological abuse, or coercion when disciplining a child.

Child Abuse and Neglect Procedures

When we have reasonable cause to suspect child abuse or neglect, we shall report it to the appropriate community agency and follow up to ensure that appropriate action has been taken. When appropriate, parents or guardians will be informed that the referral will be or has been made.

Superintendent, Indiana State Police

GUIDELINES

**Office of the Superintendent
Mississinewa Community Schools**

**Students
Policy #5511**

It is the responsibility of the Superintendent to establish administrative guidelines for the purpose of implementing the adopted policy of the Board of School Trustees. The Superintendent will interpret Board policy converting it into specific guidelines to promote the intent and purpose of the Board. Therefore, the following guidelines are created to carry out the intent and purpose of Board Policy #5511

DRESS AND GROOMING

It is expected students will be clean in their person and their apparel. Grooming, clothing and accessories are appropriate when they conform to policy #5511 subsections A. B. C. D: do not disrupt the orderly function of the organization: do not promote sexuality in a manner unacceptable to community mores: do not contain or suggest vulgar, obscene or satanic references: and do not promote gang identification either by the article of clothing itself or to manner in which it is worn. Students violating the spirit of these guidelines will be subject to corrective discipline.

SPECIFICALLY:

1. Hats and overcoats are not to be worn to class.
2. All items of clothing will be worn in an appropriate and modest manner.
3. Clothing must be clean and free of holes that create inappropriate exposure.
4. No clothes or accessories promoting controlled substances will be considered acceptable.
5. Clothing with pictures, symbols or lettering which suggest satanic, vulgar, obscene or sexual innuendo is expressly prohibited.
6. Students must be fully dressed including footwear.
7. Personal hygiene and cleanliness of person and hair are required.

The above "Dress and Grooming" guidelines apply to members of extra-curricular activities when representing the school community at a public event.

The principal of each building is designated as the arbiter of student dress and grooming in their building. The principal is empowered to ask a student to take immediate corrective action if in violation of guidelines.

It is essential to note guidelines for students also apply to corporation employees and the Board itself so the corporation leadership of students is by example rather than fiat.

Community mores, standard etiquette and common sense should prevail concerning this issue.

ATTENDANCE AND TARDY POLICY

Students are expected to be at school and on time unless special circumstances exist like doctor visit, illness, and funerals.

The parent/guardian should call the office on the day of the student's absence from school.

The school policy for absences allowed without a doctor's statement is ten annually. A Doctor's statement does not count as an absence on the policy. Six tardies will be the equivalent of an absence from school on the attendance policy.

When a student exceeds six days, a letter(s) of notification will be sent home for succeeding absences. Once a student reaches ten absences (without a doctor statement) a parent conference will be required. If the absence problem continues after the parent contact, then the Grant County truant office will be contacted.

Good student attendance is necessary for school success and achievement. The school and home need to communicate about all issues in a timely manner, which can facilitate the student's success at school.

Whenever you have any questions, please feel free to contact our office.

The Internet and other types of distance learning may be used as instructional technologies for the purposes of finding and retrieving information and doing collaborative work in accordance with the mission statements and desired learner outcomes of the Mississinewa Community School Corporation. Our students and staff now have access to devices that will enable them to access public domain software and shareware of all types, discussion groups involving most any topic, as well as access to many university library catalogs, the Library of Congress and information and news from NASA, and communicate with people (ie. experts) from around the globe.

Access to the Internet at Mississinewa will be regarded as a privilege and not a right. Students interested in utilizing the Internet through the district's access must first obtain permission to use equipment from a Mississinewa instructional staff member such as the student's teacher or another member of the school's administrative or teaching staff. It is expected that student access to the Internet will be structured in ways that point students to those resources and have been evaluated prior to use. Students using the Internet, provided by the school district, are expected to exhibit behavior, while engaged on-line, consistent with the standards established in the Mississinewa Schools policy on student discipline. Parents will be notified if their student's privileges have been suspended. Parents shall be given the option to request alternate activities to access the Internet.

With the use of district-owned, school-based computers, users shall not have or claim to have any expectation of privacy with regard to the storage of files or information. The use of memory, storage, and Internet access will be treated like school lockers. The professional staff may review all files and message exchanges on the systems in order to maintain system integrity and ensure that users are acting responsibly and consistent with the acceptable use standards. Inappropriate usage by adults and students of the Mississinewa Community Schools' Internet/electronic communications capacity may result in termination of access. Inappropriate usage may include, but is not limited to, the following:

1. Violating any local, state, or federal statute,
2. Accessing, uploading, downloading, or distributing pornographic, obscene, or sexually explicit materials,
3. Transmitting obscene, abusive, or sexually explicit language,
4. Vandalizing, damaging, or disabling the property of another person or organization,
5. Accessing another person's materials, information, or files without the direct permission of that person,
6. Accessing material or resources which result in the Mississinewa School Corporation receiving an unauthorized billing,

7. Violating copyright, or otherwise using another person's property without his or her prior approval or proper citation,

Mississinewa Community Schools Westview Bus Policy

Kindergarten and first grade students are required to ride the same bus every day for the morning and afternoon routes. The students can ride a particular bus in the morning and a different bus for the afternoon route. However, the students are required to ride the same bus for every morning route and the same bus for every afternoon route.

Parents cannot call the office to make any emergency bus changes unless it is a change of address or a change in the address of their childcare. In other words, a Westview student cannot ride one bus for x day(s) in a week for a morning or afternoon route and then ride a different bus for the rest of the days of the week.

If a parent, due to any emergency circumstance, cannot have her/his student ride the regularly assigned bus, then personal arrangements have to be made by the parent to have the student delivered to school or “picked up” from school.

If you have questions about this new policy, then please contact the Building Principal or the Transportation Director at Central Office at 765-674-8528.

VOLUNTEER INFORMATION

To: Parents and Community Members Interested in Volunteering In the Classroom, Extra-Curricular Activities/Sports, Field Trips, and/or Other School-Related Activities

From: Lezlie Winter, Superintendent
Mississinewa Community School Corporation

Thank you for your interest in volunteering in our schools. We appreciate your willingness to invest your time and talents with our students and school programs.

Assisting with school activities sometimes involves close contact with our student population. Because providing our school children with a safe and secure educational environment is our highest priority, we must do all that we can to insure their safety. Therefore, it is important that we ask you to complete the enclosed Mississinewa Community School Corporation Volunteer Application. All volunteers are expected to provide us with background information; you are not being singled out from other volunteers for closer inspection.

Your application should be returned to the principal of the school where you would like to volunteer. If you would like to help in more than one building, please indicate such on the application. Principals will discuss with classroom teachers their needs for volunteers and assign you activities as appropriate. In some situations, all individuals interested in helping with a specific activity will not be needed and you may be considered for other activities at a later date.

You need to complete this application only once for assisting in any building in the corporation. Because this issue is so vital to the security of our students, we will ask that volunteers re-apply at the beginning of each school year. Please contact our office if you would like to have your application deleted from our files.

Volunteers are vital to our educational system, and so is student safety. We believe the extra time needed for you to complete this application is worth any possible inconvenience. Please contact us at 674-8528 if you have any questions.

Thank you for your time and cooperation.

I authorize the administration of the Mississinewa Community School Corporation to check my employment history, including without limitation, reference checks, and to seek the release of information, including a “limited criminal history”, possessed by any private or public employer or any local, state, or federal agency. MISSISSINEWA COMMUNITY SCHOOLS CRIMINAL ORGANIZATION ACTIVITY IN SCHOOLS

The Board of School Trustees of the Mississinewa School Corporation prohibits gang or criminal organization activity and similar destructive or illegal group behavior on school property, on school buses, and/or at school-sponsored functions. The Board also prohibits reprisal or retaliation against individuals who report gang or criminal organization activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other people with reliable information about an act of gang or criminal organization activity and similar destructive or illegal group behavior.

The following definitions apply to this policy:

Criminal Gang or Criminal Organization means a group with at least three (3) members that specifically:

(1) either:

(A) promotes, sponsors, or assists in; or

(B) participates in; or

(2) requires as a condition of membership or continued membership; the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.

Gang or Criminal Organization Activity means a student who knowingly or intentionally actively participates in a criminal gang or criminal organization, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang or criminal organization.

Per state law, a school employee shall report any incidents of suspected criminal gang or criminal organization activity, criminal gang or criminal organization intimidation, or criminal gang or criminal organization recruitment to the principal and the school safety specialist. The principal and the school safety specialist may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that take into consideration the severity of the offenses and consider both the developmental ages of the student offenders and the students' histories of inappropriate behaviors per the code of conduct.

Any corporation and school employee who promptly reports an incident of suspected gang or criminal organization activity and who makes this report in compliance with the school corporation procedures is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or designee shall conduct a thorough and complete investigation for each report of suspected gang or criminal organization activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but no later than five school days from the date of the report of the alleged incident of gang or criminal organization activity.

The principal shall take any appropriate disciplinary actions based upon the findings of the investigation, in accordance with the code of conduct. The superintendent of the school corporation is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of gang or criminal organization activity is confirmed, according to the code of conduct. Consequences for a student who engages in gang or criminal organization activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal shall provide the parents of the students who were investigated with information about the investigation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of gang or criminal organization activity, whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner.

As appropriate to the investigation findings, the principal also shall provide intervention and/or relevant support services. The principal shall inform the parents of all students involved in alleged incidents and discuss the availability of counseling and other intervention services.

The principal shall submit the report to the superintendent of the school corporation within ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the school board on a quarterly basis during regularly scheduled board meetings.

Each school within the school corporation shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the school corporation superintendent who shall submit a written report to the Indiana Department of Education by June 2 of each year.

This policy shall be annually disseminated to all parents who have children enrolled in a school within the school corporation. Notice of this policy must be published in student handbooks and all other publications of the school corporation that set forth the rules and procedures for schools within the school corporation.
