

Accessing Pear Deck Tutor to receive 1 on 1 support!

Students in Grades 6-12

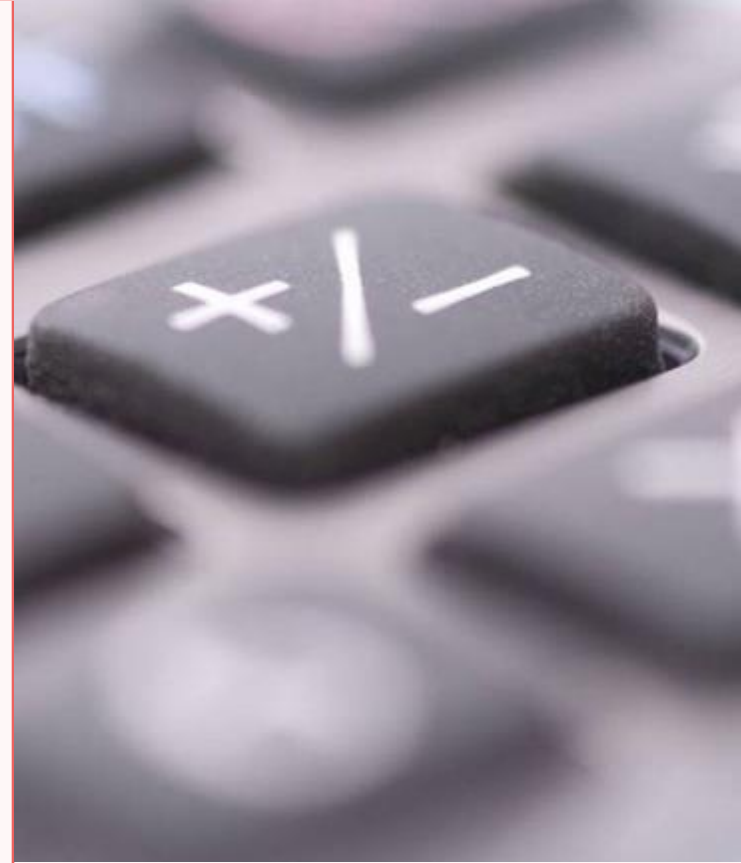

Sayreville Public Schools

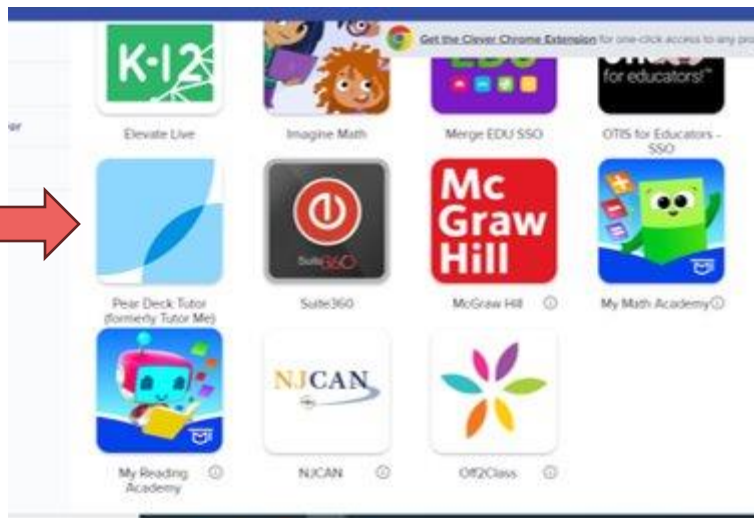

I can get a **FREE TUTOR?**

YES!

SMS and SWMHS have partnered with PEAR DECK TUTOR (formerly TutorMe) to provide all of you access to a one-on-one tutor in any subject, 24 hours a day, 7 days per week!

You can log into your Pear Deck Tutor account using CLEVER before school, during your lunch in the Opportunity Room, after school, nights and even weekends!

Logging In

Log into your school device and select CLEVER. You should see a tile for PEAR DECK TUTOR. If you are not on a school device, you can log on from any computer by going to www.sayrevillek12.net and selecting the STUDENTS tab. Scroll down to find a CLEVER link. Log into your school google account.

Click on that, and you will have the choice to select WRITING LAB or LIVE TUTOR SESSION

Live Tutor Sessions will pair you with a trained, experienced tutor in the content area you indicate when prompted after selecting LIVE TUTOR.

You must be prepared to communicate what you need help in to the tutor.

You can ask for help with HW, preparing for an exam, studying for SAT/ACT, reviewing skills you struggled with or even skills you will be exploring in class in the future!

During the session, you can upload docs or share your screen with the tutor.

After the session, you will "rate" the tutor. Be honest and polite- you represent our district.

You can even "favorite" a tutor to request at another future session!

How do I write a conclusion for this essay???

The Writing Lab option allows you to upload and submit a writing assignment and get feedback for revising and editing!

Help with writing assignments!

Feedback can take up to 24 hours. Plan Ahead when using this feature.

WRITING LAB

Summary

We hope you use this amazing resource to advance your learning and deepen your understanding of the topics and skills you are learning in all your subjects.

Log on and check out PEAR DECK TUTOR tonight!
