Middle School Student Council

Grade 7 and 8

October 13, 2022

Purpose: To teach the Middle School Student Council members to work together and focus their collective energies on the journey not the finished product through an exciting workshop and guided tour of the Rubin Museum.

Guided Tour and Workshop

An exciting hands-on workshop to enrich the group's guided tour of the Rubin Museum of Art. During workshops students will further explore the symbolism, structure, and content of Himalayan art. Workshop will expand on the ideas and themes discussed in the galleries.

Topic - Material Mindfulness

How can art cultivate mindfulness? Students will intentionally focus their minds through this process-driven workshop. Emphasizing the creative journey over the finished product, students will experiment with texture, form, consistency, and gesture by making free-form paintings from powdered pigments. This workshop aligns with class curriculums that seek to incorporate mindful and meditative practices with their students' learning. The entire time they will be working with each other and encouraging each other while focusing on the process not on the finished work.
