## GEOGRAPHY

By: Shaun Beatty

There are 197 countries in the world, but that could change very soon because Moldova (a small nation in the Balkans) may decide to become a part of Romania. This would profit both Moldova and Romania. Romania would gain more land and Moldova would have the benefits of EU citizens ship, a better GDP, and they will have the protection of NATO.

Did you know that Canada is the second largest country in the world? Only beaten by Russia, Russia is more than two million square miles larger than Canada.

It's funny how we say "a bug hit my windshield" when we are the ones going 70mph. I'll bet the bug's family describes it differently

me at 11:30pm: time to hit the hay and get a good night's sleep

me at 3am:

when my therapist says feeling something bad is going to happen is called anxiety and not spidey sense

IF MOMS MADE CANDY HEARTS...

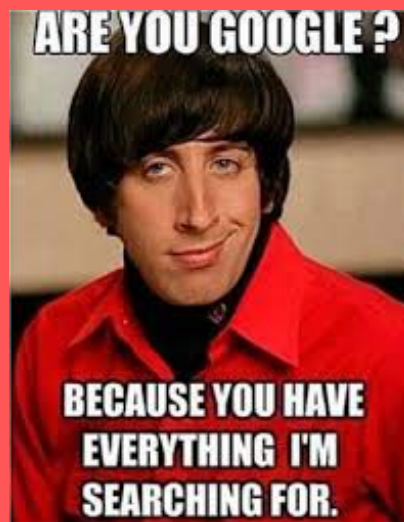

SHUT THE DOOR	LET ME JUST FINISH MY COFFEE
IT'S WHEREVER YOU LEFT IT	I SAID... GET YOUR SHOES ON
YOU'RE NOT HUNGRY YOU'RE BORED	SAW THAT

BECAUSE YOU HAVE EVERYTHING I'M SEARCHING FOR.
