Local Educational Agency Listing

Local Educational Agency Identification

California Department of Education (CDE) issued county/district/school code (CDS) and the full name for each local educational agency (LEA) participating in the 2021-22 Local Plan. All LEA names will automatically populate the remaining attachments. Pursuant to California *Education Code (EC)* sections 56205(a)(12)(D)(iii) and 56195.1(b)(1), each LEA or more LEAs, or those who join with the county office of education (COE) to submit a Local Plan to the CDE for consideration of approval must include a letter of agreement or contractual agreements, as appropriate.

When completing the Local Plan, enter the CDE issued CDS code and the official name as listed in the California School Directory <https://www.cde.ca.gov/SchoolDirectory/> for each LEA participating in the Local Plan and receiving a special education funding allocation for services and programs provided to students.

Table Rows:

In the table rows, select the "plus" or "minus" buttons bellow. Actions taken here will be automatically repeated for each of the tables in Attachments II through IV. Enter LEA information in Attachment VII.

Input Changes:

If a LEA has previously reported to the CDE in fiscal year 2021–22 or 2022–23 and there is a change in SELPA membership, **DO NOT DELETE** the entry. Instead, update the LEA membership information in the drop-down menu and choose the applicable status option for the LEA membership change.

District/School Codes

If a LEA does not have a CDS code, then the associated fields should be left blank. NOTE: If a CDS code section begins with a "0," the zero will not appear in the CDS code.

If a LEA does not have a complete CDS code, then leave the associated district and school code blank.

If a LEA is not a charter LEA, then leave the associated charter code blank.

must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California Special Education Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan for each LEA participating in the SELPA's Local Plan.

Education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

Portionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)

Administrative costs of the plan. (These costs are tracked in the function field.)

Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)

Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)

Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of aids and services are tracked in the function field.)

Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and services in the function field for instructional services.)

Costs of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and in combination with the revenue code in the object field.)

—Projected Special Education Revenue by Local Educational Agency

Participating in the Local Plan, enter the projected special education revenue funding sources allowed by the Individuals with Disabilities Education Act included in this table must be consistent with revenues identified in Section D, Table 1. NOTE: For fiscal year 2021–22, this Attachment is optional for submission. If information has been provided in Section D, Table 1.

—Projected Revenue by Federal, State, and Local Funding Source by Local Educational Agency

Participating in the Local Plan, enter the projected special education revenue received by each funding source. Information provided must be consistent with the information provided in the Local Plan. For fiscal year 2021–22, this Attachment is optional for single LEA SELPAs as the information has been provided in the Local Plan.

—Projected Expenditures by Local Educational Agency for Supplemental Aids and Services in the Regular Classroom for Students with Disabilities Identified with Low Incidence Disabilities

Revenue allocated to each LEA for supplemental aids and services (SAS) for those students with disabilities placed in the regular classroom setting and those with low incidence (LI) disabilities. Information included in this table must be consistent with revenues identified in Section D, Table 5. NOTE: For fiscal year 2022, it is optional for single LEA SELPAs as the information has been provided in Section D, Table 5.

II—Special Education Local Plan Area Membership Transfers and Mergers (to and from the SELPA)

Programs and services already in operation may not be transferred to another LEA unless all provisions of EC Section 56207 have been met by the SELPA by the completion and submission of Attachment VII. The effective date of the transfer must not be prior to the July 1 of the second fiscal year after the receiving SELPA informed the other agency and the governing body of multiple LEA SELPAs or the responsible individual of single LEA SELPAs notified both the sending and receiving SELPA unanimously agree the transfer date will take effect on the July 1 of the first fiscal year following the notification.
