Why Monti Magic Preschool? *Foundations for the Future*

- Monti Magic Preschool provides a warm, caring and positive environment for learning.
- Our experienced teachers are licensed through the state of Minnesota. They inspire kids and work passionately to help them be Kindergarten ready.
- Your child is treated as an individual and learning is based on their interests and abilities. Their growth throughout the year is tracked using the Teaching Strategies Gold assessment tool.
- Our curriculum (Creative Curriculum) is comprehensive and ensures the concepts and skills taught in preschool lay the groundwork for those taught in kindergarten. Core areas that are addressed include language and literacy, mathematics, dramatic play, the arts, and social-emotional development.
- Our Second Step curriculum further supports our young learners as they develop important life skills in social-emotional development.
- Preschool classes follow the Monticello School District Calendar.
- Monti Magic Preschool values parent involvement and family support. Parent involvement is critical to your child's learning. We provide various opportunities for you to support your child's work both in the classroom and at home.
- Transportation is available for full-day four-year-old students.
- Access to Magic Adventures for wrap around care.

Nature-Based Preschool

Located at Bertram Chain of Lakes chalet!

Students in the nature-based preschool class are in an outdoor immersive setting and will be outside every day unless the weather is dangerous. Nature-based preschool achieves the same outcomes as a traditional Monti Magic Preschool class, only natural materials are the learning tool with the great outdoors for a classroom. Students spend minimal time inside each day, but do have a designated indoor classroom should the weather be unsuitable for outdoor learning.

Nature-based preschool programs:

- Stimulate the diversity of children's play experience and contribute to their healthy development.
- Provide a supportive, safe learning environment to encourage discovery, question-asking and experimentation.
- Provide sensory experiences with live animals, natural objects, artifacts, trail activities and art materials for students to utilize all five senses.
- Develop cognitive growth and motor skills.
- Develop problem-solving skills through hands-on games and activities.
- Cultivate social skills and positive self-image through group play and cooperative learning across ages.

Preschool Information Night

We will be holding a optional information night on February 28 at 6:00 PM. This is an opportunity to sign up for screening, ask questions, view our curriculum and much more!

Registration opens online starting March 6 at 8 AM.

Transportation

Children who are four years old by September 1, 2024 and attend a full day class (8:00 AM-2:10 PM), may utilize school bus transportation. To register for transportation please visit:
<https://www.hoglundtransportation.com/preschool-registration.html>

Early Childhood Screening

Do you have a 3 year old? Have they been screened?

Screening is required by law in the state of MN. All children must be screened prior to starting public kindergarten.

Early Childhood Screening is a free and simple check of how your child is developing and growing and consists of the following components:

- Cognitive development
- Large and small muscle development
- Language and communication skills
- Social and emotional development
- Vision and hearing
- Height and weight
- Health history
- Immunization review
