Magical Movement

This introductory dance and movement class helps foster your child's interest in dance, while increasing coordination, concentration levels, cooperation, flexibility and ability to follow instructions. This exciting movement class incorporates the usage of imagination with movement and to learn the basic principles of dance. Classes often incorporate free movement with utilization of props and different genres of music to give children the opportunity for self-expression. Each class day will have a theme, incorporating accessible, age-appropriate ideas into their movements while also engaging in other themed creative activities. (Story time, prop-making, games, and visual art activities)

The Day The Internet Died

Our 2024 summer production will be *The Day The Internet Died*. On a sunny day in the town of Bloomington, a devastating occurrence happens. No, it's not famine, or floods, or loss of your basic rights. The internet has gone down! And it will continue to be down! For a week! A whole week! Pandemonium! In a world that is so dependent on the internet for shopping, mailing, and posting pictures of cute babies, how will society function? Not well as it turns out. *The Day the Internet Died* hilariously explores how inept we are at dating, research, and basic human interactions when we don't have a screen to look at. Performance on July 26.

Note: *This 3-week intensive afternoon course can be paired with other morning options.*

For students: Rising 5th - 9th grade
