# Launch Windows Virtual Desktop on Chromebook
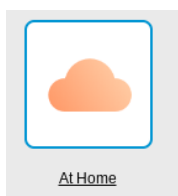

The students' chromebook device can emulate a Windows desktop by signing into Clarence Schools Virtual Desktop.

1) Open up the Horizon Client on the Chromebook taskbar.
2) Select the server you are connecting to:

   a) Click on "At School" if you are on campus

   At School

   b) Click "At Home" to connect to the external servers if you are off campus.

   At Home

3) Accept the User Agreement and sign in using "Firstname Lastname" as your username. Password will be the same as your Chromebook.

VMware Horizon

By logging onto this device you are agreeing to abide by the Clarence, Central School District Computer Usage Policy. A copy of the policy, can be obtained from the district website. The District's computer, technology, network and Internet system is to be used for educational, and professional purposes. Users are reminded that all computer, network and Internet use may be monitored by the District. There is, no assurance or guarantee of privacy or that all
