DHS teacher selected as DEF Professional Scholar

Davison High School teacher Ms. **Pam Ruggiero** has been selected as the Davison Educational Foundation Professional Scholar for 2023.

This is the 14th year for the award. Winners receive up to \$1,000 to attend a unique professional development activity.

Pam will be attending the Academy of Natural Resources, hosted by the Michigan Department of Natural Resources. Lauded as one of the finest Professional Development opportunities for environmental science teachers, the five-day camps allow educa-

tors to learn about Michigan's diverse natural resources, discover current trends in their management and experience activities that bring knowledge to the classroom.

In addition to teaching science, Pam also co-sponsors the Davison High School Environmental Club.

Nondiscrimination Policy and Access to Equal Educational Opportunity Policy

The Board of Education does not discriminate on the basis of race, color, national origin, (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its educational programs or activities.

The Board also does not discriminate on the basis of Protected Classes in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

The person designated to handle any questions and/or complaints concerning the nondiscrimination policy of Davison Community Schools is Assistant Superintendent Kevin Brown, 1490 N. Oak Road, Davison, MI 48423 -- (810-591-0808).

GRIEVANCE PROCEDURE

FOR TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 TITLE IX OF THE EDUCATION AMENDMENT ACT OF 1972 SECTION 504 OF THE REHABILITATION ACT OF 1973 TITLE II OF THE AMERICANS WITH DISABILITIES ACT OF 1990

Section 1

Any person believing that the Davison Community School District or any part of the school organization has inadequately applied the principles and/or regulations of (1) Title VI of the Civil Rights Act of 1964, (2) Title IX of the Education Amendment Act of 1972, (3) Section 504 of the Rehabilitation Act of 1973, or (4) Title II of the Americans with Disabilities Act of 1990 may bring forward a

complaint, which shall be referred to as a grievance to:

Civil Rights Coordinator
Christine Kuzinski, Director of Human Resources and Operations
Davison Community Schools
1490 N Oak Rd
Davison, MI 48423
(810) 591-0808

Section II

The person who believes a valid basis for grievance exists shall discuss the grievance informally and on a verbal basis with the Civil Rights Coordinator, who shall in turn investigate the complaint and reply with an answer within five (5) business days. If the complainant feels the grievance is not satisfactorily resolved, they may initiate formal procedures according to the following steps.

Step 1

A written statement of the grievance signed by the complainant shall be submitted to the Civil Rights Coordinator within five (5) business days of receipt of answers to the informal complaint. The Coordinator shall further investigate the matters of grievance and reply in writing to the complainant within five (5) business days.

Step 2

A complainant wishing to appeal the written (or Step 1) decision of the local Civil Rights Coordinator may submit a signed statement of appeal to the Superintendent of Schools within five (5) business days after receipt of the Coordinator's response. The Superintendent shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within ten (10) business days.

Step 3

If still unsatisfied, the complainant may appeal through a signed, written statement to the Board of Education within five (5) business days of receiving the Superintendent's response in Step 2. In an attempt to resolve the grievance, the Board of Education shall meet with the concerned parties and their representative within forty (40) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) days of this meeting. The decision of the Board of Education shall be final.

Section III

If the complaint is against the Superintendent, it should be reported to:

Vice-President of the Board of Education
Davison Community Schools
1490 N Oak Rd
Davison, MI 48423
810-591-0801

All Academic – Varsity Tennis, Varsity Letter – Swim and Dive, Varsity Letter – Tennis, Key Club President, Quiz Bowl. Vivian will be attending the University of Michigan Ann Arbor to major in economics and pre-law.

Jayden Farrell is recognized as a top senior with a 4.127 grade point average. Jayden is the son of Kaylee and Jack Richards. Jayden's activities and accomplishments include: High Honor Roll, Academic

DEF recognizes DCS staff members

Three teachers and one support person were recognized at the 23rd annual End of the Year Staff Recognition Luncheon held on June 21.

Congratulations to:

- **Mrs. Shawn Lewis**, High School Teacher of the Year
- **Mr. David Clifford**, Hahn/DMS Teacher of the Year
- **Mrs. Jennifer Carnell**, Elementary Teacher of the Year
- **Mrs. Anna Wojciechowski**, Support Person of the Year

Shawn teaches art and math at Davison Alternative Education. Shawn received several nominations from parents including these two who wrote:

"In having a teacher like Mrs. Lewis, a student can gain confidence and feel like they matter. She cares and it shows. To educate a student is an accomplishment but to learn about one's students and help them succeed, that sets the bar high and that's Mrs. Lewis. I can't think of a teacher more deserving of this award."

"This teacher has been instrumental in my son continuing in school. COVID knocked a lot of kids out. My son was one of them ... This teacher took it upon herself to be a at school parent. She was not only a teacher, but a confidant ... I will forever be grateful to her. I think she is the ideal person for this award. I will be forever grateful to her for the role she has played in my son's life."

David teaches at Hahn Intermediate. He received two nominations from parents, who wrote:

"My daughter absolutely LOVES Mr. Clifford, she always talks about the things Mr. Clifford does in class. He is always very understanding and caring for her needs. He has gone above and beyond for her and whatever she needs."

"He changed my son's behavior and showed him that learning can be fun."

Jennifer teaches fourth grade at Central Elementary. She received several nominations including one from a parent who wrote:

"Mrs. Carnell has helped my son in so many ways this year. He struggles with anxiety and now has a diagnosis of ADHD. Throughout this year she has been so supportive of his needs. At the start of this year it would take a long time to get him to class in the mornings. He would eat lunch in the office. He would hide within the classroom and in the office. Fast forward to now, while we still have some moments, he is excited to be in class. He eats lunch with a small group of peers in the success coordinator's office

Mrs. Shawn Lewis

Mr. David Clifford

Mrs. Jennifer Carnell

**Mrs. Anna
Wojciechowski**

and his days of hiding are few and far between. Mrs. Carnell gives students the flexibility they need to be successful while also having excellent routines to be successful each day."

And one of her students wrote: *"She helped me learn multiplication and division. And helped me write a story. She is really important and really special to me."*

Anna is the Principal's Secretary at Thomson Elementary.

"Although Anna goes above and beyond in fulfilling her many, many responsibilities in running our office here at Thomson, she is always willing to lend a hand and support any staff member when she can. And she does this with a smile. Our entire staff loves Wojo, and her presence will be missed so much when she retires."

"Anna has been deserving of this award for many years. I have had the honor of working with her for 15 years (my whole teaching career). I think of her as my work mom. Anna treats everyone she meets with

Retiring superintendent: “It has been a great ride!”

I want to express my most sincere appreciation to the Davison Community. I began my career with Davison in the fall of 1994 when I was hired to

teach biology at Davison High School. **Bob Hahn** was the Superintendent and **Bud Buell** was his Assistant Superintendent.

Rich Ramsey was the High School Principal. I will be eternally grateful to these three men for giving me the opportunity to work in this great District.

I spent the next eight years teaching science at Davison High School. I also coached football and basketball the entire time and even did a season of JV Girls' Softball. I will always cherish my time as a teacher and coach in Davison. I worked for some great people. I still believe **Dave Young** was one of the best Athletic Directors ever! **Coach Delodge**, **Coach Putnam** and **Coach McLachlan** all served as mentors and I have the utmost respect for all of them. Coaching enabled me to develop strong relationships with student athletes, many of whom I still consider friends and I truly believe my experiences coaching were the greatest preparation for my eventual transition to administration.

I'll never forget the call I received in the summer of 2002 from then Assistant Superintendent **Clay Perkins**. Clay wanted me to participate in the Genesee Intermediate School District Leadership Academy. I had no idea this program even existed and when Clay informed me it was a training program for aspiring administrators I had no interest in participating. I loved teaching and coaching and had no desire to become an administrator! Long story short, Clay convinced me to participate and it changed the trajectory of my career. I truly believe if it had not been for Clay Perkins seeing something in me I didn't see in myself I would not be writing this column today.

In 2002 I was hired by **Kay Shepherd** as an Assistant Principal at Davison High School. Kay prepared me for the next step in my career and in 2006 I became the Principal at Davison High School. That was a great job! I will forever treasure the relationships I developed with the students and staff in the 16 years I spent at DHS.

In 2010 new Superintendent **Eric Lieske** hired me as his Assistant Superintendent for Curriculum and Personnel. Eric was a superstar and much younger than I was so I never expected to become the District's Superintendent. In fact, I planned to retire as the Assistant Superintendent in 2020 but when Eric announced he was leaving to build a new school in Flint everything changed again and I found myself thrust into the role of the District's Superintendent.

I am extremely grateful for the support of all the

board members I have had the honor of working for over the last four and a half years but especially current Board President **Karen Conover**, former Board President **Kathy Sudia**, former Board Vice President **Mark McGlashen** and current Trustee **Diane Rhines**. These four individuals were strong advocates for me becoming the Superintendent and I greatly appreciate all of their support.

I share this lengthy history of my time in Davison because I think it's important to recognize all of the people who had a significant influence in my career.

I also need to recognize the Davison Community as a whole.

**Kevin Brown
Retiring
Superintendent**

I also need to recognize the Davison Community as a whole. The support I've received from parents, community members, business owners, municipal leaders and the administration and staff of the Davison Community Schools has been amazing."

The support I've received from parents, community members, business owners, municipal leaders and the administration and staff of the Davison Community Schools has been amazing. I have been so extremely blessed to have been able to spend the last 29 years of my life working for the Davison Community Schools.

Thank you Davison!

Kevin Brown
Superintendent

Certificate, Letter and Pin, Cardinal Code Pin, Saginaw Valley League All Academic – Baseball, Saginaw Valley League – Baseball, Varsity Letter – Baseball, Science Olympiad, Environmental Club. Jayden plans to attend the University of Michigan Flint to major in data analytics.

DEF awards 8 mini grants for 2023-24 school year

The Davison Educational Foundation announced the winners of the 2023-24 classroom mini grant program during the District's End-of-the-Year Staff Recognition luncheon held June 21.

This year the DEF received 15 grant requests totaling \$21,375.11. The DEF Board selected eight of the proposals and is awarding \$8,698.53 in classroom mini grants.

Recipients include:

- "DHS/DAE Garden Compost and Fencing Project" submitted by the **Davison High School Art Department**, Davison High School science teacher **Pam Ruggiero** and Davison Alternative Education teacher **Amanda Mobley**. This \$1,000 grant will be used to create a functional composting system using left-over food scraps from the school cafeteria.

- "Physical Computing with Adafruit Circuit Playgrounds," submitted by Davison Middle School teacher **John Marttila**. This \$350 grant will allow for the implementation of a physical computing unit in the Davison Middle School Computer Science Discoveries classes. Students will use these circuit boards to discover how physical devices can interact with code to solve a wide variety of challenges.

- "MTSS Family Engagement," submitted by Thomson Elementary interventionist **Sara Howes**. This \$552 grant will be used to purchase family engagement packs to support phonemic awareness development at home.

- "Examining Ecosystems," submitted by Davison Middle School science teacher **Kerri Major**. This \$1,005.80 grant will be used to purchase six kits for carrying out experiments that focus on the role of decomposition in the cycling of energy and matter in nature.

- "Salmon in the Classroom" submitted by seventh grade science teachers **Kerri Major, Crystal Weekley, Christine Kulak, Nathan Clark, Julie Naughton** and **Kelly Graves**. This \$2,889.25 grant will help with funding the supplies associated with the year-long Michigan Department of Natural Resources project to raise chinook salmon from the egg stage to

the release in a local waterway.

- "Self-Regulation Sensory Supports," submitted by Davison Middle School teachers **Jenifer Green** and **Erica Zwolensky**. This \$903.07 grant will be used to purchase equipment and supplies to create a sensory room at Davison Middle School. A sensory room is a space that aims to provide students with the individualized sensory input they need to self-regulate so they can be better prepared for learning and interacting with others.

Davison Middle School science teachers Mrs. Crystal Weekley and Mrs. Kerri Major were among grant recipients in the 2023-24 Davison Educational Foundation Classroom Mini-Grant program.

- "SEL/Self Regulation Bins," submitted by Thomson Elementary interventionist **Sara Howes** and speech pathologist **Erin O'Connor**. This \$1,000 grant will provide each classroom with self-regulation kits that will contain items such as visual timers, schedules, fidgets and emotional support activities to assist students needing a break. Self-regulation activities are critical for kindergarten students as it allows them to engage with sensory

exploration, learn to regulate their emotions, develop social skills such as sharing and turn-taking and build self confidence as they explore new materials and experiences.

- "P2P - Links at Central," submitted by Central Elementary teacher **Daniyle Weir**. This grant will provide the Central Elementary Peer to Peer Central Links program a budget in order to purchase games, manipulatives, books and provide funding for group activities to foster relationships between Link buddies and their peers. Peer to Peer is a school-wide program designed to increase academic, independence and social engagement opportunities for students with autism and other disabilities. This is achieved by inviting multiple peers without disabilities to learn about their schoolmates with developmental or intellectual disabilities. Peer education gives students knowledge and skills that demystify disabilities and increase understanding and acceptance. Students learn to advocate with, and for, students with disabilities.

Congratulations to our 2022 DCS retirees

We are sad to see these DCS staffers leave but wish them well in their retirement!

Kim LaFave – 10 years.

Kim has taught at Hahn Intermediate for the past 10 years but began working at Flint Community Schools in the early 1980s as a certified sign language interpreter. After continuing her education at the University of Michigan-Flint and Marygrove College, Kim transitioned to teaching in various Flint elementary buildings until deciding to become a stay-at-home mom. When she decided to return to work, it was as a substitute teacher at a variety of schools in Genesee County, including Davison, where she was hired in 2013.

Kim's retirement plans include sleeping in, traveling and spending time with her 91-year-old mom, husband and adult children. She also will be looking for ways to help others in need, work somewhere part time and searching for a home in Florida to relocate to next year when her husband retires.

Kim is married to George and has a daughter, Chloe, who is married to Ian, and son Josiah. The family includes dog Bella and grand dog Winston.

Kim's advice for her successor is this: "be willing to serve and put others first, fight through the pain, weep with those who hurt, love the unlovable, listen with your heart, keep the bar high, be trustworthy, have tough skin, be flexible, apologize when you need to, stay focused on what is honorable and true, forgive often, believe that your students are masterpieces in progress, teach them that they have a purpose, never give up on them or yourself. Many will finish well, and for that, it will be worth all the effort so strap on your seatbelt and enjoy the ride."

Mike Kennedy – 15 years.

Mike served as a substitute teacher in the district for about two years before he was hired in August of 2008. He is retiring as a fourth grade teacher from Siple Elementary but also taught at Central and Thomson.

Mike plans to spend time with his family – especially his grandchildren – and at his cabin near Tawas. He and his wife, Sheryl, also plan on traveling the world as much as they can.

Mrs. Kim LaFave

Mr. Mike Kennedy

Mrs. Anna Wojciechowski

Mrs. Wendy Brooks

Mr. James Schuster

Mrs. Michelle Nuckolls

Mrs. Marsha Barton

Ms. Julie Whitman

Supt. Kevin Brown

Mr. David Clifford

Mrs. Lori Rodabaugh

Mr. Greg Moriartey

Mike said there have been so many memorable moments over the years that he cannot pick just one or two to share.

"Every day was an adventure!" he said.

Mr. Phil Thom

Mrs. Patti White

Mike and Sheryl have been married for 31 years. Their children include: David and wife Megan. David is a captain in the armed forces. Son Joe is married to Stefanie and they have a son, CJ, and are expecting daughter Alice. Joe is an Episcopal priest currently in Lansing. Daughter Karissa works for Experiential Printing Co.

Mike's advice to his successor is to seek help when you need it. Listen to your students - they have

a lot to teach us, and most of all, realize that you are in the most incredible occupation in the world. Enjoy it!

Anna Wojciechowski – 19 years.

Anna is the secretary to the principal at Thomson Elementary. While working with little people can create a lot of memorable moments, Anna says it's the memories of spending time with her co-workers that she will treasure the most.

Anna is a brand new grandmother and her retirement plans including hanging out with granddaughter Jeannie Rose, traveling and enjoying a slower-paced life.

Anna is married to Mike, who will be semi-retired this year from Wojo's Greenhouses. They have two children, both of whom are DHS graduates. Son, Kevin, is a priest in Harbor Beach and daughter, Valerie is a photographer. She and her husband, JP, live in Jackson with their 1-month-old baby.

Wendy Brooks – 22 years.

Wendy is the secretary to the assistant principal at Hahn Intermediate. She began working in Davison and Kearsley with the district school nurse, Denise Sands, in 1999. She was hired full time in Davison on February 20, 2001. Prior to coming to Davison, Wendy worked for Oakland Schools as a secretary to the superintendent and special education director from 1978 to 1984.

Wendy says her retirement will include summers at her cabin on Manistee Lake in Kalkaska and winters will be spent someplace where it is warm.

Working at Hahn has always been fun and the people are awesome, Wendy said, adding that it was a privilege to work all her full-time years at Hahn with such a great group of people.

Wendy has been married to Rick for 40 years. They have three children: Ricky just got married a year ago to Annie and is a special education teacher in the Howell School District. Son Trevor and daughter Taylor are twins. Trevor is a manager for Hilton Hotels and Taylor is the computer lab facilitator at Davison Alternative Education.

Wendy's advice to her successor is to start writing a book of all the fun things students and parents say. She says: "I always say I would be rich if I had written even half of the funny things that have happened while I worked for Davison Community Schools."

James C. Schuster – 24 years.

Jim is retiring as the Director of Band and Orchestra at Davison High School, a position he has held since September 1999. Prior to Davison, Jim taught for three years at Redford Union High School.

Jim's retirement plan is to travel excessively, including a cruise to Alaska and a trip to Hawaii this summer (where he will also jump out of a plane).

He says he will also have to stand some day on the Great Wall of China, visit the Opera House in Sydney, Australia, visit New Zealand because his grandmother once went there, take a several months long cruise along the Seine River to get in as many stops as he can in Europe, spend some extensive time discovering the countryside of Japan and has a dream of traveling the entire perimeter of the United States just stopping wherever he wants to stop. Jim also plans to take care of his parents and watch at least one football game in each of the Big 10 stadiums.

Jim said some of his most memorable events include performing with Broadway artists while in New York with the students, marching at both Michigan State University and the University of Michigan and creating a second audition-based string class. Most memorable has been meeting the people who are his lifelong friends.

Jim has this piece of advice for his successor: "Your relationship with students is paramount. It will determine the culture you create and the music you produce.

Michelle Nuckolls – 25 years.

Michelle is an English teacher at Davison High School.

While Michelle will continue working in real estate, she does plan to travel and NOT pay peak prices and live life a little slower.

Rather than memorable moments, Michelle says she has more of a generalized realization from her career. She says people outside of teaching don't realize just how many really awesome teenagers there are! She will miss meeting new students each year and building those relationships.

Michelle is married to Rob, who has been retired and following a different daily schedule for almost 10 years, so he is ready for their schedules to align. They have a daughter, Sydney, who graduated this spring from Oakland University, majoring in Graphic Design and a son, Logan, who is an industrial electrician apprentice for a company in Pontiac.

Michelle's advice to her successor is this: "Even though you are the teacher in the room, continue to be student-minded. It's so important to never stop learning to improve your craft!"

Marsha Barton – 28 years.

Marsha has worked as a cook at Thomson Elementary, Davison Middle School, Davison High School and Gates Elementary. She also worked as a childcare provider at the Cardinal's Nest. In addition to work in the district, she has also held jobs in home health care, as a custodian, sales clerk and numerous cooking positions over the years.

Now that she is retired, Marsha said so is her alarm clock. She is enjoying having more time to

spend time with her family and gardening, getting the opportunity to read a whole book. She plans to once again try her hand at genealogy.

One of the most memorable moments of Marsha's career occurred at Thomson Elementary. While piloting the breakfast program there, Marsha would deliver breakfast to each classroom. One morning when she got to Jan Adams' classroom, she was greeted by all the students shouting "Marsha, Marsha, Marsha" just like out of the scene from the Brady Bunch.

Marsha and her husband, Paul, have three children: Adam, Nate and Jennifer, and two grandchildren: Tanner and Hailey.

Marsha's advice to her successor is simply to enjoy what you do.

Julie Whitman – 28 years.

Julie has spent the last 25 years working as a special education paraprofessional at Siple Elementary. She also worked three years as a monitor at Hill Elementary.

Julie is looking forward to spending more time with her family, golfing and traveling.

As far as knowing her way around the district, you could say Julie is a pro. Throughout her years here she has worked at every building in the district many times doing many different jobs. She also went to Siple Elementary as a student during first through fifth grade.

Julie has three children: Rachel, who teaches at Thomson Elementary, Shannon and Kyle. She also has four grandchildren.

Kevin Brown – 29 years.

Kevin has been an educator for nearly 40 years. Before he was hired to teach at Davison High School in 1994, he had a decade of parochial school experience at Holy Redeemer and St. Mary Queen of Angels.

Kevin's retirement plan is simple. He plans to NOT WORK! Instead his days will be filled with hunting, fishing and traveling.

Kevin has led the district through some of the toughest, most stressful – and unprecedented – times. Navigating through the COVID pandemic and all the challenges that ensued made for some difficult decisions. Under Kevin's leadership, the district also passed a \$71.39 million-dollar bond that is being used to make buildings safer and provide a state-of-the-art Performing Arts Center. He should be proud of the work he has done and the legacy he is leaving.

Kevin and his wife, Debbie, have three children: Son Jacob is the Head Custodian at Siple Elementary, daughter, Morgan and son, Logan.

His advice is to always put kids first. Make decisions based on what is in the best interest of the

student.

David Clifford – 30 years

David is a fifth grade teacher at Hahn Intermediate. He started with the district in 1993 in the Central Elementary Special Education EI classroom. He moved to Hahn to teach English language arts when the building opened in the late 1990s.

David is looking forward to resting, reading, traveling abroad and wintering in Venice, Florida.

It was during his second year of teaching that David was gifted a Mickey Mouse stuffed animal from one of his special education students. The student was so proud of the toy and he knew that his teacher liked Disney. The stuffed toy was worn, dirty and well-loved but Dave said his student's face just beamed when he gave it to David. To this day, David still has that stuffed Mickey Mouse.

David's advice to his successor is to greet each and every student as they walk in the door every morning. That way they will know you care. That goes a long way with a student – just knowing that someone cares.

Lori Rodabaugh – 30 years

Lori is retiring as the Head Cook at Central Elementary. She has also worked at Gates Elementary and Davison Middle School.

Lori is looking forward to spending more time at her cabin up north and relaxing with family and friends.

Lori says she has enjoyed every day and will miss the kids bringing her dandelion flowers at lunch.

Lori and her husband, Harold, have three children and four grandchildren.

Her advice to her successor is to enjoy every day. Smile and don't sweat the small things.

Greg Moriarty – 36 years

Greg is a proud graduate of the University of Michigan. In 1987, Greg was hired to teach science and physical education at Davison Middle School. The following year he taught physical education at all of the elementary schools in Davison. That lasted only a year and Greg went back to the middle school to teach physical fitness and math until 1995 when he transferred to Davison High School, where he has remained.

In addition to teaching, Greg has served as a coach to many student athletes over the years, including Middle School track for nine years, Girls' Varsity Basketball for four years, Davison football – including freshman, JV and Varsity Assistant – and boys' freshmen and JV Basketball for more than 25 years.

Greg is responsible for starting an intramural basketball program for the kids who did not get

Retirees/Continued from Page 13

selected for the high school teams. At its peak, there were 24 teams made up of students and teachers. The league operated for more than 10 years.

It should come as no surprise that some of Greg's fondest memories come from coaching. Like the time he and retiree John Kerr were coaching freshmen football and had a future NFL player – Barry Stokes – on their team. They opened the season with a lopsided victory over Powers. After the victory, one of the players asked if the coaches would take them to McDonald's. It was at that time that the coaches challenged the kids to go 9 and 0 and then they would go to McDonald's. Guess what? The team went 9 and 0 that year and, yes, were taken to McDonald's.

Years later, one of Greg's JV football players wanted him to get a mohawk. Once again, Greg told the team, you go 9 and 0 and he would get a Mohawk. Sure enough, the team went 9-0 and they shaved his head into a Mohawk.

Greg and his wife, Debbie, have three children: Alyssa Dougherty is a 2012 DHS graduate and is married to Tyler. Josh is a 2017 DHS graduate and works in Milwaukee. Youngest daughter, Emily, is a 2018 DHS graduate and recently graduated with a bachelor's degree in nursing.

Greg's advice to his successor is simple: "Do what is right, not what is easy."

Phil Thom – 36 years

Phil, who serves as Executive Director of Operations, began his career at DCS on December 16, 1986, just three years after graduating from Davison High School.

"After attending Davison Schools through graduation, leaving for three years and returning for 37 years, I will finally get to graduate after 50 years of coming to DCS every day," Phil says.

Phil said he plans to hunt and fish in as many states and countries as possible.

"But the first thing I plan to do is set my phone down and not worry about checking it 24/7 for unexpected work disasters," he said.

Phil said his most memorable moments from his career include the time he discovered a large fire at Siple Elementary shortly after it started and all of the cool and exciting building projects he has had the privilege of managing for the district.

Phil is married to his lovely wife, Cindy. His family includes three children and two grandchildren, Gatlin and Cole.

His advice to his successor is to keep your telephone on at all times and leave a notepad on your night stand. You will be able to write down any new

emergencies that come up along with possible solutions to the ones that are keeping you awake.

Patti White – 37 years

Patti is a survivor of the Teen Survival class she has taught for years at Davison Middle School, where kids learned valuable life lessons like cooking and sewing.

When she started at Davison High School in 1986, Patti taught culinary arts in the Vocational Ed building (now Davison Alternative Education). In August of 1992, Patti transferred to Davison Middle School to teach science and she has been teaching Teen Survival since August 2000.

Patti's retirement plans include spending time with family, traveling, camping and enjoying the outdoors.

Patti said memorable moments include the many staff events that her students catered when she worked at the high school. At Davison Middle School, spending time with staff at holiday parties and get togethers and having fun with the kids have been the best parts of her job.

Patti and her husband, Bob, have a daughter, Samantha, who is married to Justin VanHorn.

Patti's advice is to always step back and look at the big picture. Have fun with the kids – just don't let them have too much fun with you!! Just remember that all kids are individuals and they like to know you care about them.

We would also like to recognize several other retirees

- **Kathy Bennett**, Counselor at Davison Alternative Education, six years
- **Val Buse**, Cook at Davison Middle School, 14 years.
- **Renee Roth**, Paraprofessional at Gates Elementary, 26 years.

the biggest smile on her face. Sadly, this year Anna is retiring. Our staff will miss her daily hugs, laughs, and tough love. She is irreplaceable and means the world to all of us. That is why Anna should be the Support Staff of the year recipient."

The awards are sponsored by the Davison Educational Foundation. The Teacher of the Year Award has three categories: Secondary Teacher of the Year; Middle School/Hahn Teacher of the Year and Elementary Teacher of the Year.

The Teachers and Support Person of the Year each receive a plaque and a \$500 award to be used in their classroom or building in which they are assigned and for a project that benefits kids.

This year the district received 370 nominations from students, parents and fellow teachers.

Nominees for the Secondary Teacher of the Year Award included: **Jodi Aboneaaj, Jody Baldrige, Amy Corlew-Sherlock, Brett Coron, Michael Crongeyer, Katie Davis, Charlotte Dotson, Zachary Evans, Ruth Friske, Lindsay Gokey, Christine Harrison, Patrick Herriman, Michael Hull, Amy Hyrman, Andrew Michalik, Amanda Mobley, Greg Moriartey, Raina Palso, Karlee Pins, Nicole Powers, Pam Ruggiero, Anthony Schaaf, Jim Schuster, Randy Scott, Melissa Simpson, Blake Smith, Trevor Smith, Mary Ann Stedry, Ryan Suchy, Sarah Supal, James Woods, Jessica Stengel.**

**READ TO A MILLION 2023
SUMMER READING CHALLENGE**

June 1, 2023 - August 31, 2023

The dreaded summer reading slide is a big deal, and yes – it is a real thing. When students are not exposed to reading and learning over the long summer months, they can lose many essential skills.

Make sure summer is full of reading and great books! Participation in the **Read to a Million Challenge** can boost reading skills. It is also a great way to encourage your student to read during the summer months! **Will they accept the challenge?**

Students can be as much as 2½ years behind by fifth grade due to the summer reading slide.

Reading helps improve children's literacy skills and improves their chances of graduating from high school.

Students who read during the summer months can improve reading skills.

Reading is fun!

Students in grades PreK-12 who attend a Genesee County public school district or public school academy are eligible to participate.
