

# Stevenson High School Board Bulletin

A monthly message from the Board of Education

## FEBRUARY 2024

Welcome to our Stevenson High School Board Bulletin, a monthly message from our Board of Education that will include key updates that impact student life at Stevenson. We are very pleased to share several key takeaways from our most recent board meeting below. Thank you for your engagement on these very important issues! We look forward to staying in touch.

Sincerely,  
Stevenson High School Board of Education

## KEY TAKEAWAYS

Our board meeting agendas often include many items for discussion. While you will always be able to review the agenda, meeting minutes and video recordings of these meetings on [our Board webpage](#), this Board Bulletin provides key takeaways for our Stevenson community.

1

The Science Division's AP Physics 2 team presented on their social emotional learning efforts. The team reviewed student responses to the SEL survey and identified a key opportunity for growth: SEL data suggested that students in AP Physics 2 struggle to self-assess their own learning. In other words, students did not know what they did or did not know.

To help students more accurately self-assess their learning, the AP Physics 2 team then incorporated "self assessment" reflection tools - given before and after assessments - with the goal of identifying which topics require more focused study. The team's hope is that the tool/reflection skill can be applied beyond AP Physics 2, by helping students become more self-aware and proactive in their learning, no matter the subject matter material.
