Library Materials

The District maintains libraries primarily for use by District students. The Librarian is responsible for selecting materials for inclusion in the libraries, subject to the approval of the Superintendent. Prior to presenting materials for inclusion in the library, the Librarian may consider the existing collection, the curricular needs of the students and the recommendations of the American Association of School Librarians in determining what materials are appropriate for the libraries.

Library materials may be checked out by students or staff during the instructional day. Students and staff who check out library materials are responsible for the care and timely return of such materials. Building principals may assess fines for damaged or unreturned books.

Any individual may challenge the selection of materials for use in the libraries. The Superintendent shall appoint a committee of teachers, a librarian and administrators as independent investigators pursuant to the Learning Materials Review to determine if the challenged material is properly located in the library.
