**INDEPENDENT AUDITOR'S REPORT**

**To the President and Members of  
The Board of Education  
*Southwestern Central School District*  
Jamestown, New York**

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of *Southwestern Central School District* as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise *Southwestern Central School District's* basic financial statements as listed in the table of contents. We have also audited the fiduciary fund types of the *Southwestern Central School District* as of June 30, 2022, as displayed in the District's basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the *Southwestern Central School District*, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the *Southwestern Central School District* and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Change in Accounting Principle***

As described in Note 9 to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, Leases. Also, as described in Note 10, the District recorded a prior period adjustment related to update to the District's capital asset records. Our opinion is not modified with respect to these matters.

***Report on Summarized Comparative Information***

We have previously audited the *Southwestern Central School District's* June 30, 2021 financial statements, and our report dated October 12, 2021, expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund, and aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the *Southwestern Central School District's* ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

### **Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the **Southwestern Central School District's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Southwestern Central School District's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 3-9) and budgetary comparison information (pages 38-39) schedule of changes in District's net OPEB liability and related ratios (page 45), schedule of District contributions – OPEB (page 46), schedule of the District contributions for defined benefit pension plans (page 47) and the schedule of the District's proportionate share of the net pension asset/liability (page 48) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the **Southwestern Central School District's** basic financial statements. The accompanying combining and individual fund financial statements and other schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is also presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, other schedules, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 11, 2022, on our consideration of the **Southwestern Central School District's** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the **Southwestern Central School District's** internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering **Southwestern Central School District's** internal control over financial reporting and compliance.

# ***SOUTHWESTERN CENTRAL SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2022***

**Page 3**

## **I. Discussion and Analysis**

The following is a discussion and analysis of the *Southwestern Central School District's* financial performance for the year ended June 30, 2022. This section is a summary of the District's financial activities based on currently known facts, decisions, or conditions. It is based on both the government-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which follows this section.

## **II. Financial Highlights**

The following items are the financial highlights experienced by the *Southwestern Central School District* during the fiscal year ended June 30, 2022:

- Overall net position from operations of the District increased during the current year in the amount of \$7,304,000 as compared to an increase of \$591,000 during the prior fiscal year.
- The District's total revenue increased 11% from \$30,389,000 during the year ended June 30, 2021 to \$33,799,000 during the year ended June 30, 2022. This increase was primarily the result of an increase in federal grants and state aid.
- The District's total expenses decreased approximately 11% from \$29,798,000 during the year ended June 30, 2021 to \$26,495,000 during the year ended June 30, 2022. This decrease was primarily the result of a decrease in expenses related to the District's pension and other post-employment benefits.
- The District had capital outlays totaling \$2,128,000 during the current year related to the capital renovation project, smart school bond project, transportation vehicles and equipment related to right-to-use assets.

## **III. Overview of the Financial Statements**

This annual report consists of three parts: MD&A (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of *Southwestern Central School District*.

## **III. Overview of the Financial Statements (continued)**

### **A. Reporting the School District as a Whole (District-wide Financial Statements):**

The district-wide statements report information about the School District as a whole using accounting methods similar to those used by private-sector companies. Activities that are fiduciary in nature are not included in these statements.

#### **1. Statement of Net Position**

The Statement of Net Position (page 10) shows the School District's assets, deferred outflows of resources, liabilities, deferred inflows of resources and the net position. The Statement categorizes assets to show that some assets are very liquid, such as cash and cash equivalents. Some assets are restricted for certain purposes or reserved for emergencies and cash flow purposes. Some assets are invested in "fixed" or "capital" assets, such as buildings, equipment and other long-lived property; and some assets are available to fund budgets of the following year.

#### **2. Statement of Activities**

The Statement of Activities (page 11) shows the amounts of program-specific and general District revenue used to support the District's various functions.

The Statement of Net Position and Statement of Activities divide the activities of the District into two categories: governmental activities (the school functions, including general support, instruction, transportation, administration, etc.; property taxes, state and federal revenue usually support most of these functions) and proprietary activities. The District only had governmental activities during the current fiscal year.

The two district-wide statements report the School District's net position and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources and the District's liabilities and deferred inflows of resources – is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Page 4**

**III. Overview of the Financial Statements (continued)**

**B. Reporting the District's Most Significant Funds (Fund Financial Statements):**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or major funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Significance of funds is determined based on the proportional size of the funds, the relative importance of the activities of the funds to the District's operations, and the existence of legal budget requirements. Internal Service funds are never reported as major funds, but are combined and presented in a separate column.

The District has two kinds of funds:

**1. Governmental Funds**

Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and the balances left at year-end that are available for spending. Consequently the governmental funds

statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.

**2. Fiduciary Funds**

The District is the trustee, or fiduciary, for assets that belong to others, such as the Chautauqua Consortium and the property taxes collected for other governments. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the district-wide financial statements because it cannot use these assets to finance its operations.

### **B. Reporting the District's Most Significant Funds (Fund Financial Statements) (continued):**

**Figure A-2 - Required Components of the District's  
Annual Financial Report**

## **IV. Financial Analysis of the School District as a Whole**

### Net Position

The District's total reporting entity net position was approximately \$23,124,000. The components of net position include: net investment in capital assets and right-to-use assets of \$33,376,000; restricted net position of \$3,515,000; and unrestricted net deficit of \$13,767,000.

### Changes in Net Position

The District's total government-wide revenue increased by approximately 11% to \$33,799,000. Approximately 41%, 7% and 50% of total revenue is derived from the property taxes, operating grants and state aid, respectively. The remaining 2% comes from federal aid, use of money and property, miscellaneous, charges for services and other operating grants and contributions.

## **IV. Financial Analysis of the School District as a Whole (continued)**

### Changes in Net Position (continued)

The total cost of all programs and services of the District decreased 11% to \$26,495,000. The District's expenses cover a range of services, with 72% related to instruction and 17% related to general support. Figure A-4 through figure A-8 and the narrative that follows considers the operations of governmental activities, along with revenue and net costs percentages for governmental activities.

### Governmental Activities

Revenue of the District's governmental activities increased approximately 11%, while total expenses decreased 11%. The District's total net position from operations increased approximately \$7,304,000 during the fiscal year ended June 30, 2022.

### Revenue

Figure A-4 presents the major sources of revenue of the District. Revenue of the District totaled \$33,799,000 for the fiscal year ended June 30, 2022. The most significant changes in the District's governmental revenue are more thoroughly discussed as follows:

- Property tax revenue which represents approximately 41% of the District's total revenue for governmental activities increased approximately 1% during the year ended June 30, 2022 as a result of an increase in the tax levy.
- One of the District's most significant revenue is from state sources which represent \$17,012,000 or 50% of total governmental revenue. State sources increased by approximately 15% resulting from the increase in the basic formula aid.
- During the year ended June 30, 2022, the District saw an increase in program revenue, which mostly resulted from an increase in operating grants of \$1,173,000 related to pandemic related grants and an increase in charges for services of \$85,000, as compared with the prior year revenue.
- The District also had a decrease in Federal sources during the year ended June 30, 2022 due to CARES Act monies received and expended in the prior year.

## **IV. Financial Analysis of the School District as a Whole (continued)**

### Expenses

Figure A-8 presents the cost of each of the District's six largest expenditure-type, which include; general support, instruction, transportation, debt service, community services and cost of sales; as well as each expenditure-type's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the District's taxpayers and NYS by each of these functions. Total costs of the District's governmental activities were \$26,495,000. The most significant changes in the District's governmental expenses are more thoroughly discussed as follows:

- The District's general support decreased by approximately \$5,000 or 0% which was primarily the result of a decrease in pension and other post-employment benefit expenses.
- The District's instruction costs decreased by approximately \$3,741,000 or 16%. This was primarily the result of a decrease in pension and other post-employment benefit expenses.
- Debt service of the District increased approximately \$66,000 during the year ended June 30, 2022. This increase was primarily the result of an increase in interest costs.
- Transportation costs of the District increased 10% or \$152,000 during the year ended June 30, 2022 due to an increase in wages.
- The District's cost of sales (food service fund) totaled \$568,000 during the current year as compared to \$361,000 during the fiscal year ended June 30, 2021. This is primarily caused by the increase in meals served during the year.
- The District received approximately \$2,553,000 of operating grants and charges for services from its state and federal grants and tuition and transportation aid which subsidized certain programs of the District.
- Most of the District's net costs (\$24 million) were financed by real property taxes and state aid.

## **V. Financial Analysis of the School District's Funds**

It is important to note that variances between years for the governmental fund financial statements (Balance Sheets and Statement of Revenue, Expenditures and Changes in Fund Equity) are not the same as variances between years for the District-wide financial statements (Statement of Net Position and Statement of Activities). The District's governmental funds are presented on the current financial resources measurement focus and the modified accrual basis of accounting, while the statement of net position is presented on the full accrual method of accounting. Therefore, governmental funds do not include long-term debt liabilities for the funds' projects and capital assets and right-to-use assets purchased by the funds. Governmental funds will include the proceeds received from the issuance of debt, the current payments for capital assets and right-to-use assets, and the current payments for debt. Below is a description of the most significant changes to the fund financial statements from those reported in the previous year.

### **General Fund**

- The District's general fund revenues and other sources exceeded its expenditures and other uses by approximately \$769,000.
- The District's general fund unassigned fund balance equated to approximately \$1,873,000 as of June 30, 2022.
- The District had many fund balance reserves which totaled approximately \$2,880,000 as of June 30, 2022.

**SOUTHWESTERN CENTRAL SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Page 8**

**V. Financial Analysis of the School District's Funds  
(continued)**

General Fund (continued)

- The District's total assets increased approximately \$969,000 as of June 30, 2022 primarily due to an increase in cash on hand and amounts owed from other funds. The District's liabilities increased approximately \$243,000 primarily due to an increase in accounts payable and amounts due to the TRS and ERS plans.
- Total revenue in the District's general fund increased \$2,315,000 due to an increase in state sources.
- Total expenditures in the District's general fund increased by approximately \$2,225,000 due to an increase in debt service costs and instructional costs.

Food Service Fund

- The District's food service fund experienced a \$120,000 increase in fund equity during the current fiscal year.
- Revenue in the District's food service fund was \$688,000 during 2022 as compared with \$409,000 in 2021. Expenditures increased approximately \$207,000 as compared with the prior year. The increase in revenue can be attributable to an increase in meals served which also contributed to an increase in expenses.

Special Aid Fund

- The District's special aid fund revenue and expenditures increased approximately \$1,214,000 or 147% primarily due to an increase in Pandemic related grants.

Capital Projects Fund

- Total expenditures incurred during the current year amounted to was approximately \$ 1,401,000 and was related to Phase VII, smart bond expenditures and the purchase of transportation vehicles.

Miscellaneous Special Revenue

- During the year ended June 30, 2022, the District transferred \$34,000 of these funds to the general fund to offset debt service costs.

**VI. General Fund Budgetary Highlight**

Over the course of the year, the District makes many budget transfers. Actual expenditures were approximately \$1,126,000 below the revised budget. The most significant positive variance was in the area of instruction which totaled \$535,000 below that budgeted. Resources available for appropriations were approximately \$504,000 above the final budgeted amount.

**VII. Capital Assets and Right-to-use Assets and Debt Administration**

Capital Assets and Right-to-use Assets

As depicted in Figure A-10, as of June 30, 2022, the District had invested approximately \$61,647,000 in a broad range of capital assets and right-to-use assets, including reconstruction projects, transportation vehicles and other equipment. Capital additions made during the year ended June 30, 2022, totaled approximately \$2,128,000 and primarily related to the District's ongoing capital project and smart bond expenditures. More detailed information about the District's capital assets and right-to-use assets is presented in the notes of the financial statements.

Long-term Liabilities

As depicted in Figure A-11, as of June 30, 2022, the District had approximately \$48,133,000 in bonds payable, lease liabilities, net pension liability and other post-employment benefits, a decrease of approximately 17% as compared with the previous year. The decrease in bonds payable was the result of the District making regular principal payments during the year. With regards to the decrease in the net pension liability and decrease in the other post-employment benefits, during the current year the District received updated actuarial studies. Also, the District implemented GASB 87 which resulted in the recognition of lease liabilities.

**BALANCE SHEET TO THE STATEMENT OF NET POSITION**  
**AS OF JUNE 30, 2022**

**Total fund balances - governmental funds** \$ 4,135,964

Amounts reported for governmental activities in the statement of net position are different because:

Capital and right-to-use assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. Capital assets and right-to-use assets consist of the following at year-end:

Cost of the assets	\$ 91,531,773	
Accumulated depreciation/amortization	<u>(29,884,980)</u>	61,646,793

The net difference in an advanced bond refunding between the acquisition price of the refunding bonds and the remaining principal of the refunded bonds is reported as a defeasement loss on the statement of net position and is amortized.	52,575
--	--------

District's proportionate share of the net pension assets are reported on the statement of net position, whereas in the governmental funds, pension costs are based on required contributions.	9,978,484
---	-----------

Net deferred outflows (inflows) of resources related to actuarial pension/OPEB differences are reported on the statement of net position and amortized over the average members' years of service. In the governmental funds, pension and OPEB expense is based on required contributions.	(4,321,956)
--	-------------

Interest on long-term liabilities is not accrued in governmental funds, but rather is recognized as an expenditure when due.	(235,000)
--	-----------

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of the following:

Bonds payable, net	(26,765,068)	
Lease liability	(25,478)	
Other post-employment benefits	<u>(21,342,693)</u>	(48,133,239)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense. Activity for the current fiscal year ended was as follows:

Capital outlays	\$ 2,127,631	
Depreciation and amortization expense	<u>(3,134,384)</u>	(1,006,753)

Proceeds from the sale of assets are recorded as revenue in the governmental funds, whereas in the statement of activities a gain or loss is reported.	(64,211)

**SOUTHWESTERN CENTRAL SCHOOL DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

**Page 18**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**I. Significant Accounting Policies**

The accompanying financial statements of the **Southwestern Central School District** have been prepared in conformity with generally accepted accounting principles (GAAP) for governments as prescribed by the Governmental Accounting Standards Board (GASB) which is the standard setting body for establishing governmental accounting and financial reporting principles.

**A. Reporting Entity**

The financial statements include all funds and account groups of the School District as well as the component units and other organizational entities determined to be includable in the School District's financial reporting entity.

The decision to include a potential component unit in the School District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief review of certain entities included in the School District's reporting entity:

**1. The Extraclassroom Activity Funds**

The extraclassroom activity funds of the **Southwestern Central School District** represents funds of the students of the School District. The Board of Education exercises general oversight of these funds and has adopted the guidance prescribed by the New York State Education Department for safeguarding, accounting and auditing of extraclassroom activity funds. As a result, these funds do not meet the criteria required to be reported as fiduciary funds and are reported in a governmental fund. The cash and investment balances are reported in the General Fund of the District. Under previous guidance the cash and investment balances were reported as agency funds. The audited financial statements (cash basis) of the extraclassroom activity funds are available in the District's offices.

**B. Joint Venture**

The **Southwestern Central School District** is one of 27 component school districts in the Erie 2 – Chautauqua-Cattaraugus Board of Cooperative Educational Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that share planning, services, and programs which provide educational and support activities.

BOCES are organized under Section 1950 of the Education Law. A BOCES Board is considered a corporate body. All BOCES property is held by the BOCES Board as a corporation (Section 1950(6)).

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Joint Venture (continued)**

In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under Section 119-n(a) of the General Municipal Law. A BOCES budget is comprised of separate budgets for administrative, program, and capital costs.

Each component school district's share of the administrative and capital cost is determined by resident public school district enrollment as defined in Education Law, Section 1950(4)(b)(7).

There is no authority or process by which a school district can terminate its status as a BOCES component. In addition, component school districts pay tuition or a service fee for programs in which its students participate. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of Section 1950 of the Education Law.

During the year, the District was billed approximately \$4,406,000 for BOCES administration, capital, and program costs. The District's share of BOCES aid and refunds amounted to \$1,582,000 for the year ended June 30, 2022. Financial statements for the Erie 2 – Chautauqua-Cattaraugus BOCES are available at the BOCES administrative offices in Angola, New York

**C. Basis of Presentation**

**1. District-wide Statements**

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize double counting of internal transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants

and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**2. Fund Financial Statements**

The fund statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The District reports the following major governmental funds:

**General** - is the general operating fund and is used to account for all financial transactions except those required to be accounted for in another fund.

**Special Aid** - is used to account for the proceeds of specific revenue sources such as Federal and State grants that are legally restricted to expenditures for specified purposes, whose funds are restricted as to use. These legal restrictions may be imposed by either governments that provide the funds or outside parties.

**Food Service** - is used to account for all revenue and expenditures pertaining to the cafeteria operations.

**Capital Projects** - is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

**Debt Service** - is used to account for the accumulation of resources and the payment of general long-term debt principal and interest.

**Miscellaneous Special Revenue** - is used to account for and report those revenues that are restricted and committed to expenditures for specified purposes.

**Fiduciary Fund Types** - Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the District-wide financial statements, because their resources do not belong to the District, and are not available to be used. Custodial funds are held by the District as an agent for in nature and generally accrual basis of accounting. This includes activities reported for taxes collected on behalf of other governments as well as receipts and disbursements for the Chautauqua Consortium.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Measurement Focus and Basis of Accounting**

The District-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within the current period or soon enough thereafter to be used to pay liabilities of the current period, except for real property taxes, which are considered to be available if they are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital and right-to-use asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**E. Cash and Cash Equivalents**

For financial statement purposes, all highly liquid investments of three months or less are considered as cash equivalents. New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

**Page 20**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**F. Investments**

Investments are stated at the lower of cost or current market value.

**G. Accounts Receivable**

Accounts receivable are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts have been provided since it is believed that such allowances would not be material.

**H. Inventory**

Inventories of food in the School Food Service Fund are recorded at cost on a first-in, first-out basis or in the case of surplus food, at stated value which approximates market. Purchases of inventorable items in other funds are recorded as expenditures at the time of purchase.

**I. Due To/From Other Funds**

The amounts reported on the Statement of Net Position for due to and from other funds represents amounts due between different fund types (governmental activities, and fiduciary funds). Eliminations have been made for amounts due to and due from within the same fund type. A detailed description of the individual fund balances at year-end is provided subsequently in these notes.

**J. Interfund Transfers**

The operations of the School District give rise to certain transactions between funds, including transfers to provide services and construct assets.

**K. Capital Assets**

Capital assets are reported at actual cost. Donated assets are reported at estimated fair market value at the time received. During the current year, the District had a full independent appraisal of its fixed assets and as a result restated its fixed assets to reflect estimated historical cost and accumulated depreciation as determined by the appraisal group.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the District-wide statements as follows:

	Capitalization Threshold	Method	Estimated Useful Life
Buildings	\$ 5,000	Straight-line	40 years
Site improvements	5,000	Straight-line	20 years
Furniture and equipment	5,000	Straight-line	10-15 years
Transportation Vehicles	5,000	Straight-line	5-8 years

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**L. Deferred Outflows and Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government typically has several items that qualify for reporting in this category and is related to pensions and long-term debt reported in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportion share of total contributions to the pension systems not included in pension expense. Also, the District contributions to the pension (TRS and ERS Systems) and OPEB systems subsequent to the measurement date qualifies as a deferred outflows or resources. Additionally, the District reports actuarial differences related to OPEB which are deferred and amortized as a deferred outflow. Finally, the net difference in an advanced bond refunding between the acquisition price of the refunding bonds and the remaining principal of the refunded bonds is reported as a deferred outflow on the statement of net position and is amortized.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category and is related to pensions in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension liability (ERS and TRS Systems) and difference during the measurement periods between the District's contributions and its proportion share of total contributions to the pension systems not included in pension expense. The second item is related to OPEB reported in the district-wide Statement of Net Position. This represents actuarial differences which are deferred and amortized.

**Page 21**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**M. Compensated Absences**

Sick leave – the District's employee groups received a negotiated number of sick days which are earned on an annual basis. These sick days may be accumulated to a maximum of 200 days under the professionals and support staff contracts and 225 days for the administrators. Administrators and teachers hired after October 1, 2014 can convert unused sick leave towards the purchase of health insurance. Teachers hired after October 1, 2014 must meet a minimum of 10 years of service requirement and give notification by January 1<sup>st</sup> of the active school year prior to retirement.

**N. Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses.

**O. Unearned Revenue**

Unearned revenue is reported on the District's combined balance sheet. Unearned revenue arises when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Unearned revenue also arises when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the District has legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

**P. Post-Employment Benefits**

In addition to the retirement benefits described elsewhere in the notes to the financial statements, the District provides post-employment health insurance coverage to certain retired employees and their survivors in accordance with the provisions of the employment contracts negotiated between the School District and its employee groups.

Professional staff may become eligible for these benefits if they are eligible to retire pursuant to the New York State Teacher's Retirement System. Support staff, hired before July 1, 2006, may become eligible for these benefits if they are employed with the District for 8 years prior to retirement. The agreements give such employee groups the following options:

1. Option A: For professional staff hired before October 1, 2014, the District will pay 50% of the premium for single plans and 40% for family plans for a maximum of twenty five years. For support staff, the District will pay 55% of the premium for both single and family plans for life.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**P. Post-Employment Benefits (continued)**

2. Option B: Provided the District receives notice of the intent to retire and if the professional retires during the initial year he or she is eligible to retire, the District will pay 100% of the premium for single and 2 person PPO or POS, or 95% of family traditional, PPO or POS health insurance plans, until the retiree reaches the age of 65 years old.
3. Option C: Provided 10 years of service with the District the employee can convert accumulated unused sick leave up to a maximum of 200 days at a rate of \$165 per day.

Employees hired after October 1, 2014 are only eligible for option C above. Also, certain administrators have also negotiated provisions of post-employment benefits into their contract.

**Q. Fund Equity**

**1. Governmental Funds**

The Governmental Accounting Standards Board (GASB) has issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54). This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be reported within one of the fund balance categories listed below:

**A. Nonspendable**

Fund balance associated with assets that are inherently nonspendable in the current period because of their form or because they must be maintained intact, including inventories, prepaids, long-term loans and notes receivable, and property held for relate (unless the proceeds are restricted, committed, or assigned). Nonspendable Fund Balance includes the following category:

**1. Inventory Reserve**

This reserve is used to limit the investment in inventory and to restrict that portion of fund balance which is unavailable for appropriation. This reserve is accounted for in the School Food Service Fund.

**B. Restricted**

Fund balance amounts that can be spent only for specific purposes stipulated by constitutional, external resource providers including creditors, grantors, contributors, etc., or through enabling legislation. Restricted Fund Balance includes the following categories:

**Page 22**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Q. Fund Equity (continued)**

**1. Governmental Funds (continued)**

**B. Restricted (continued)**

**1. Capital Reserve**

This reserve is used to accumulate funds to finance all or a portion of future capital projects for which bonds may be issued. Voter authorization is required for both the establishment of the reserves and payments from the reserves. This reserve is accounted for in the General Fund.

**2. Reserve for Retirement Contributions and TRS subfund**

These reserves are used to accumulate funds for employee retirement system and the TRS system contributions. These reserves may be established by a majority vote of the Board of Education and are accounted for in the General Fund.

**3. Unemployment Reserve**

Unemployment Insurance Reserve is used to pay the cost of reimbursement to the State Unemployment Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may be either transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the General Fund.

**4. Tax Certiorari Reserve**

Tax Certiorari Reserve is used to establish a reserve fund for tax certiorari and to expend from the fund without voter approval. The monies held in the reserve shall not exceed the amounts which might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceeding in the year such monies are deposited must be returned to the General Fund on or before the first day of the fourth fiscal year after deposit of these monies. This reserve is accounted for in the General Fund.

**5. Reserve for Debt Service**

This reserve is used to account for proceeds from the sale of property that was financed by obligations still outstanding, interest and earnings

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**1. Governmental Funds (continued)**

**B. Restricted (continued)**

**5. Reserve for Debt Service (continued)**

on outstanding obligations, and remaining bond proceeds not to be utilized for the intended purpose. These monies must be used to pay the debt service of the obligations from which they originated. Their reserve is accounted for in the Debt Service Fund.

**6. Reserve for Employee Benefit Accrued Liability**

The purpose of this reserve is for the payment of any accrued employee benefit due an employee upon termination of the employee's service. This reserve fund may be established by a majority vote of the Board of Education and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. This reserve is accounted for in the General Fund.

**7. Scholarships and Foundation Endowment Reserve**

This reserve is used to account for endowments, scholarships and other funds held by the School District. These monies and earnings must be used for the specific purpose of the original contribution. This reserve is accounted for in the Miscellaneous Special Revenue Fund.

**C. Committed**

Fund balance amounts that can be used only for specific purposes determined by a formal action of the District's Board of Education, which is the District's highest level of decision-making authority. The District reports the fund balance of the extraclassroom activities as committed fund balance.

**D. Assigned**

Fund balance intended to be used by the District for specific purposes but does not meet the criteria to be restricted or committed. Along with the District's Board of Education, the Business Manager and Treasurer has been authorized to assign fund balance amounts for specific purposes through the establishment of an encumbrance.

**1. Governmental Funds (continued)**

**D. Assigned (continued)**

**1. Encumbrance Accounting**

Encumbrance accounting, under which purchase orders, contracts, and other commitments of the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is used in the General Fund, Special Revenue Funds, and Capital Projects Fund. If resources have already been restricted or committed for encumbrances, the encumbered amounts will be included with restricted or committed resources. If resources have not already been restricted or committed, amounts encumbered are considered assigned for the purpose of the expected expenditure. Reserve for encumbrances totaled \$185,670 as of June 30, 2022.

**2. Appropriated Fund Equity**

General Fund - The amount of \$539,803 has been designated as the amount estimated to be appropriated to reduce taxes for the year ending June 30, 2023 as allowed by Section 1318 of the Real Property Tax Law.

**E. Unassigned**

The residual classification of the general fund and includes all spendable amounts not contained in the other classifications.

**2. Government-wide financial statements**

**A. Net Investment in Capital Assets and Right-to-use Assets**

This designation of net position is used to accumulate the capital and right-to-use asset balance in the statement of net position less accumulated depreciation/amortization and outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

**B. Restricted**

This category represents amounts that can be spent only for specific purposes stipulated by constitutional, external resource providers including creditors, grantors, contributors, etc., or through enabling legislation.

**C. Unrestricted**

This category represents net position of the District not restricted for any other purpose.

**3. Order of Fund Balance Spending Policy**

When more than one classification of fund balance of the District are eligible to be utilized for an expenditure of the District, the order in which the fund balance classifications will be utilized will be as follows:

- a. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation;
- b. Committed fund balance for which action has been taken by the Board of Education, a designated school official, or by the voters of the District, specifically designating funds to the expenditure;
- c. Assigned fund balance created specifically for the expenditure (encumbered fund balance);
- d. Assigned fund balance within funds other than the General Fund of the District to which the expenditure relates;
- e. Unassigned fund balance.

**R. Budgetary Procedures and Budgetary Accounting**

**1. Budget Policies**

The budget policies are as follows:

- a) The School District administration prepares a proposed budget for approval by the Board of Education for the General Fund and the School Food Service Fund.
- b) The proposed appropriations budget is approved by the voters within the District.
- c) Appropriations are adopted at the program level.
- d) Appropriations established by adoption of the budget constitute a limitation on expenditures and encumbrances which may be incurred. Appropriations lapse at the fiscal year end. Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need which exists which was not determined at the time the budget was adopted. There were no supplemental appropriations in the General Fund during the fiscal year ended June 30, 2022.

**R. Budgetary Procedures and Budgetary Accounting (continued)**

**2. Budget Basis for Accounting**

Budgets are adopted annually on a basis consistent with the fund financial statements and the modified accrual basis of accounting. Appropriations authorized for the current year are increased by the amount of encumbrances carried forward from the prior year.

The budget and actual comparison for Special Revenue Funds, reflects budgeted and actual amounts for funds with legally authorized (appropriated) budgets.

Budgetary controls for the special revenue (other than School Food Service Fund) and capital funds are established in accordance with the applicable grant agreement or authorized project limit which may cover a period other than the District's fiscal year. Consequently, the budgets for such funds have been excluded from the combined schedule of revenue, expenditures and changes in fund equity - budget and actual.

**S. Property Taxes**

**1. Calendar**

Real property taxes are levied annually by the Board of Education no later than September 1 and become a lien on October 31.

**2. Enforcement**

Uncollected real property taxes are subsequently enforced by Chautauqua County, in which the School District is located. An amount representing uncollected real property taxes transmitted to the County for enforcement is paid by the County to the School District no later than the forthcoming April 1.

**T. New Accounting Pronouncement**

Effective July 1, 2021, the District implemented the provisions of GASB Statement No. 87, Leases, which establishes a single model for lease accounting based on the principle that leases are financings of the right-to-use an underlying asset, thereby eliminating the distinction between operating and capital leases. As a result substantially all leases are reported on the district-wide statement of net position.

**NOTE 2 - EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS**

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the District-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

**A. Total Fund Balances of Governmental Funds vs. Net Position of Governmental Activities**

Total fund equity of the District's governmental funds differs from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheets.

**B. Statement of Revenues, Expenditures and Changes in Fund Balance vs. Statement of Activities**

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities fall into one of three broad categories. The amounts shown below represent:

**1. Long-term Revenue Differences**

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

**2. Capital Related Differences**

Capital related differences include the difference between proceeds for the sale of capital assets and right-to-use assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental fund statements and depreciation and amortization expense on those items as recorded in the Statement of Activities.

DISTRICT-WIDE STATEMENTS (continued)**

**B. Statement of Revenues, Expenditures and Changes  
in Fund Balance vs. Statement of Activities  
(continued)**

**3. Long-term Debt Transaction Differences**

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

**4. Pension Differences**

Pension differences occur as a result of changes in the District's proportion of the collective net pension asset/liability and differences between the District's contributions and its proportionate share of the total contributions to the pension systems.

**5. OPEB Differences**

OPEB differences occur as a result of changes in the District's total OPEB liability and differences between the District's contributions and OPEB expense.

**NOTE 3 - DETAIL NOTES ON ALL FUNDS**

**I. Cash**

The *Southwestern Central School District's* investment policies are governed by State statutes. School District monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The District treasurer is authorized to use demand accounts and certificates of deposits. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by Federal Deposit Insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the state and its municipalities and School Districts.

**NOTE 3 - DETAIL NOTES ON ALL FUNDS  
(continued)**

**I. Cash (continued)**

Deposits are valued at cost or cost plus interest and are categorized as either:

- (1) Insured through the Federal Deposit Insurance Corporation, collateralized with securities held by the entity or by its agent in the entity's name;
- (2) Collateralized with securities held by the pledging financial institution's trust department or agency in the entity's name; or
- (3) Uncollateralized

Total financial institution (bank) balances at June 30, 2022 per the bank were approximately \$5,529,000. Deposits are categorized as follows:

Category 1	Category 2	Category 3	Value
\$ 321,000	\$ 5,208,000	\$ -	\$ 5,529,000

Custodial credit risk is the risk that in the event of a bank failure the District's deposits may not be returned to it. While the District does not have a specific policy with regards to custodial credit risk, New York State statutes govern the District's investment policies. At June 30, 2022, the District's bank deposits were fully collateralized.

**II. Interfund Transactions**

Interfund balances as of June 30, 2022 are as follows:

	Interfund Receivable	Interfund Payable
General Fund	\$ 1,376,456	\$ 98,082
Food Service Fund	204	1
Special Aid Fund	-	439,040

**A. Pension Plans**

**1. Plan Descriptions and Benefits Provided**

**a. Teachers' Retirement System (TRS)**

The District participates in the New York State Teachers' Retirement System (TRS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as, death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. The System is governed by a 10 member Board of Trustees. System benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding the System, may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSSTR Comprehensive Annual Financial report which can be found on the System's website at [www.nystrs.org](http://www.nystrs.org).

**b. Employees' Retirement System (ERS)**

The District participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund.

**2. Contributions**

The Systems are noncontributory except for employees who joined after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3.0 to 3.5 percent of their salary for their entire length of service. In addition, employee contribution rates under ERS tier VI vary based on a sliding salary scale. For ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education law.

Contributions (payments) for the current year and two preceding years were equal to 100 percent of the contributions required, and were as follows:

	ERS	TRS
2022	\$ 345,000	\$ 934,000
2021	\$ 308,000	\$ 882,000
2020	\$ 284,000	\$ 834,000

ERS has provided additional disclosures through entities that elected to participate in Chapter 260, 57, and 105.

**3. Pension Asset (Liability), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the District reported the following asset (liability) for its proportionate share of the net pension asset (liability) for each of the Systems. The net pension asset (liability) was measured as of March 31, 2022 for ERS and June 30, 2021 for TRS. The total pension asset (liability) used to calculate the net pension asset (liability) was determined by an actuarial valuation. The District's proportion of the net pension asset (liability) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS and TRS Systems in reports provided to the District.

Measurement date	ERS 3/31/2022	TRS 6/30/2021
Net pension asset (liability)	\$ 524,175	\$ 9,454,309
District's portion of the Plan's total net pension liability	.0064123%	.054558%

For the year ended June 30, 2022, the District's recognized pension expense (benefit) of \$80,472 for ERS and \$(510,608) for TRS. At June 30, 2022 the District's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources

**4. Actuarial Assumptions**

The total pension asset/(liability) as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension asset/(liability) to the measurement date. The actuarial valuations used the following actuarial assumptions:

Significant actuarial assumptions used in the valuations were as follows:

	ERS	TRS

Inflation rate	2.7%	2.4%

**NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

**V. Liabilities (continued)**

**4. Actuarial Assumptions (continued)**

For ERS, annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System's experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2020. For TRS, annuitant mortality rates are based on plan member experience, with adjustments for mortality improvements based on Society of Actuaries Scale MP-2020, applied on a generational basis.

For ERS, the actuarial assumptions used in the April 1, 2021 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020. For TRS, the actuarial assumptions used in the June 30, 2020 valuation are based on the results of an actuarial experience study for the period July 1, 2015 – June 30, 2020.

The long-term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

	ERS 3/31/22	Expected Rate of Return	TRS 6/30/21	Expected Rate of Return

**5. Discount Rate**

The discount rate used to calculate the total pension asset (liability) was 5.9% for ERS and 6.95% for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset (liability).

**6. Sensitivity of the Proportionate Share of the Net Pension Asset (Liability) to the Discount Rate Assumption**

The following presents the District's proportionate share of the net pension asset (liability) calculated using the discount rate of 5.9% for ERS and 6.95% for TRS, as well as what the District's proportionate share of the net pension asset (liability) would be if it were calculated using a discount rate that is 1- percentage point lower (4.9% for ERS and 5.95% for TRS) or 1-percentage point higher (6.9% for ERS and 7.95% for TRS) than the current rate:

	1% Decrease (4.9%)	Current Assumption (5.9%)	1% Increase (6.9%)

**8. Payables to the Pension Plan**

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2022 represent the projected employer contribution for the period of April 1, 2022 through June 30, 2022 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2022 amounted to \$112,647.

For TRS, employer and employee contributions for the fiscal year ended June 30, 2022 are paid to the System in September, October and November 2022 through a state aid intercept. Accrued retirement contributions as of June 30, 2022 represent employee and employer contributions for the fiscal year ended June 30, 2022 based on paid TRS wages multiplied by the employer's contribution rate, by tier and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2022 amounted to \$979,854 (employer contribution of \$933,580 and employee contribution of \$46,274).

**B. Other Post-Employment Benefits**

**Plan Description**

The District maintains a single employer defined benefit healthcare plan (the Plan). The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefit provisions are based on bargaining agreements as negotiated from time to time. The Plan does not issue a publicly available financial report. Eligibility for the Plan is established by the District and specified in the District's employment contracts.

**Employees Covered by Benefit Terms**

For the fiscal year ended June 30, 2022 the plan had total active employees of 212 and retirees of 221.

**Total OPEB Liability**

The District's total OPEB liability of \$21,342,693, was measured as of March 31, 2022 and was determined by an actuarial valuation dated July 1, 2020.

**B. Other Post-Employment Benefits (continued)**

**Actuarial Methods and Other Inputs**

The total OPEB liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified and actuarially rolled forward to the March 31, 2022 measurement date:

Inflation	2.44% per year
Salary increases	3.44% per year
Discount rate	2.27% for 2021 and 2.83% for 2022
	2022 – 6.10% reduced to an ultimate rate of 4.37% after 2070.
Healthcare cost trend rates	Varies based on year employed by District
Retirees' share of benefit-related costs	

The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds.

Mortality rates were based on the MP-2021 Combined Mortality Table, as appropriate, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the valuation were chosen to be consistent with the requirements of GASB 75 and Actuarial Standards of Practice.

**Changes in the Total OPEB Liability**

Service cost	\$ 531,679
Interest	529,313
Changes of benefit terms	(1,171,467)
Differences between expected and actual experience	(60,176)
Changes in assumptions	(1,272,714)
Benefit payments	(1,128,431)
Net changes	(2,571,796)
Net OPEB liability – beginning of year	23,914,489
Net OPEB liability – end of year	<u>\$ 21,342,693</u>

Changes in assumptions reflect a change in the discount rate from 2.27% in 2021 to 2.83% in 2022. Changes of benefit terms was related to the Civil Service Employees Association, Inc. eligibility changing from 10 consecutive years of service to 15 years and District coverage changing from 10 to 7 years.

**1. Short-Term Debt**

**a. Bond Anticipation Notes**

Notes issued in anticipation of proceeds from the subsequent sale of bonds are recorded as a current liability of the fund that will actually receive the proceeds from the issuance of the bonds. State law requires that bond anticipation notes issued for capital purposes be converted to long-term financing within five years after the original issue date. The liability for all bond anticipation notes issued by the District is included in the capital project fund.

On July 22, 2020, the District issued bond anticipation notes in the amounts of \$1,248,765 (Series A) which had an interest rate of 1.25% and matured on July 21, 2021. The District redeemed \$340,365 from appropriations on this Bond Anticipation Note.

On July 21, 2021, the District issued bond anticipation notes in the amount of \$1,334,700 with a maturity date of July 20, 2022 and an interest rate at .35%. Below is a schedule of outstanding bond anticipation notes as of June 30, 2022.

<b>Description of Issue</b>	<b>Outstanding June 30, 2022</b>
Bond anticipation notes, issued on July 21, 2021 with maturity date of July 20, 2022, bonds carry interest rate of .35%	\$ 1,334,700

**b. Revenue Anticipation Note**

Notes issued in the anticipation of revenue is recorded as a current liability of the fund that will actually receive proceeds from the issuance of the notes. The revenue anticipation note represents a liability that will be extinguished through the use of expendable available resources of the fund. There were no revenue anticipation notes issued or redeemed during the fiscal year ended June 30, 2022.

**1. Short-Term Debt (continued)**

**c. Short-term interest**

During the fiscal year ended June 30, 2022, the District had interest on short-term debt in the amount of \$15,566, which is included in the General Fund.

**2. Long-Term Debt**

**a. Debt Limit**

At June 30, 2022, the total indebtedness represents approximately 34% of its debt limit.

**b. Changes**

The changes in the School District's indebtedness during the year ended June 30, 2022 are summarized as follows:

	<b>Balance June 30, 2022</b>	<b>Balance June 30, 2021</b>	<b>Amounts Due Within One Year</b>
General obligation bonds, net	\$ 26,765,068	\$ 32,357,463	\$ 3,075,000
Net pension liabilities	-	1,539,589	-

	<b>\$ 48,133,239</b>	<b>\$ 57,811,541</b>	<b>\$ 3,088,175</b>

During the year, the District made principal payments in the amount of \$5,370,000 and recorded amortization of bond premiums in the amount of \$222,395. There was a decrease in the other post-employment benefit liability of \$2,571,796. The decrease in the net pension liability was the result of both the ERS and TRS plans changing from a net pension liability to a net pension asset. Also, the District implemented GASB 87 which resulted in the recognition of lease liabilities.

**e. Long-Term Debt Interest**

Interest on long-term debt for the year ended June 30, 2022 amounted to \$695,518 and is included in the General Fund.

**3. Bond Premiums and amortization**

Premiums resulting from bond and other debt refinancing are being amortized over the life of the relating debt using the effective interest rate method.

**4. Refunding of Long-Term Debt**

In prior years, the District defeased certain general obligations and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and liability for the defeased bonds are not included in the District's financial statements.

**B. District-wide Net Position**

Net position of the District include restricted net position of \$3,514,637 which represent restricted amounts in the general, debt service and miscellaneous special revenue funds as presented above.

**C. Deficit Fund Balance**

The District's capital project fund had an accumulated deficit in the amount of \$ 2,247,975 as of June 30, 2022. It is not uncommon for school districts to have deficit fund balances in the capital projects fund as a result of short-term debt being recorded as liabilities until they are converted to long-term debt (serial bonds) or are redeemed at which time such proceeds are recorded as other financing sources revenue.

**NOTE 4 - COMMITMENTS AND CONTINGENCIES**

**A. Risk Financing and Related Insurance**

**1. General Information**

The **Southwestern Central School District** is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; natural disasters, etc. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

**2. Risk Sharing Pools**

For its employee health and accident coverage, the **Southwestern Central School District** is a participant in the Chautauqua County School Districts' Medical Health Plan, a public entity risk pool operated for the benefit of various governmental units located within Chautauqua County. The School District pays monthly premiums to the Plan for this health coverage. The Plan is authorized to assess supplemental premiums to the participating districts. The Chautauqua County School Districts' Medical Health Plan obtains independent coverage for insured events in excess of this amount.

The **Southwestern Central School District** also participates in a risk sharing pool, Erie 2 – Chautauqua-Cattaraugus BOCES, to insure Workers' Compensation claims. This is a public entity risk pool created under Article 5, Workers' Compensation Law, to finance liability and risks related to Workers' Compensation claims. Administrators of the Plan have indicated that the Plan's reserves are believed to be in excess of estimated unbilled and open claims.

**B. Federal and State Grants**

The District has received grants reported in the special aid fund which are subject to audit by agencies of the state and federal government. Such audits may result in disallowances and a request for a return of funds. Based on past audits and no known significant areas of non-compliance, the District believes disallowances, if any, will not be material.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

**Page 36**

**NOTE 4 - COMMITMENTS AND CONTINGENCIES**  
**(continued)**

**C. Compensated Absences**

The District does not accrue a liability for accumulating, non-vesting sick leave, since payment is based on an uncontrollable future event (sickness). In accordance with the provisions of Governmental Accounting Standards Board Statement No. 16, the value for accumulating, non-vesting sick leave is considered a contingent liability.

**D. Litigation**

The District, in the normal course of its operations, is involved in litigation. Management is of the opinion that any unfavorable outcome resulting from these actions would not have a material effect on the District's financial position.

**NOTE 5 – MISCELLANEOUS SPECIAL REVENUE FUND**

Funds raised during the year ended June 30, 2007 from local foundations and donors amounted to \$595,149 of which \$490,000 represents the District's best estimate of the local share of the cost of the athletic facilities complex project. Funds in excess of the determined local share represent the amount to be set aside for turf replacement. The total funds held, which also includes accumulated interest earned, amounted to \$164,046 as of June 30, 2022.

During the year ended June 30, 2022, the District transferred \$34,000 of these funds to the general fund to offset debt service costs. In future years, the District intends to transfer additional funds from the miscellaneous special revenue fund to the general fund to offset debt service costs not covered by state building aid (local share).

Also included in this fund is \$38 of interest earned during the year.

**NOTE 6 – TAX ABATEMENTS**

The County of Chautauqua, New York, enters into various property tax abatement programs for the purpose of economic development. The total amount of taxes abated from these abatement programs during the year ended June 30, 2022 was approximately \$421,000. The District received payment in lieu of tax (PILOT) payments totaling approximately \$156,000 for the year ended June 30, 2022.

**NOTE 7 – CAPITAL PROJECT**

The voters of *Southwestern Central School District* approved a resolution authorizing a capital project with a maximum amount of \$18,237,000 (Phase VII) to be financed with serial bonds, state excel aid and District funds. During the year ended June 30, 2022, the District expended a total of \$630,370 related to the Phase VII project and \$40,000 related to the Federal stimulus project.

Also during the year ended June 30, 2022, the District incurred \$418,045 for the purchase of transportation vehicles and \$215,481 towards the smart schools bond expenditures.

**NOTE 8 – COVID PANDEMIC**

In March 2020, the World Health Organization declared the novel strain of COVID-19 (coronavirus) a global pandemic and has become increasingly widespread in the United States. The coronavirus outbreak has had a significant impact on financial markets and general economic conditions.

Also, in March 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed which provides funding and emergency assistance to Organizations including public school Districts. The New York State Department of Education has allocated approximately \$338,000 of CARES Act assistance to the District which is for the funding period of March 31, 2020 through September 30, 2022. As of June 30, 2021, the District had utilized all the funding provided.

In December 2020, the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act was passed which provides additional assistance to school districts. The New York State Department of Education has allocated approximately \$1,174,000 of CRRSA Act assistance to the District. As of June 30, 2022 the District had utilized approximately \$450,000 in expenditures against this funding.

In March 2021, the American Rescue Plan (ARP) Act was passed which provides additional assistance to school districts. The New York State Department of Education has allocated approximately \$2,062,000 of ARP Act assistance to the District. As of June 30, 2022, the District had utilized approximately \$698,000 in expenditures against this funding.

The District provided free breakfast and lunches to all students (except those who opted out) through the Federal Seamless Summer program. Given the uncertainty regarding the COVID-19 Pandemic, the overall financial impact of the District cannot be reasonable predicted or estimated at this time.

**NOTE 9 – RIGHT-TO-USE ASSETS/LEASES**

The District has entered into various agreements with Erie 1 BOCES to acquire IT and computer equipment. The equipment is owned by Erie 1 BOCES, however the District has recognized a right-to-use asset in accordance with Governmental Accounting Standards Board Statement No. 87, Leases. The District paid cash for the equipment rather than through an installment purchase agreement. The District amortizes its right-to-use assets over a period of 5 years. Below is a summary of the activity of the District's right-to-use assets during the year ended June 30, 2022:

	Balance at 7/1/21 as restated	Additions
Right-to-use asset	\$ 1,695,347	\$ 479,148
Accumulated amortization	(540,970)	(339,069)
Lease liability	(38,399)	-
	<u>\$ 1,115,978</u>	<u>\$ 140,079</u>

	Deletions	Balance at 6/30/22

Accumulated amortization	-	(880,039)
Lease liability	12,921	25,478
	<u>\$ 12,921</u>	<u>\$ 1,268,978</u>

**NOTE 10 – PRIOR PERIOD ADJUSTMENT**

The District implemented GASB 87, Leases, during the year ended June 30, 2022, which resulted in a prior period adjustment related to agreements made for various IT and computer equipment that were already in place as of July 1, 2021, and which GASB 87 requires retroactive application of these agreements. The District's net position increased \$1,115,978 as a result of the prior period adjustment which represents the remaining book value of its right-to-use assets and lease liability as shown above.

Also, the District recorded a prior period adjustment in the amount of \$355,569 to reduce the balance of its fixed assets and net position related to updated capital asset records.

Implementation of GASB No. 84 during June 30, 2021, required prior period adjustments for the governmental and fiduciary funds. These adjustments were needed to move the beginning balances of amounts previously reported as fiduciary funds to the respective governmental funds as well as to report the activity in the newly created custodial fund. Total scholarship funds of \$196 were reclassified to the miscellaneous special revenue fund as of July 1, 2020, extraclassroom activity funds of \$73,657 were reclassified to the general fund as of July 1, 2020 and amounts related to the Chautauqua Consortium of \$5,406 were reported as custodial funds as of July 1, 2020.

**NOTE 11 - SUBSEQUENT EVENTS**

Subsequent events were evaluated by Management through October 11, 2022, which is the date the financial statements were available to be issued.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

---

Schedule SS4B

**Note 1 - Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the **Southwestern Central School District** and is presented on the modified accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

**Basis of Accounting**

The basis of accounting varies by Federal program consistent with underlying regulations pertaining to each program. The amounts reported as Federal expenditures generally were obtained from the appropriate Federal financial reports for the applicable programs and periods. The amounts reported in these Federal financial reports are prepared from records maintained for each program, which are periodically reconciled with the District's financial reporting system.

**Note 2 - Non-monetary Federal Program**

The accompanying **Southwestern Central School District** is the recipient of a non-monetary federal award program. During the year ended June 30, 2022, the District reported in the Schedule of Federal Awards \$47,214 of donated commodities at fair market value received and disbursed.

**Note 3 – Indirect Cost Rate**

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance in the current year.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH "GOVERNMENT AUDITING STANDARDS"**

**To the President and  
Members of the Board of Education  
*Southwestern Central School District*  
Jamestown, New York**

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of *Southwestern Central School District* as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise *Southwestern Central School District's* basic financial statements and have issued our report thereon dated October 11, 2022.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered *Southwestern Central School District's* internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of *Southwestern Central School District's* internal control. Accordingly, we do not express an opinion on the effectiveness of *Southwestern Central School District* internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, we identified one deficiency in internal control over financial reporting that we consider to be a significant deficiency described in the accompanying schedule of findings and questioned costs as item II.A.2022-001.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether *Southwestern Central School District's* financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance that is required to be reported under Government Auditing Standards which is described in the accompanying schedule of findings and questioned costs as item II.B.2022-02.

### ***Southwestern Central School District's Response to Findings***

**Southwestern Central School District's** response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. **Southwestern Central School District's** responses were not subjected to auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not provided an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**To the President and  
Members of the Board of Education  
*Southwestern Central School District*  
Jamestown, New York**

**Report on Compliance for Each Major Federal Program**

**Opinion on Each Major Program**

We have audited **Southwestern Central School District's** compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. **Southwestern Central School District's** major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, **Southwestern Central School District** complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program for the year ended June 30, 2022.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of **Southwestern Central School District** and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of **Southwestern Central School District's** compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to **Southwestern Central School District's** federal programs.

**Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on **Southwestern Central School District's** compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about **Southwestern Central School District** with the requirements of each major federal program as a whole.

## Auditor's Responsibilities for the Audit of Compliance (continued)

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding **Southwestern Central School District's** compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of **Southwestern Central School District's** internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of **Southwestern Central School District's** internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that may be material weakness or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

## Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**II. FINANCIAL STATEMENTS AUDIT - FINDINGS**

**A. INTERNAL CONTROL OVER FINANCIAL REPORTING**

**2022-001 Adjusting Journal Entries, Required Disclosures and Draft Financial Statements**

**Year ended June 30, 2022**

*Condition and Criteria:* During the current year, adjusting journal entries, along with footnote disclosures were proposed by the auditor's and accepted by the District to properly reflect the financial statements in accordance with generally accepted accounting principles. Some of the adjustments and footnotes were related to converting to the full accrual method for GASB 34 purposes. In addition, a draft of the financial statements was prepared by the auditor's and accepted by the District.

*Effect:* AU-C Section 265 entitled Communicating Internal Control Related Matters Identified in an Audit, issued by the American Institute of Certified Public Accountants (AICPA) considers the need for significant adjusting journal entries and assistance when preparing the financial statements to be indicative of an internal control deficiency. Without this assistance, the potential risk exists of the District's financial statements not conforming to GAAP.

*Auditor's Recommendation:* Although auditor's may continue to provide such assistance both now and in the future, under the new pronouncement, the District should continue to review and accept both proposed adjusting journal entries and footnote disclosures, along with the draft financial statements.

*School District's Response:* The District has received, reviewed and accepted all journal entries, footnote disclosures and draft financial statements proposed for the current year audit and will continue to review similar information in future years. Further, the District believes it has a thorough understanding of these financial statements and has the ability to make informed judgments based on these financial statements.

**B. COMPLIANCE AND OTHER MATTERS**

**2022-002 Unassigned Fund Balance**

**Year ended June 30, 2022**

*Condition and Criteria:* The District's unassigned fund balance as of June 30, 2022 amounted to \$1,872,906 which constitutes approximately 6.06% of the 2022-23 school budget.

*Effect:* The District's unassigned fund balance violated New York State Education Law, which limits school districts from retaining an unassigned fund balance not greater than 4% of the subsequent years budget.

*Auditor's Recommendation:* The District should continue to monitor fund balance throughout the year and continue to review its options with regards to reservation and designation of fund balance.

*School District's Response:* The District realizes that its unassigned fund balance as of June 30, 2022 was in excess of the NYS mandated 4% level. The District has and will continue to monitor fund balance in the future and will review all options with regards to reservation and designation of fund balance.

**A. INTERNAL CONTROL OVER FINANCIAL REPORTING**

**2021-001 Adjusting Journal Entries, Required Disclosures and Draft Financial Statements (material weakness)**

**Year ended June 30, 2021**

*Summary of Prior Year Finding: Condition and Criteria:* Adjusting journal entries, along with footnote disclosures were proposed by the auditors and accepted by the District to properly reflect the financial statements in accordance with generally accepted accounting principles. In addition, a draft of the financial statements was prepared by the auditors and reviewed and accepted by the District. AU-C Section 265 entitled Communicating Internal Control Related Matters Identified in an Audit, issued by the American Institute of Certified Public Accountants (AICPA) considers the need for significant adjusting journal entries and assistance when preparing the financial statements to be indicative of an internal control deficiency.

*Current Status:* Similar finding related to internal control over financial reporting is being reported upon during the year ended June 30, 2022 as item 2021-001.
