# WE BELIEVE...

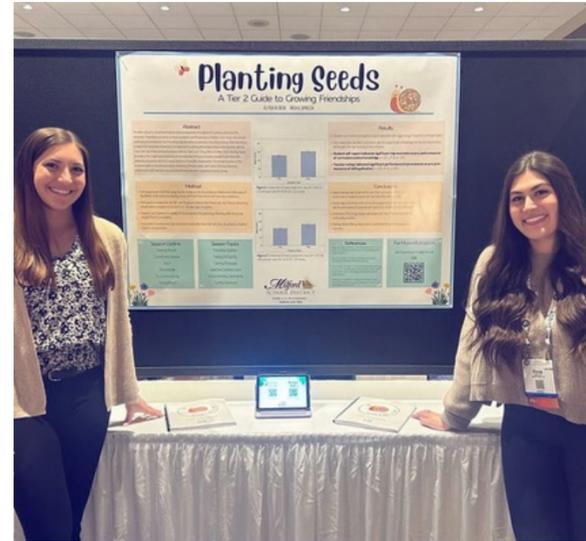

We believe the foundation of excellence is rooted in an academically rigorous curriculum, supportive instruction, and high expectations for each learner

Dr. Davis reading out loud with one of her students one-on-one during ELA.

We believe in ensuring that each student has equitable access to the appropriate resources and supports to thrive.

Ms. DiPiazza and Ms. Deeb presenting *Promoting Social and Emotional Development* at NASP Conference in New Orleans.

We believe in the mindset that improvement is always possible and mistakes are learning opportunities.

Curriculum and Reading Specialists attend Instructional Coaching Meeting

We believe honoring each individual's identity, opinions, and dignity leads to a sense of belonging for each member of the school community.

MSD Teacher of the Year, Ms. Vicki Hudson's, art classes celebrated the Lunar New Year earlier this month. Student's learned Vietnamese phrases and practiced Asian art techniques.

We believe the district's partnerships with families and community are integral to the success of our students and community at large.

Mrs. Harris has teamed MCA up with our local WSFS, the University of Delaware's Center for Economic Education & Entrepreneurship and the State Bank Commissioner to allow students to start making deposits to their own bank accounts!

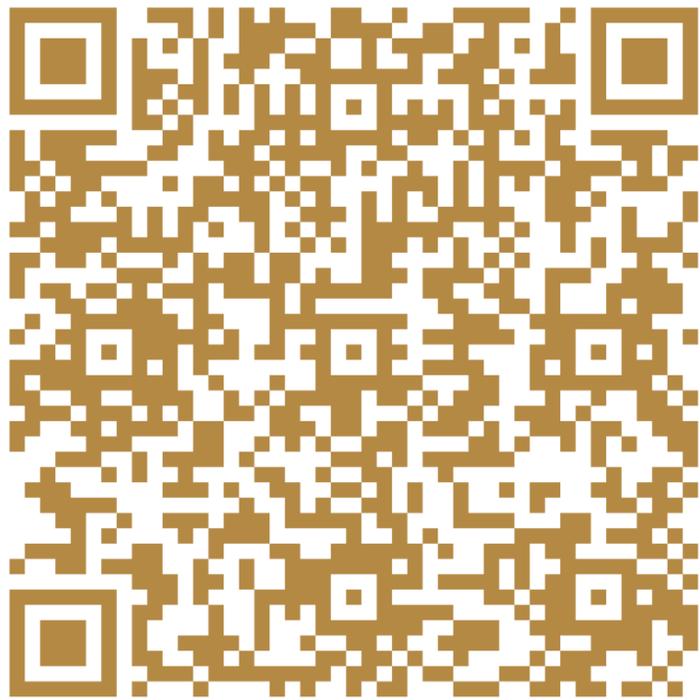

We believe the arts, extra-curricular, and co-curricular activities are integral components of a well-rounded education, fostering much personal growth.
