Course Request Forms MUST be signed by parent or guardian.

My student and I have carefully selected the above courses. We know that every effort is made to accommodate our requests. If this is not possible we understand that my student will be placed in one of the alternates listed or any open elective course. Changes will only be considered because a graduation requirement must be added, administrative withdrawal is requested, physical inability to participate, student has an incomplete schedule, there are duplicate classes/obvious errors, or other IEP/ELD placement issues. Please be advised that we may not be able to run certain courses if enrollment numbers are low.

At North Creek, we endeavor to make sure that every student is appropriately placed and challenged in each of their classes. Appropriately challenged also includes not taking too many Advanced Placement (AP) or College in the High School (CHS) classes in any given year. Our recommendation for the maximum number of AP & CHS classes for 10th grade students is a maximum of 2 classes.

These courses are more rigorous than general education courses, and "such a course load can negatively affect students' mental health. It's better for students to take a handful of APs while still allowing time to be involved in extracurriculars or other community activities, which is viewed favorably by colleges." (US News and World Report noted on October 7, 2022)

By signing below, I acknowledge that I have been warned to not take more AP/CHS classes than recommended and that I am choosing to do so anyway. I also understand that I will not be allowed to drop classes if, in fact, the workload or stress is too much.
