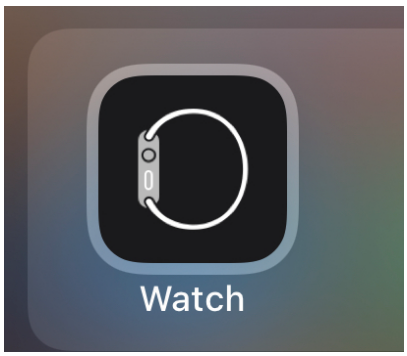
Raptor Alert Apple Watch Notifications for Missouri School Districts

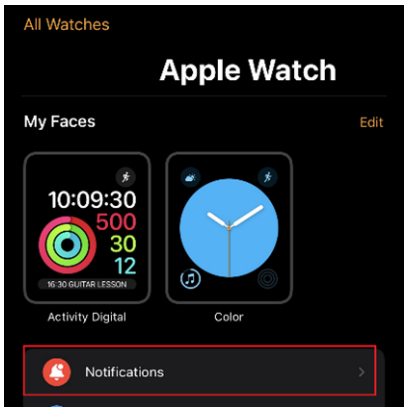
The purpose of this article is to show you how to turn on/off Raptor Alert notifications on your Apple Watch.

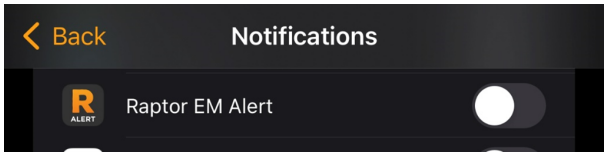
> **Note:**
> If you decide to turn off notifications on your Apple Watch, you will not receive ANY Raptor Alert notifications to your watch. This includes group messages, team assists, and other alerts.
>
> If you allow notifications on your Apple Watch, the Emergency Critical Alert will not sound on your phone.

1. Find the **Watch** app on your iPhone.



2. Select **Notifications**.





3. Scroll to find **Raptor Alert** and toggle **On** or **Off**.
