**Board Report**  
**MACCRAY High School**  
**May 9, 2022**

- **2021-2022 Year in Review:**
  - I feel like this year was highly successful. The transition went smoothly, and I had tremendous support from many folks along the way.
  - Student discipline improved over the course of the year. The students needed time to remember how to all be together. Remember, we were in hybrid or distance learning approximately two-thirds of last year.
  - It was wonderful to be all in the entire year; I cannot emphasize that enough! From Back-to-school orientation to Prom, it felt great to return to normal, and I think everyone would say the same thing.
  - Graduation week is set up. The Seniors' last day will be Monday, which will be the day we do the awards ceremony, elementary parades, and graduation practice.
    - All seniors with completed work and service hours will be done early that afternoon.
    - Graduation is set for 7PM on May 13<sup>th</sup>, in the gymnasium.
  - Staff turnover:
    - 4 - move closer to home, 1 – license-based, 1 - new position added
  - This summer I will be looking at the staff and student handbooks, continuing middle school planning, and preparing for the new school year.
  
- **Building Tidbits:**
  - Orientation for 5<sup>th</sup> and 6<sup>th</sup> went well.
    - Thank you to Sarah Macht, Laura Bristle, Jenny Plagge, Jesse Westbrook, and Julie Wohlman for their organization and support. I'd also like to thank our student volunteers who served as guides and read to the younger grades (a small sampling of the many things we can do on one campus).

Respectfully Submitted,

Superintendent Report to School Board

Submitted by Sherri Broderius

1. Legislation - I will share highlights of the 2022 legislative session results in June but right now there are discussions surrounding the following items critical to MACCRAY:
  - Unemployment checks for 9 month non certified employees. This would impact our paraprofessionals and kitchen staff. Custodians and clerical workers have contracts longer than nine months. I am watching this closely.
  - LETRS is a reading system that the Senate is pushing hard. Fortunately we have two staff members who are being trained in LETRS right now. It is foundational. It makes good common sense. And, it would help streamline reading education in Minnesota. Julie Dykken and Steph Swenson are our teachers who will complete the training and report/advise administration on moving forward.
  - Special education and E/L,M/L cross subsidies is a BIG issue. Every school in the state including us would like the state to fully fund these two areas. With the excess budget this year it would be a good time to fully fund this important work we do.
  - And, of course, the 2% and 2% on the formula would be spectacular.

There is a lot more, especially in the House.

2. While Dan Hiemenz will have a construction report at the meeting I just want to share that the playground materials are all here. The auditorium concrete is being poured as I write this. The painting in the fitness facility is done. Cleaners have finished in the preschool/kindergarten wing. Crews of all types are making their way around the elementary wing. As soon as school is complete for the spring, work will begin on the new CTE/Ag area. Kim is working tirelessly on furnishings and moving. I continue to work on welding and landscaping at the moment but that changes by the hour.
3. In regard to the demolition of the two elementary buildings I have not heard from Maynard Mayor Richard in the last several months. I know he is still working hard on getting the county into the building but they have several options for their projects but the timelines aren't working in synchronization. While I haven't heard from Raymond Mayor Ardelle I do know he and Chris from ICS are working on structural supports and other ancillary needs to preserve the part of the building Raymond wants to keep. All this said, Dan and Chris are working on the other necessary specifications to get the demolition ready for late summer early fall.
4. I have so many people to thank for getting things done this year and not the least of whom is Sarah Macht for her work on the Civil Rights Data Collection. In her role as success coordinator she has access to all the information to complete this "beast" of a document for the USDE Civil Rights Data Collection. What was especially frustrating was the lack of tech support for the representatives from each school submitting our data.

## **516 STUDENT MEDICATION**

### **I. PURPOSE**

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription medication to students at school.

### **II. GENERAL STATEMENT OF POLICY**

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The school district's licensed school nurse, trained health clerk, principal, or teacher will administer prescribed medications, except medical cannabis, in accordance with law and school district procedures.

### **III. REQUIREMENTS**

- A. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An oral request must be reduced to writing within two school days, provided that the school district may rely on an oral request until a written request is received.
- B. An "Administering Prescription Medications" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minnesota Statute §152.22, Subd. 6.
- C. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law, and must be administered in a manner consistent with the instructions on the label.
- D. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.
- E. Prescription medications are not to be carried by the student, but will be left with the appropriate school district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler (See Part J.5. below), and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).
- F. The school must be notified immediately by the parent or student 18 years old or older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new

pharmacy instructions shall be required immediately as well.

- G. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.
- H. The school nurse, or other designated person, shall be responsible for the filing of the Administering Prescription Medications form in the health records section of the student file. The school nurse, or other designated person, shall be responsible for providing a copy of such form to the principal and to other personnel designated to administer the medication.
- I. Procedures for administration of drugs and medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minn. Stat. § 121A.21). The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.
- J. Specific Exceptions:
  - 1. Special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings do not constitute administration of drugs and medicine;
  - 2. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy;
  - 3. Drugs or medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;
  - 4. Drugs or medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;
  - 5. Drugs or medicines that are prescription asthma or reactive airway disease medications can be self-administered by a student with an asthma inhaler if:
    - a. the school district has received a written authorization from the pupil's parent permitting the student to self-administer the medication;
    - b. the inhaler is properly labeled for that student; and

- c. the parent has not requested school personnel to administer the medication to the student.

The parent must submit written authorization for the student to self-administer the medication each school year. In a school that does not have a school nurse or school nursing services, the student's parent or guardian must submit written verification from the prescribing professional which documents that an assessment of the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting has been completed.

If the school district employs a school nurse or provides school nursing services under another arrangement, the school nurse or other appropriate party must assess the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting and enter into the student's school health record a plan to implement safe possession and use of asthma inhalers;

6. Medications:

- a. that are used off school grounds;
- b. that are used in connection with athletics or extracurricular activities; or
- c. that are used in connection with activities that occur before or after the regular school day

are not governed by this policy.

8. At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed epinephrine auto-injectors that enables the student to:

- a. possess epinephrine auto-injectors; or
- b. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to epinephrine auto-injectors in close proximity to the student at all times during the instructional day.

The plan must designate the school staff responsible for implementing the student's health plan, including recognizing anaphylaxis and administering epinephrine auto-injectors when required, consistent with state law. This

health plan may be included in a student's § 504 plan.

- K. "Parent" for students 18 years old or older is the student.
- L. Districts and schools may obtain and possess epinephrine auto-injectors to be maintained and administered by school personnel to a student or other individual if, in good faith, it is determined that person is experiencing anaphylaxis regardless of whether the student or other individual has a prescription for an epinephrine auto-injector. The administration of an epinephrine auto-injector in accordance with this section is not the practice of medicine.

A district or school may enter into arrangements with manufacturers of epinephrine auto-injectors to obtain epinephrine auto-injectors at fair-market, free, or reduced prices. A third party, other than a manufacturer or supplier, may pay for a school's supply of epinephrine auto-injectors.

# **POLICY 534 - MEMORIAL POLICY**

## **I. PURPOSE**

MACCRAY Public Schools recognizes that the loss of a student or staff member deeply impacts students, staff and families. The purpose of this policy is to ensure that the district support staff, students and families impacted from a death by assisting them with connections to appropriate school and community resources. Because it is recognized that memorial decisions made immediately in the aftermath of a crisis or death may be made without full consideration of the potential implications for students, staff, families and the community, MACCRAY Public Schools will provide a process for memorial decision-making, as well as this Board approved policy regarding memorial activities. This policy also recognizes that after suicide may glamorize death and communicate suicide as an appropriate or desired response to stress; therefore, careful and deliberate consideration was given in determining approved memorial activities. This policy will be reviewed on an annual basis by district and building administration to ensure it continues to further the stated purpose.

## **II. DEFINITIONS**

1. Memorials: Objects or activities to remember an event or deceased person(s).
2. Living Memorials: A non-tangible memorial intended to be sustained over time.
3. Crisis: Any natural disaster or unexpected event that negatively affects a student, a staff member or a significant group of the school population and usually involves serious emotional, psychological and/or physical injury or death.
4. Impact: The magnitude of the potential loss or seriousness of the crisis.

## **III. GENERAL STATEMENT OF POLICY**

In recognition that schools are designed primarily to support learning, school sites should not serve as the main venue for the memorializing of students or staff. Memorial activities expressed at school need to be coordinated and approved through building administration. The administration will assist families and students in selecting memorial activities that are appropriate for school and assist students and staff in healthy bereavement. It is further recognized that building administration should have a certain amount of discretion in these situations to make professional judgments—in consultation with the Superintendent to best meet the overall needs of students, staff, parents and community as a whole.

## **IV. MEMORIAL POLICY**

Living memorials for deceased students and staff will be limited to endowments, scholarships, or items with educational significance. Scholarship and endowment memorials may be established one time, or in the form of a perpetual award, with a description of the purpose of the endowment or scholarship. Memorials may not include the retirement, alteration, or discontinued use of school property. Other recommended memorial activities include:

1. **Yearbooks:** A student who has died may be acknowledged in the yearbook their senior year of high school with parent/guardian input and/or approval. Information about the student will be included on a memorial page representing all students in the graduation year. Information shall be limited to the student's name, photo, dates of birth and death, and school activities in which the student participated.
2. **Commemorative Events:** A commemorative event may be established and held in the name of the deceased student or staff member. Activities cannot be held during the school day, and should be sponsored by a class, club, or activity in which the deceased student or staff member participated. Advertisement of events must occur outside the school day. It is recommended that commemorative events utilize community partners (e.g., employers of the deceased, faith communities, etc.)
3. **Graduation Recognition:** One symbol representing all deceased members of a graduating class, such as a plant or bouquet or flowers, may be present on stage. A member of the school administration can also direct the audience in a moment of silence to collectively recognize deceased members of the graduating class.
4. **Moment of Silence Recognition:** Upon request or permission of the deceased student's or staff member's family, a 'moment of silence' may be used following the death of a student or staff member to honor their memory. School-wide moments of silence should occur within 2 school days following notification of the death. Moments of silence are also approved for use at School Board meetings, co-curricular events in which the deceased participated, and community based events.
5. **Existing memorials established prior to the implementation of this policy will remain intact.** Existing memorials are generally the sole responsibility of the entity providing the memorial; district staff and/or finances may only be used to maintain current memorials as part of regular maintenance processes and/or to ensure safe conditions. The district reserves the right to remove a memorial if it is not or cannot be maintained or is contrary to the overall educational needs of students.

## **V. GRADUATION**

In the event of a student from the graduating class has passed away during their *senior year*, the following guidelines will be used for the graduation ceremony:

1. If the student's death occurs during the *senior year*, the family of the deceased student will receive an honorary diploma for their son/daughter.
2. The names of all students who have completed the requirements for graduation will be listed in the program.
3. Chairs will be set for students participating in the graduation ceremony.
4. Only the names of students participating in the graduation ceremony will be read during the distribution of diplomas.
5. Reference to the deceased student will be made during the principal's remarks, at the principals discretion.

## **VI. PROHIBITED MEMORIAL ACTIVITIES**

Selling and/or fundraising of memorial items during the school day is prohibited. District student activity accounts cannot be used to support, finance, or fundraise for memorialization.

Proceeds from district co-curricular events or contests cannot be donated to agencies for memorialization. Utilizing formal all-school or school-wide events, including Commencement Homecoming festivities, Prom, and other thematic events or weeks to memorialize deceased students or staff is prohibited. Commemorative items or events can be sponsored by community based agencies and promoted outside the school day.

1. Temporary school memorials, as approved by the school principal, may be displayed until the day of the funeral and will then be given to the family. Allowable temporary memorials are flower arrangements, banners, pictures, notes, and locker and student desk displays. Any plans to sell memorial items must receive prior approval from administration. Memorial symbols displayed by individual students or staff on school grounds will be limited in duration to one month past the funeral and must have prior approval of the school principal.
2. Permanent memorials for deceased students and staff are limited to endowments, scholarships, or items with educational significance. Scholarship and endowment memorials may be established either as one-time or perpetual awards, with a description of the purpose of the endowment or scholarship. The school district reserves the right to accept or decline permanent memorials.

The Superintendent has the discretion to consider memorial events that utilize district facilities when the death of a student, staff member, or community member has a significant impact on a majority of students, staff and community.

Formal, school-wide recognition of anniversary dates will not occur. If the death of a student or staff member occurred in a public location accessible by community members, such as a crash site, district staff will not provide memorial monitoring.

Adopted: May 9, 2022

## REMINDERS & CHANGES

- \* Summer rec will **all** be in Raymond this summer due to construction at the high school, **except t-ball will be in both Raymond and Clara City**. T-ball will now be from 8:00 – 8:45 on Mondays and Fridays. See t-ball page for additional details.
- \* Shuttle busses will be provided to and from Maynard and Clara City. Schedule on summer rec page.
- \* Use the **“current”** grade of your child for registration for all activities listed in the booklet.
- \* Teams will have “colors” instead of the town that they are from. Colors will be gray, blue, and green.
- \* Summer rec is **RAIN or SHINE!** If the weather is bad, we will move indoors and use the gym for practice. The practice times will be the same. If a game is cancelled, we will have summer rec during normal practice times in the gym or outside if the weather clears up.
- \* We will again have **Little Cubs**. This is for girls and boys in Kindergarten. Kids will have the choice of hitting off of a T or live pitching. They will have practice on non-game days, this is usually Mondays, Wednesdays, and Friday. They will not travel to games. But, on Wednesdays, the Little Cubs will have a game instead of practice. Teams will be randomly picked, and similar Level A rules will apply for the games. ***The fee is the same as T-Ball.***
- \* We are hoping to offer MACCRA Y softball if we have enough girls. Girls will be able to do both ball (A, AA, or AAA) and softball, and we **highly encourage girls to do both** to practice their skills and so that we can have more teams. When not playing softball, they will be on their ball team for their grade level and follow its practice and game schedule.
- \* We will be using REMIND exclusively to communicate to parents about summer rec information.

A huge thanks goes to  
HEX Clothing Company  
for providing summer  
rec t-shirts.
