

August 2021 Activities Director Report

- 1. I am not recommending any activity fee increases this year.**
- 2. I would like to adjust how we accept payments regarding the fee changes . If families would like to take advantage of the fee reductions as listed below, they would need to pay the full fee at the beginning of the first activity the student participates in.**
 - “maximum fee paid per individual for all activities” \$200 per year, (with a couple exceptions such as BPA & FFA).**
 - “maximum fee paid per family (7-12) for all activities” \$400 per year (again, with a couple exceptions such as BPA & FFA).**

This fee change was offered for multiple reasons such as:

- Helping families out by reducing some cost when their children are involved in many activities throughout the year.**
 - Promoting more student involvement.**
 - Making the record keeping for office staff more simplified.**
- 3. Most Fall sports practices begin Monday, August 16. JH volleyball and JH football will begin August 24.**
 - 4. Thank you for approving the Fall Coaches/Supervisors.**

206 PUBLIC PARTICIPATION IN SCHOOL BOARD MEETINGS/COMPLAINTS ABOUT PERSONS AT SCHOOL BOARD MEETINGS AND DATA PRIVACY CONSIDERATIONS

I. PURPOSE

- A. The school board recognizes the value of participation by the public in deliberations and decisions on school district matters. At the same time, the school board recognizes the importance of conducting orderly and efficient proceedings, with opportunity for expression of all participants' respective views.
- B. The purpose of this policy is to provide procedures to assure open and orderly public discussion as well as to protect the due process and privacy rights of individuals under the law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school board is to encourage discussion by persons of subjects related to the management of the school district at school board meetings. The school board may adopt reasonable time, place, and manner restrictions on public expression in order to facilitate free discussion by all interested parties.
- B. The school board shall, as a matter of policy, protect the legal rights to privacy and due process of employees and students.

III. DEFINITIONS

- A. "Personnel data" means government data on individuals maintained because the individual is or was an employee or applicant for employment. For purposes of this policy, "employee" includes a volunteer or an independent contractor.
- B. Personnel data on current and former employees that is "public" includes:

Name; employee identification number, which must not be the employee's social security number; actual gross salary; salary range; terms and conditions of employment relationship; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary; bargaining unit; job title; job description; education and training background; previous work experience; date of first and last employment; the existence and status of any complaints or charges against the employee, regardless of whether the complaint or charge resulted in a disciplinary action; the final disposition of any disciplinary

action as defined in Minn. Stat. § 13.43, Subd. 2(b), together with the specific reasons for the action and data documenting the basis of the action, excluding data that would identify confidential sources who are employees of the public body; the complete terms of any agreement settling any dispute arising out of the employment relationship, including a buyout agreement as defined in Minn. Stat. § 123B.143, Subd. 2, except that the agreement must include specific reasons for the agreement if it involves the payment of more than \$10,000 of public money; work location; work telephone number; badge number; work-related continuing education; honors and awards received; and payroll time sheets or other comparable data that are only used to account for employee's work time for payroll purposes, except to the extent that release of time sheet data would reveal the employee's reasons for the use of sick or other medical leave or other not public data.

- C. Personnel data on current and former applicants for employment that is "public" includes:

Veteran status; relevant test scores; rank on eligible list; job history; education and training; and work availability. Names of applicants shall be private data except when certified as eligible for appointment to a vacancy or when applicants are considered by the appointing authority to be finalists for a position in public employment. For purposes of this subdivision, "finalist" means an individual who is selected to be interviewed by the appointing authority prior to selection.

- D. "Educational data" means data maintained by the school district which relates to a student.
- E. "Student" means an individual currently or formerly enrolled or registered in the school district, or applicants for enrollment, or individuals who receive shared time services.
- F. Data about applicants for appointments to a public body, including a school board, collected by the school district as a result of the applicant's application for appointment to the public body are private data on individuals, except that the following are public: name; city of residence, except where the appointment has a residency requirement that requires the entire address to be public; education and training; employment history; volunteer work; awards and honors; prior government service; any data required to be provided or that is voluntarily provided in an application to a multimember agency pursuant to Minn. Stat. § 15.0597; and veteran status. Once an individual has been appointed to a public body, the following additional items of data are public: residential address; either a telephone number or electronic mail address where the appointee can be reached, or both at the request of the appointee; the first and last dates of service on the public body; the existence and status of any complaints or charges against an appointee; and, upon completion of an investigation of a complaint or charge against an appointee, the final investigative report unless access to the data would jeopardize an active investigation. Any electronic mail address or telephone number provided by a public body for use by an appointee shall be public. An appointee may use an electronic mail address or telephone number provided by the public body as the

designated electronic mail address or telephone number at which the appointee can be reached.

IV. RIGHTS TO PRIVACY

- A. School district employees have a legal right to privacy related to matters which may come before the school board, including, but not limited to, the following:
 - 1. right to a private hearing for teachers, pursuant to Minn. Stat. § 122A.40, Subd. 14 (Teachers Discharge Hearing);
 - 2. right to privacy of personnel data as provided by Minn. Stat. § 13.43 (Personnel Data);

- B. School district students have a legal right to privacy related to matters which may come before the school board, including, but not limited to, the following:
 - 1. right to a private hearing, Minn. Stat. § 121A.47, Subd. 5 (Student Dismissal Hearing);
 - 2. right to privacy of educational data, Minn. Stat. § 13.32 (Educational Data); 20 U.S.C. § 1232g (FERPA);
 - 3. right to privacy of complaints as provided by child abuse reporting and discrimination laws, Minn. Stat. § 626.556 (Reporting of Maltreatment of Minors) and Minn. Stat. Ch. 363A (Minnesota Human Rights Act).

V. THE PUBLIC'S OPPORTUNITY TO BE HEARD

The school board will strive to give all persons an opportunity to be heard and to have complaints considered and evaluated, within the limits of the law and this policy and subject to reasonable time, place, and manner restrictions. Among the rights available to the public is the right to access public data as provided by Minn. Stat. § 13.43, Subd. 2 (Public Data).

VI. PROCEDURES

- A. Agenda Items
 - 1. Persons who wish to have a subject discussed at a public school board meeting are encouraged to notify the superintendent's office in advance of

the school board meeting. The person should provide his or her name, address, the name of group represented (if any), and the subject to be covered or the issue to be addressed.

2. Persons who wish to address the school board on a particular subject should identify the subject and identify agenda item(s) to which their comments pertain.
3. The school board chair will recognize one speaker at a time and will rule out of order other speakers who are not recognized. Only those speakers recognized by the chair will be allowed to speak. Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.
4. The school board retains the discretion to limit discussion of any agenda item to a reasonable period of time as determined by the school board. If a group or organization wishes to address the school board on a topic, the school board reserves the right to require designation of one or more representatives or spokespersons to speak on behalf of the group or organization.
5. Matters proposed for placement on the agenda which may involve data privacy concerns, which may involve preliminary allegations, or which may be potentially libelous or slanderous in nature shall not be considered in public, but shall be processed as determined by the school board in accordance with governing law.
6. The school board chair shall promptly rule out of order any discussion by any person, including school board members, that would violate the provisions of state or federal law, this policy or the statutory rights of privacy of an individual.
7. Personal attacks by anyone addressing the school board are unacceptable. Persistence in such remarks by an individual shall terminate that person's privilege to address the school board.
8. Depending upon the number of persons in attendance seeking to be heard, the school board reserves the right to impose such other limitations and restrictions as necessary in order to provide an orderly, efficient, and fair opportunity for those present to be heard.

B. Complaints

1. Routine complaints about a teacher or other employee should first be directed to that teacher or employee or to the employee's immediate supervisor.
2. If the complaint is against an employee relating to child abuse,

discrimination, racial, religious, or sexual harassment, or other activities involving an intimidating atmosphere, the complaint should be directed to the employee's supervisor or other official as designated in the school district policy governing that kind of complaint. In the absence of a designated person, the matter should be referred to the superintendent.

3. Unresolved complaints from Paragraph 1. of this section or problems concerning the school district should be directed to the superintendent's office.
4. Complaints which are unresolved at the superintendent's level may be brought before the school board by notifying the school board in writing.

C. Open Forum

The school board shall normally provide a specified period of time when persons may address the school board on any topic, subject to the limitations of this policy. The school board reserves the right to allocate a specific period of time for this purpose and limit time for speakers accordingly.

The school board may decide to hold certain types of public meetings where the public will not be invited to address the school board. Possible examples are work sessions and board retreats. The public will still be entitled to notice of these meetings and will be allowed to attend these meetings, but the public will not be allotted time during the meeting to address the board.

D. No Board Action at Same Meeting

Except as determined by the school board to be necessary or in an emergency, the school board will not take action at the same meeting on an item raised for the first time by the public.

VII. PENALTIES FOR VIOLATION OF DATA PRIVACY

- A. The school district is liable for damages, costs and attorneys' fees, and, in the event of a willful violation, punitive damages for violation of state data privacy laws. (Minn. Stat. § 13.08, Subd. 1)
- B. A person who willfully violates data privacy or whose conduct constitutes the knowing unauthorized acquisition of not public data is guilty of a misdemeanor. (Minn. Stat. § 13.09)
- C. In the case of an employee, willful violation of the Minnesota data practices law, Chapter 13, and any rules adopted thereunder, including any action subject to a criminal penalty, constitutes just cause for suspension without pay or dismissal. (Minn. Stat. § 13.09)

514 BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, “bullying,” specifically includes cyberbullying as defined in this policy.

- B. “Cyberbullying” means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

- C. “Immediately” means as soon as possible but in no event longer than 24 hours.

- D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:

1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;
2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

- E. “On school premises, on school district property, at school functions or activities, or on school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school

bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion,

expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur

during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate

and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and

506 STUDENT DISCIPLINE

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students,

parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.
- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

IX. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health

screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. §

120B.02, although in a different setting.

6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the

student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a

manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

Superintendent Report to School Board
August 9, 2021

1. COVID News - Judd and School Nurse Laura attended a meeting on my behalf earlier this week. As you all know there is significant COVID increases in the state. (Please see Judd's report.) Also, John DuHoux shared information from TSA and Minnesota State Patrol that masks will be required on school buses. I have created a place under business for the board to discuss any possible changes to masking on the buses or in school.
2. We are busy finalizing staffing for the year and are certainly feeling the teacher shortage of teachers, paraprofessionals and substitutes at all levels. Through creatively seeking staff and through the kindness of retired teachers from MACCRAY we are making this work successfully. Also, the state licensing department has so far been very good to work with and responsive to special needs.
3. Construction continues to move along efficiently. We have had very few issues with deliveries of supplies or changes to the schedule or plan. Right now (8.5.21) the final layer which will be beneath the tar surface is being applied. The sound of dozers and payloaders is sweet to my ears. Last minute touches are being applied to the high school. Paint, carpet, ceiling tile, cabinetry, low voltage wiring and cleaning are happening inside the building NOW. We are only - at this writing- partially moved into the offices but headed that direction soon.
4. Policies to be approved this month are about the school board meeting public comment which we spoke of last month. Please be ready to guide me on a couple items with the Policy 206:
 - *How many minutes do you wish for a person to be able to speak. I think 3 minutes is sufficient.
 - *Do you want people to sign up by noon with me or sign up when they arrive at a meeting?Please remember that a board meeting is for the elected officials to work on the business of the district and visitor comments (while we want comments) should come at the appropriate time in the meeting.

There will also be two additional policies one is regarding school discipline and the other regarding bullying. These have nothing new in them they are just policies to be reviewed by the board (and administration) annually. There are other policies that need to be reviewed each year but more will come in the upcoming meetings. I didn't want to dump many many pages of reading on you for one meeting.

5. The meeting on Monday night will be held in the construction trailer. We can do a tour after the meeting. Dan will be available to show us around.
