How do I double up in science and math?

If you are interested in doubling up in math and science. It is important to provide your teacher with your first choice for your course recommendation. During your scheduling session, you will be able to schedule your additional science or math classes as an elective. We advise you to check with your teacher before scheduling to ensure you have all the required prerequisites for the course. It is also important to remember that the goal of “doubling up” is to surpass the graduation requirements for post-secondary purposes.

What do I need to be aware of if I plan to play a sport in college (Div I and Div II)?

Please visit eligibilitycenter.org to see NCAA requirements to be eligible to participate in college sports. *Reference NCAA brochure provided in packet*

How do I schedule MCTI?

- If you have been accepted into the program your guidance counselor would schedule your program for you.
- If you would like to be in MCTI next year, you will make a building schedule and apply for the MCTI program of your choice. If you get into the program, guidance will work with you to update your schedule.
- Driver Education (10th Health) will not fit into your building schedule. Please conference with your counselor if you would like to take this course through our cyber academy. (This is not a requirement but is recommended)

How do I sign up for Behind the Wheel training?

Upon completion of the 10th grade Drivers' Education class (Health 10) and having acquired a valid PA permit you will have the opportunity to complete Behind the Wheel training. You do not have to sign up during the course selection process.
