# One-Page Summary

This provides a summary of charts combined on one page.

# Coding Expenditures in the Budget Document

# (Definitions for Functions, Sub-functions, Objects)

Funds in the USD budget document have a general definition as currently used under Kansas law, which would include such funds as general, career and postsecondary education, special education, etc. Within each fund will be a breakdown by function, sub-function, object and sub-object. This document will explain what expenditures should be charged under which code.

Additional information can be found in the <u>Accounting Handbook</u> which is available on the KSDE School Finance website (located under Guidelines). Link: http://www.ksde.org/Default.aspx?tabid=429

This handbook explains in detail how functions, sub-functions and objects are used to breakdown expenditures in each of the funds, and includes a section with Guidelines for Activity Funds.

# Coding the USD Budget Document

Funds will have the general definition as currently used under Kansas law, which would include such funds as general, career and postsecondary education, special education, etc. Within each fund is a breakdown of five major functions performed by school personnel or activity. These five major functions include instruction, support services, operation of non-instructional services, facilities acquisition and construction services, and other outlays such as debt service and fund transfers.

Functions are further broken down into sub-functions, service areas and areas of responsibility. The major sub-functions fall under the support services. The services include student support, instructional support, general administration, school administration, operations and maintenance, and other support services. Each of these levels consists of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities can be combined, compared, and are related.

For example:

| Function                        | 2000 | Support Services            |
|---------------------------------|------|-----------------------------|
| Sub-function                    | 2300 | General Administration      |
| Service area                    | 2310 | Board of Education Services |
| Area of responsibility services | 2313 | Board Treasurer             |

An effort has been made to group together functions in relation to the magnitude of expenditures typically found in the LEA. This grouping corresponds to the categories most frequently requested in reporting to external authorities, especially the federal government. The numbering code for functions are always in even thousands, such as 1000; 2000; 3000; etc.

Within each function or sub-function will be a breakdown of expenditures that will be **object** codes. Examples of object codes would be salaries, employee benefits, purchased professional and technical services, purchased property services, other purchased services, supplies and equipment. The object codes may have a further breakdown by different types of expenditures under each object code. For example, salaries could be further broken down into salaries for teachers and other salaries for instruction.

Below are definitions taken from the KSDE <u>Accounting Handbook</u> explaining what expenditures should be charged under which code. Link: http://www.ksde.org/Default.aspx?tabid=429

# FUNCTION DEFINITIONS

<u>Code</u>

# 1000 Instruction

Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. This includes expenditures formerly reported under 3400 Student Activities. Teaching may also be provided through some other approved medium such as two-way interactive video, television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.

Include only regular and part-time teachers, teacher aides or assistants, homebound teachers, hospital-based teachers, substitute teachers, and teachers on sabbatical leave. If proration of expenditures is not possible for department chairpersons who also teach, include department chairpersons who also teach in instruction. Full-time department chairperson's expenditures should be included only in 2490.

# 2000 Support Services

Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist to fulfill the objectives of instruction, community services and enterprise programs, rather than as entities within themselves.

The sub-function of this function includes: Student Support Services, Instructional Staff Support Services, General Administration, School Administration, Business, Operation and Maintenance of Plant Services, Student Transportation, Central Support, and Other Support.

# 3000 Operation of Non-Instructional Services

Activities concerned with providing non-instructional services to students, staff or the community. This would include such activities as food service operations, enterprise operations (such as LEA bookstores) and community services (such as recreation, public library, and historical museum).

## 4000 Facilities Acquisition and Construction Service

Activities concerned with acquiring land and buildings; remodeling buildings; constructing buildings and additions to buildings; initially installing or extending service systems and other built-in equipment; and improving sites.

## 5000 Debt Service

A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified under Debt Service. Activities related to servicing the long-term debt of the school district, including payments of both principal and interest. This function should be used to account for bond interest payments, retirement of bonded debt, capital lease payments and other long-term notes. Interest on short-term notes or loans is charged to function 2513.

# SUBFUNCTION DEFINITIONS

# **EXPENDITURES**

Definition - A sub-function is the next level of accounting breakdown under the functions. Example: For 2000 – Support Services function this would look as follows:

# <u>Code</u>

## 2000 Support Services

- 2100 Student Support Services
- 2200 Instructional Staff Support Services
- 2300 General Administration
- 2400 School Administration
- 2500 Central Services
- 2600 Operation and Maintenance of Plant Services
- 2700 Student Transportation Services
- 2900 Other Support Services

The numbering code for the main sub-functions is hundreds in the last 3 digits such as 2100, 2200, etc.; 3100, 3200, etc. Further breakdown below the main sub-functions will continue such as:

2110 2111 2112

There are <u>no sub-functions</u> for 1000 - <u>Instruction</u> function category.

# **OBJECT DEFINITIONS**

# EXPENDITURES

The final breakdown of expenditures is called object codes. The object codes include such expenditures as salaries, employee benefits, purchased services, supplies and equipment. A detailed breakdown of object codes is provided for those schools that would like a further breakdown.

You will notice in the budget document there will be numerous breakdowns of the major object codes. Whenever there is a breakdown of the major codes, we will list an "Other" expenditure category. All other expenditures which do not fall into one of the categories listed on the budget document should be placed in the OTHER category. For example, in the General Fund for 1000 - Instruction, the 600-object code for supplies has a breakdown: 610 - General Supplies, 644 – Textbooks and 680 - Miscellaneous Supplies. All other expenditures under the 600 series such as 620, 630, 640, 650, 660 and 670 will be listed under the category 680 - Miscellaneous Supplies. This same concept will hold true for other object codes.

Listed below are the nine major object codes and their definitions:

# <u>Code</u>

- **100 Personal Services Salaries** Amounts paid to all employees of the district. This includes gross salary for personal services rendered while in the payroll of the district and insurance payments reduced under section 125 plan.
- 200 Employee Benefits Amounts paid by the district in behalf of employees; these amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe payments and, while not paid directly to employees, nevertheless are part of the cost of personal services. Used with all functions except 5000 Debt Service.
- **300 Purchased Professional and Technical Services** Services which by their nature can be performed only by persons or firms with specialized skills and knowledge. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.
- **400 Purchased Property Services** Services purchased to operate, repair, maintain, and rent property owned or used by the district. These services are performed by persons other than district employees.
- **500** Other Purchased Services Amounts paid for services rendered by organizations or personnel not on the payroll of the district (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.
- **600 Supplies and Materials** Amounts paid for items that are consumed, worn out, or deteriorated through use.
- 700 **Property** Expenditures for acquiring fixed assets, including land or existing buildings; improvements of grounds; initial equipment; additional equipment; and replacement of equipment.
- 800 Debt Service & Miscellaneous Amounts paid for goods and services not otherwise classified above.
- **900** Other Uses of Funds (Appropriated Funds Only) This series of codes is used to classify transactions which are not properly recorded as expenditures to the LEA but require budgetary or accounting control. These include redemption of principal and interest on long-term debt and fund transfers. Used with governmental funds only.

# FUNDS

# **Description**

• General Fund, Supplemental General Fund (i.e. Local Option Budget or LOB)

Accounts for all financial resources of the LEA except those required to be accounted for in another fund.

 Special Revenue Funds (Includes: Adult Education, Special Liability Expense, Adult Supplemental Education, Bilingual Education, Virtual Education, Driver Training, Professional Development, Parent Education Program, Summer School, Special Education, Career and Postsecondary Education, Textbook & Student Materials Revolving Fund, Capital Outlay Fund, Extraordinary School Program, Food Service, Extraordinary Growth Facility, Coop Special Education, Federal Funds, Preschool-Aged At-Risk, At-Risk (K-12), KPERS, and Cost of Living).

Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Special revenue funds may include: restricted state or federal grants-in-aid; restricted tax levies.

A separate fund may be used for each restricted source, or one fund may be used supplemented by the dimension Project/Reporting code.

# • Capital Project Funds

Account for bond proceeds used to acquire or construct major capital facilities.

- Debt Service Funds (Includes: Bond & Interest, Special Assessment, No-Fund Warrants and Temporary Notes) Account for the accumulation of resources for, and the payment of general debt, principal and interest.
- Trust and Agency Funds (Includes: Recreation Commission, Recreation Commission Employees Benefit, Library Board, Library Board Employees Benefit, Historical Museum, School Retirement, Special Reserve Fund, Contingency Reserve Fund, and Gifts and Grants.)

# ACCOUNT GROUPS

The following are not funds, and therefore, do not report operations like the general fund or a special reserve fund:

# General Fixed Asset Accounts

All of a governmental unit's fixed assets which are not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Fixed Assets Account Group. It is essential that a list of the district's fixed assets be maintained to help ensure accountability.

## General Long-Term Debt Account Group

All of a governmental unit's long-term debt that is not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Long-Term Debt Account Group. It is essentially a list of the district's debt that has not matured (i.e. general obligation bonds, temporary notes, and no-fund warrants). It would also include liabilities for certain compensated absences (i.e. vacation and sick leave) and other claims and judgments against the district.

On the <u>School Finance website</u> (Guidelines and Manuals screen), download the <u>Activity Fund Guidelines</u> handbook for guidance to establish and maintain control over activity funds. Three types of activity funds are listed below:

- <u>Student Activity Funds</u>: Student Activity Funds consist of those activities that revolve around a student organization (FFA, FHA, Debate, Marching Band, etc.).
- <u>District Activity Funds</u>: District Activity Funds consist of co-curricular activities that have student participation in the activity, but are administered by the district (i.e., athletic events, music concerts, plays, book fair, etc.).
- <u>Non-Activity Funds</u>: Non-Activity Funds are collected at the building level and include fee funds, sales tax moneys, revolving funds, and petty cash.

# 2021-2022 Budget General Information USD #: 259

# **Introduction**

Unified School District (USD) No. 259 is located in Sedgwick County of south-central Kansas. The major city within the school district is Wichita with a population of more than 389,000. Approximately 96 percent of the students reside in the city of Wichita. The school district covers more than 151 square miles and serves more than 47,200 students. The district consists of approximately 100 schools and other administrative or attendance centers.

USD No. 259 is the largest school district in the state. The district provides a full range of school programs and services authorized by Kansas Statutes. These services include educational programs for kindergarten through twelfth grades, special education, Title I, pre-kindergarten, career and post-secondary education, transportation, nutrition services, health services, support services, and professional development activities for educators. USD No. 259 also supervises the use of district facilities to ensure that individuals and community groups may use those facilities.

USD No. 259 was established on July 1, 1965. The district is governed by a seven-member elected School Board. Board of Education members are elected by the public, have policy-setting authority, and have primary responsibility for fiscal matters. Most district funding comes from the State of Kansas. The district also receives funds from local and federal government sources and must comply with the accompanying requirements of those entities. However, USD No. 259 is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board.

The Board of Education holds its regular business meetings at the North High School Lecture Hall, 1437 N. Rochester, in the historic midtown area of Wichita. The meeting calendar is available at <a href="http://boe.usd259.org">http://boe.usd259.org</a>. A member of the public may register to speak and address the Board as provided by guidelines in the BOE Agenda.

The community has held strong support of the educational opportunities made available through the Wichita Public Schools. This support is enhanced by the quality and enthusiasm of the professionals who work in the school system. Continued cooperation between local citizens and professional educators will maximize future educational opportunities to ensure that all students learn the skills and acquire the knowledge necessary for success at continuing stages of their lives.

# **Board Members**

District 1: Diane Albert, 547 N. Yale Ave., Wichita, KS 67208 (Term expires 01/08/2024) District 2: Julie Hedrick, 2526 N. Director of Budgeting Controller/Assistant Treasurer Addi Lowell Nonnie Onyancha

# The District's Accomplishments and Challenges

# Accomplishments:

- The district began the 2021-22 school year with full, in-person learning. The theme for the school year was Ignite Learning, and 27 community partners helped welcome students and families back to school. Those partners and other public education supporters provided mentors, school supplies, equipment, funds and more.
- Increasing certifications and college credit is one of the goals of the district's Strategic Plan. As part of this work, the district developed the Graduation Plus initiative. The program is designed to have seniors graduate with both a diploma and at least one Market Value Asset to give students more opportunities to be successful after high school. A Market Value Asset can be an industry-recognized credential, work-based learning, dual-credit college classes and entrepreneurial experiences.
- The district hosted its first district-wide job fair for high school students. More than 350 seniors looking for full-time work after graduation connected with over 80 local companies seeking job candidates. Additionally, the district created its own internship program, providing work-based learning experiences within the district's business and operations divisions, including Finance, Communications, Facilities and Human Resources.
- In a partnership with WSU Tech, the district is expanding programming at the Future Ready Center, offering centralized courses for manufacturing and health science technical education. WSU Tech will provide industry specific equipment and technology for students to participate in this immersive learning opportunity, as the district pilots these programs for students across all high schools. Students will receive college credit through these courses and opportunities to earn industry recognized credentials.
- With learning loss at the forefront, and third grade reading proficiency a focus of the Strategic Plan, the district accelerated critical training for instructional staff. Language Essentials for Teachers of Reading and Spelling (LETRS) will provide over 1500 staff members with training on the fundamentals of reading instruction including phonological awareness, phonics, fluency, vocabulary, comprehension, writing, and language.
- Twelve middle schools participated in the Verizon Innovate Learning (VIL) grant for the 2021-2022 school year. This grant provided devices, internet access and coaches for each school. VIL schools received extensive teacher training, support and the opportunity to engage in a unique, immersive curriculum to leverage technology in

their classrooms. The schools also earned a digital citizenship certification through a partnership with Common Sense Media.

- The eSports program expanded to all district high schools and 18 middle schools in 2021-22. The eSports program teaches student problem-solving skills, digital literacy and digital collaboration skills. Our very first eSports recruits will go on to play for Wichita State University.
- Through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and American Rescue Plan (ARP) Act, the district was allocated nearly \$245 million to mitigate the effects of the pandemic. During the 2021-22 school year, these funds were targeted towards maintaining staffing levels after unprecedented enrollment audit adjustments, retention programs for employees during extremely competitive labor conditions, learning loss programs to allow for additional instructional time for students, mental health supports, and funds for principals to determine the unique needs of their schools' student populations.
- Using additional federal funds, the district offered robust summer learning opportunities for students needing additional support following the end of the 2021-2022 school year. Over 6,700 students were served, with students completing 504.5 original credits and 1498.50 recovery credits. The district's summer school program put it at the twelfth largest school program in the state.

# Staff and School Recognitions:

Microsoft Innovative Educators of the Year Microsoft Showcase School **Eight Distinguished Classroom Teachers** National Presidential Award of Excellence in Mathematics and Science Teaching Magnet Schools of America Principal of the Year Magnet Schools of America School of Distinction Award Project Lead the Way Distinguished High School Award Capturing Kids' Hearts National Demonstration School Award Urban League of Kansas Corporate Diversity and Inclusion Award National Association of Music Merchants Best Communities for Music Education Storytime Village Literary Champion Award Kansas Principals Association Assistant Principal of the Year Award Kansas Association of Schools Psychologists School Psychologist of the Year Award Yamaha 40 Under 40 Music Advocacy Award Wichita Business Journal's 2021 Executives of the Year Commissioner's Task Force on Elementary and Secondary School Emergency Relief (ESSER) and Emergency Assistance for Nonpublic Schools (EANS) Funding Oversight Leader in Me Lighthouse Certification

# Scholarships and Student Recognition:

The Wichita Public Schools Class of 2022 consisted of 2,500 seniors who were offered more than \$59.6 million in scholarships; among them are:

- Wichita State University Klose Scholarship
- Wichita State University Koch Scholars
- Wichita State University Rudd Scholarship
- Notre Dame Questbridge Scholarship
- Kansas Career and Technical Education Scholars
- National Merit Scholars

Thirty two Wichita Public Schools seniors were named 2022 Governor's Scholars, representing the top 1 percent of high school seniors in Kansas.

Northeast Magnet, Northwest, and East High were named to the list of top high schools in Kansas according to U.S. News & World Report.

Eight Wichita Public Schools have been named 2021 Challenge Award winners. The award recognizes schools that are making a notable difference in student achievement.

# Challenges:

- While community support of capital projects through two bond issues has upgraded much of the district's infrastructure, the average age of school buildings is almost 60 years old, creating challenges for the structure and safety of 21<sup>st</sup> century learning environments and technology. As costs increase for capital projects, the district's Capital Outlay fund is limited in the number of deferred and preventative maintenance projects it can sustain during a budget year.
- After a severe COVID-19 enrollment decline, consistent with enrollment trends in other urban school districts across the country, the district confirmed in the 2021-22 school year that enrollment gains are unlikely, and previously anticipated declining enrollment trends will continue for the Wichita Public Schools. Because student enrollment drives revenues, additional pressures for the district to strategically plan long term to sustain necessary staffing and infrastructure needs while adjusting services for a decreasing number of students will become a focus.
- Even with the state finance formula providing more funding year-over-year, the needs related to being a large, urban school district remain high, especially as the district works to correct learning loss attributable to interruptions caused by COVID-19. With the average of free and reduced lunch applications over 73%, identified "at risk" students over 78%, and a continuing number of social-emotional and mental health issues impacting our school communities, the non-fiscal roadblocks to improve student achievement are significant.

- In 2019, the Kansas legislature adjusted the school finance formula by approximately \$90 million to account for inflation. The Kansas Supreme Court, in its seventh Gannon decision, held that the State's adjustment to the formula substantially complied with the Court's mandate in Gannon VI to address inflation-related issues. The Court retained jurisdiction of the case to ensure continued implementation of scheduled funding. While it would seem this decision would end the litigation cycle, threats to school funding still exist. Future legislative action to revise the formula, recessionary pressures that put the overall state budget at risk, repeated threats to discontinue At Risk funding, and a possible constitutional amendment to strip down Article VI as the final year of a designated three percent increase to BASE aid comes to a close and moves to a consumer price index (CPI) model are threats to the current stability in the district's long-term financial outlook.
- Mitigating the effects of the COVID-19 pandemic continues to represent the single greatest challenge public education has ever experienced. Post pandemic pressures to improve learning loss have put tremendous workloads on staff. Staffing issues continue to be a great challenge for Wichita Public Schools as the district approaches the new school year with almost 100 teaching vacancies, and over 125 paraeducator vacancies. While the district made plans to use all of the federal pandemic relief funds granted through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and American Rescue Plan (ARP) Act, totaling almost \$245 million, limitations on labor markets, supply chain delays, steep budget reductions due to declining enrollment, and heavy restrictions and required approvals on the use of these federal funds present additional challenges in the district's ability to implement its plans to fruition.

# Supplemental Information for the Following Tables

- 1. Summary of Total Expenditures by Function (All Funds)
  - District-wide, 77% of the total budget is spent on students for instruction, student and instructional support (librarians, counselors, nurses, etc.), school principals, student meals, and student transportation, down 2% from FY22. The decrease to the percentage of total budget spent in these areas is due to large amounts budgeted for capital improvements, engaging Elementary and Secondary School Emergency Relief (ESSER) funds available to the district from the CRRSA and ARP federal relief packages in allowable facilities and safety improvement projects.
  - The district is budgeting over \$116 million more in instruction for FY23 over FY22 actual expenditures. Direct instruction of students accounts for 45% of all budgeted expenditures for all funds, maintaining the same percentage from FY22.
  - Student meals under Food Services increased 22%, or over \$7 million dollars from FY21 actuals due to an estimated increase in food costs and supply chain delays. A decrease in revenues is expected due to the conclusion of Free Meals for All Kids legislation for FY23. Universal Breakfast for students will continue into FY23 as post COV1D-19 food service legislation normalizes.
  - Debt Service will decrease 60% in FY23, or over \$38 million, as the district reduced its debt requirement by exercising its ability to call the 2013-A bond series early in FY22, saving

taxpayers over \$800,000 in interest. Bond and interest payments will increase slightly each year as the district meets its principal and interest payments from Bond Debt Service and Capital Outlay Debt Service.

- Transportation expenditures increased over FY22 budgeted expenditures by over \$3 million as the district recognizes a 2.5% contract increase with the transportation service provider, as well as a recognized decrease in the scope of service in FY22 due to a decrease in labor availability.
- Total budgeted expenditures for FY23 increased over \$116 million compared to FY22 actual expenditures, an increase of 13.5%. When compared to FY22 budgeted expenditures, FY23 increased over \$4 million, or a .4% increase in budgeted expenditures. This slight increase in budgeted expenditures is accounted by the one-time infusion of federal ESSER funds, and offset by a decrease in revenues due to the conclusion of Free Meals for All Kids, an expected decrease in debt service expenditures due to an early payoff option exercised in FY22, and the realization of enrollment decline from COVID-19, as well as an increase in the statutory base aid per pupil from \$4,706 to \$4,846.
- 2. Summary of General Fund Expenditures by Function

A reallocation of budgeted expenditures from the General fund to the At Risk fund account for the 5% decrease in budgeted expenditures over FY22 actuals for instruction.

- 3. Summary of Supplemental General Fund Expenditures by Function
  - Budgeted amounts for transportation increased 11% as the result of a contractual 2.5% increase on services by the district's transportation provider, as well as the increase of fuel prices.
  - While Operations & Maintenance increased 23% when comparing FY22 actuals to the FY23 budget, budgeted amounts increased only 2% due to an expected increase to electric utilities for FY23.
- 4. Summary of General and Supplemental General Fund Expenditures by Function
  - Percentages for Student Support and Instructional Support increased by 83% and 16%, respectively, compared to FY22.
  - Budgeted amounts for Transportation increased by 11% in FY22.
- 5. Summary of Special Education Fund by Function
  - Budgeted amounts related to transportation expenditures have increased by 8% or \$1.3 million due a 2.5% contractual increase with district's transportation provider and the increase in fuel prices.
  - There is a 9% decrease in Administration & Support for FY23 compared to FY22. Indirect costs are expenditures that the Special Education Fund does not pay directly, but are a result of running the Special Education Program, such as payroll, accounts payable, etc. In FY22, the indirect cost rate was 3.34%; for FY23, the rate is 2.53%.
  - Amount spent per pupil has increased by 4%, largely in part to additional instructional and support expenditures funded with ESSER and IDEA ARP funds.

As a general note for all remaining comments on functional expenditures: Most functions in each fund reflect increases due to potential planned salary and benefit cost increases for FY3 as a result of base aid per pupil improving from \$\$4,706 to \$4,846. Decreases in other functions generally are due to reallocations of expenditures occurring between funds. Flexibility was built into the budget by maximizing federal revenue streams, considering significant revenue declines due to a reduction in enrollment, as well as by budgeting unencumbered cash to allow for enrollment audit adjustments as needed through the course of the year. Actual expenditures for FY22 in some functions were

significantly impacted by enrollment audit adjustments and a reduction to particular revenue streams, as well as mandatory transfers to the At-Risk fund.

- 6. Instruction Expenditures (1000)
  - Increases in Federal Funds are planned to account for additional instruction programming created from the infusion of ESSER funds. Most Summer School fund expenditures are now planned in Federal Funds and this program will continue to expand through FY23.
  - Budgeted increases in the At-Risk fund and offsetting decreases in the General fund are due to the reallocation of teacher salaries to reflect at-risk student populations within each school, which increased during the 2021-2022 school year. The budget reflects a direct correlation to the average of 78% of students in the district qualifying with at-risk criteria.
  - A decrease in Capital Outlay is recognized as the district worked to complete the implementation of instructional technology distribution in FY22.
- 7. Student Support Expenditures (2100)
  - The FY22 increase in actual expenditures in Federal Funds of approximately \$10.8 million compared to FY21 actuals for student support are a result of the planned implementation of additional child study team members to support mental health initiatives in schools using ESSER funds. The expenditures for FY23 are planned for similar levels to continue these mental health initiatives.
  - Actual expenditures in the At-Risk fund from FY21 to FY22 increased by approximately \$6 million , due to the reallocation of support personnel to reflect services provided to at-risk student populations within each school,. The district is budgeting normal operations for FY23 as the district uses ESSER funds to support additional student support services.
  - The district applied for an additional eight mental health school liaisons for FY23 that will be funded at 75% by the Mental Health Intervention Team (MHIT) program. This application was approved, increasing grant funding for student support initiatives from \$1.28 million in FY22 to \$2.16 million in FY23.
- 8. Instructional Support Expenditures (2200)
  - Federal Funds increased as a result of increases to Title allocations & ESSER funding.
  - Professional Development fund & Special Education fund instructional support expenditures increased as a result of planned trainings related to the continuing implementation of Standards-Referenced Grading (SRG), COVID-19 learning loss and adding AVID strategies in all elementary schools.
  - While budgeted instructional support expenditures appear to increase significantly in FY23 in the capital outlay fund, comparing FY22 budgeted expenditures to FY23 results in no change for planned expenditures in technology purchases to support instructional support staff and initiatives.
- 9. General Administration Expenditures (2300)
  - General Administration budgeted expenditures increased in the General fund for FY23 due to the reallocation of staff supporting equality initiatives. The district no longer has required setasides of IDEA funds due to significant disproportionality assessments, but central administration staff are required to continue to maintain equitable behavior and discipline practices.
- 10. School Administration Expenditures (2400)
  - The district began offering the Aspiring Building Leader (ABL) Program, an entry point for staff who are interested in obtaining a position with Wichita Public Schools as a building assistant

principal or principal. Costs are planned through ESSER for FY23 to cover salaries, benefits and training for ABL staff.

- 11. Central Services Expenditures (2500)
  - While The General Fund increased 96% when comparing FY23 budgeted expenditures to FY22 actuals, budgeted amounts actually decreased by 1%.
  - The decrease in Special Education is the budgeted indirect cost, compared to actual expenditures for FY22. When compared to the FY22 budgeted amount, the decrease in total budget is due to the reduction in the indirect cost rate applicable for this fund for FY23.
  - The district reallocated central service supports required to administer ESSER funds out of Federal Funds to other funding sources.

# 12. Operations and Maintenance Expenditures (2600)

- Operations and maintenance expenditures in Federal Funds are planned as the district prepares to make use of ESSER funds for upgraded air systems to ensure optimization of air handling in schools, which has become increasingly relevant during the COVID-19 pandemic.
- Food Service expenditures increased as the district plans to use some of the funds made available in FY22 from the USDA's legislation: Free Meals for All Kids. The district will update some equipment and facilities to make sure the food service division can operate sustainably under post-pandemic expectations. This project was originally planned for FY22 but carrying forward to FY23 due to some resource limitations.
- Gifts and Grants increased by 70% for FY23 due to the Safe and Secure Schools Grant.
- 13. Transportation Expenditures (2700)
  - Transportation expenditures increased in the General fund to support increases in the transportation contract related to activity trips for athletics.
  - Both the Supplemental General fund and the Special Education fund increased due to the scheduled 2.5% contract increase for transportation services, as well as a reallocation of positive behavior classrooms around the district.
  - Transportation expenditures increased in Federal funds to support increases in summer school transportation and activity trips as well as activity trips during the school year to address learning loss.
  - Career and Postsecondary Ed increased in anticipation of additional routes to the Future Ready Center and other work-based learning opportunities.
- 14. Other Support Services Expenditures (2900)
  - Expenditures in the General fund increased by 2% for the Greater Wichita YMCA which operates Child Development Centers at the seven comprehensive high schools.

15. Food Service Expenditures (3100)

- Food Service expenditures increased due to the nationwide increase in the cost of food, fuel, and supply and demand matters. The cost of food cost experienced a 10.4% CPI increase, as published by the United States Department of Agriculture. Food & Milk budgets increased 23% over FY22 actuals, as the district plans for continued increased costs and supply chain issues.
- 16. Community Services Operations (3300)
  - This is a new function code that the district plans to implement in the budget process beginning in FY24.

- 17. Capital Improvements (4000)
  - Capital improvements are planned to increase 204% as the district budgeted Capital Outlay funds with budget flexibility to support COVID-19 related needs.
  - Additional Capital reserves were budgeted as part of this increase to support developing plans for extraordinary facilities needs and school safety initiatives.

18. Debt Services (5100)

- Bond and Interest expenses will decrease after the district exercised the ability to call the 2013-A Series one year early, reducing principal and interest obligations in FY23.
- The district is scheduled to make its third of four technology lease payments from Capital Outlay in FY23.

19. Miscellaneous Information – Transfers (5200)

- Transfers were budgeted using prior year actuals as a guideline. Enrollment and weighting counts heavily impact how much the General and Supplemental General funds must transfer.
- Budgeted Transfers decreased 5% in total for FY23 due to the recognition of the reduction in weighted enrollments for FY23.

20. Miscellaneous Information Unencumbered Cash Balance by Fund

- Unencumbered cash for Federal Funds ended at a negative \$101 million as the district has large encumbrances for pre-approved ESSER funded facilities upgrades recorded in FY22. Funds are not available to draw down on ESSER II and ESSER III awards as the district waits approval of applications in order to request draw down of funds.
- Because of school closures due to COVID-19 in FY21, the district was able to use unspent budget authority to increase unencumbered cash reserves in the Contingency Reserve fund by \$4.96 million.
- Capital Outlay, Bond and Interest, and the district's health reserves in the Special Reserve Fund account for over 94.5% of the district's unencumbered cash. Excluding federal funds, these restricted items account for 63%, in line with prior year amounts.
- 21. Reserve Funds Unencumbered Cash Balance
  - The district has been able to maintain its reserves for the Special Reserve Fund's health plan
  - The district had to increase its reserves for workers' compensation within Special Reserve Funds in FY22 to fully fund the present value of existing claims.

22. Other Information – Enrollment Information

- After recognizing a dramatic enrollment decline from the 2020-21 school year, enrollment estimates are expected to continue on the pre-pandemic protectory. The district anticipates slight enrollment decline as projections continue to come to fruition.
- Enrollment in the district's Education Imagine Academy has leveled out as in-person instruction returned in full capacity in FY22.

23. Miscellaneous Information Mill Rates by Fund

- The Bond and Interest mill levy decreased by .804 mills as the district approaches a healthy cash reserve for anticipated Bond and Interest payments scheduled for FY24 through FY29.
- The Supplemental General fund mill levy decreased by .948 mills. After enrollment audit adjustments from FY22 left the district with excess cash in the Supplemental General fund, and no budget authority to spend it, the district must decrease its cash requirements for FY23, thereby reducing the mill.

• Increased assessed valuations, and the maximization of the Supplemental General fund at 33% will allow the district to maximize revenue streams and reduce the overall mill levy by 1.038 mills.

24. Other Information – Assessed Valuation and Bonded Indebtedness

- Assessed property values in the Sedgwick County boundaries for Wichita increased 6.25%.
- The district will continue to pay down its debt requirements at a rate of 16% in upcoming years.

Note: FTE is the audited enrollment 9/20 and 2/20 (if applicable) and estimated for the budget year, which includes 4yr old at-risk and virtual enrollment. Enrollment does not include non-funded preschool. Beginning 2017-18, full-day Kindergarten is 1.0 FTE. This information is used for calculating Amount Per Pupil for Sumexpen.xlsx and Budget At A Glance (BAG).

School districts are authorized by law to self insure rather than purchase insurance for the following categories:

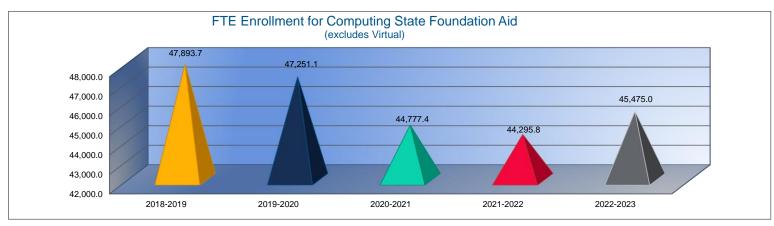

Worker's Comp, Health Insurance, Life Insurance, Property and Casualty (Risk Management) and Disability Income Insurance. Monies are placed in the Self Insured Fund to pay for claims which may arise from the categories listed above.

In accordance with 72-1178, all monies received from the sale of admissions to activities which the school district sponsors shall be credited to school activity funds in accordance with policies and procedures adopted by the board of education. Such monies shall not be considered to be monies of the school district for the purposes of K.S.A. 72-1136, and amendments thereto.

The term "activities" means activities, events, and competitions in such fields as athletics, music, forensics, and dramatics, and other interschool or intraschool extracurricular activities in which pupils may participate directly or indirectly.

USD # 259

This does not include student organizations or clubs.

### Notice of Hearing 2022-2023 Budget

The governing body of Unified School District 259 will meet on the 29th day of August 2022 at 6 PM at 1437 N Rochester, Wichita, KS 67203 for the purpose of hearing and answering objections of taxpayers relating to the proposed use of all funds and the amount of tax to be levied. Detailed budget information, including budget profile, building needs assessment and Board state assessments review is available at 903 S Edgemoor, Wichita, KS 67218 on the district website and will be available at this hearing.

The Amount of 2022 Tax to be Levied and Expenditures (published below) establish the maximum limits of the 2022-2023 Budget. The 'Est. Tax Rate' (column 7), shown for comparative purposes, is subject to slight change depending on final assessed valuation.

# Board of Education Minutes Wichita Public Schools - USD 259 Wichita, Kansas August 29, 2022

| Roll Call                               | The Board of Education of Unified School District No. 259, Sedgwick<br>County, Kansas, met in special session in the Wichita High School North<br>Lecture Hall, 1437 Rochester, Wichita, Kansas, at approximately 6 p.m., on<br>August 29, 2022, with President Stan Reeser presiding.   |
|---|--|
|   | Present: Diane Albert, Ernestine Krehbiel, Stan Reeser, Julie Hedrick,<br>Kathy Bond, Sheril Logan, and Hazel Stabler.   |
| Public Hearing on the<br>2022-23 Budget | Susan Willis, Chief Financial Officer, and Addi Lowell, Director of<br>Budgeting, briefed the Board on the 2022-23 budget. State statute requires<br>the Board to hold a public hearing on the proposed 2022-23 Budget. The<br>purpose of the hearing is to hear and answer objections of taxpayers<br>relating to the proposed budget and for purposes of considering<br>amendments to the proposed budget. The proposed budget documents and<br>the Budget at a Glance are available for review at the Alvin E. Morris<br>Administrative Center at 903 S. Edgemoor in Wichita. |
|   | Adoption of the proposed budget is listed in the 2022-23 Budget Adoption section of this BOE Agenda.   |
|   | The complete presentation is included in the archival copies of this BOE Agenda and Minutes.   |
| 2022-23 Budget Adoption                 | On August 8, 2022, the Board of Education approved the Notice of Hearing   |
| Appendix 1                              | provided in Appendix 1, which when published, establishes the maximum<br>amounts for the 2022-23 Budget. The Notice was published in <i>The Derby</i><br><i>Informer</i> (Sedgwick County's official newspaper of record) on August 17,<br>2022, with the public hearing scheduled at the beginning of this meeting.<br>The Board has the opportunity to ask questions if necessary following the<br>Public Hearing.   |
|   | Need assessments for each attendance center were provided to the Board via USPS the week of July 11, 2022, along with instructions on evaluating building needs assessments.   |
|   | At their regular meeting on August 8, 2022, the Board reviewed the major findings and themes in the needs assessments and how the district addresses these in the budget. The Board then took the opportunity to discuss and suggest changes to the budget.  |
|   | Following the Board's adoption, the 2022-23 Budget will be sent to Sedgwick County and the Kansas State Department of Education.   |
|   | Ms. Logan (Ms. Hedrick) moved the Board adopt the 2022-23 Budget as presented with a levy of taxes exceeding the Revenue Neutral Tax Rates calculated for 2022-23, as adjusted pursuant to 2022 HB 2239 amending K.S.A. 79-2988.   |
|   | The motion passed 7-0.   |
| Adjournment                             | Mrs. Bond (Ms. Krehbiel) moved the meeting adjourn.  |
|   | The motion passed 7-0.   |
|   | At approximately 6:40 p.m., the meeting adjourned.   |

### Exceeding the Revenue Neutral Tax Rate for the 2022-2023 School Year

The governing body of Unified School District 259 will meet on the 29th day of August 2022 at at 1437 N Rochester, Wichita, KS 67203 for the purpose of hearing and answering objections of taxpayers relating to the proposed use of all funds and the amount of tax to be levied. Detailed budget information, including budget profile, is available at 903 S Edgemoor, Wichita, KS 67218 and will be available at this hearing.

# WICHITA PUBLIC SCHOOLS UNIFIED SCHOOL DISTRICT NO. 259 WICHITA, KANSAS

# RESOLUTION 2022-11 UNIFIED SCHOOL DISTRICT NO. 259, SEDGWICK COUNTY, KANSAS August 29, 2022

A resolution expressing the property taxation policy of USD 259 (Wichita) Sedgwick County, Kansas (the "District"), with respect to the Revenue Neutral Tax Rate for financing the annual budget for 2022-2023

2022 HB 2239 amending K.S.A. 79-2988, provides that a levy of property taxes to finance the 2022-2023 budget of USD 259 exceeds the Revenue Neutral Tax Rate to finance the 2022-2023 budget of USD 259, be authorized by resolution.

BE IT RESOLVED, by the Board of Education of the District, that the 2022-2023 budget with a levy of property taxes exceeding the Revenue Neutral Tax Rates calculated for 2022-2023, as adjusted pursuant to 2022 HB 2239 amending K.S.A. 79-2988 is hereby adopted.

Adopted this 29th day of August, 2022.

In no event shall the transportation weighting of the school district result in the portion of such school district's state foundation aid attributable to the transportation weighting being in excess of 110% of such school district's total expenditures from all funds for transporting students for the immediately preceding school year.

#### TABLE IV Virtual State Aid (KSA 72-3715)

| 1. Estimated 9/20/22 FTE enrollment for full-time students enrolled in virtual programs.  | 650.0 X | \$5,600 | = | 3,640,000   |
|---|---------|---------|---|-------------|
| 2. Estimated 9/20/22 FTE enrollment for part-time students enrolled in virtual programs.  | 20.0 X  | \$2,800 | = | 56,000      |
| 3. Estimated Virtual Credits* (20 years and older as of 9/20/22)                          | 80.0 X  | \$709   | = | 56,720      |
| <ol> <li>Estimated Virtual Credits* (dropouts aged 19 and under as of 9/20/22)</li> </ol> | 0.0 X   | \$709   | = | 0           |
| 5. Estimated Virtual State Aid (Lines 1 plus 2 plus 3 plus 4)                             |         |         | = | \$3,752,720 |

\*No student shall be counted for more than 6 credits per year.

"Virtual School" means any school or educational program that: (1) Is offered for credit; (2) uses distance-learning technologies which predominately use internet-based methods to deliver instruction; (3) involves instruction that occurs asynchronously with the teacher and pupil in separate locations; (4) requires the pupil to make academic progress toward the next grade level and matriculation from kindergarten through high school graduation; (5) requires the pupil to demonstrate competence in subject matter for each class or subject in which the pupil is enrolled as part of the virtual school; and (6) requires age-appropriate pupils to complete state assessment tests.

(a) Do not include taxes levied for any funds in which a budget will not be made in 2022-2023.

(b) Divide each fund's tax levy by total tax dollars levied.

(c) Should equal 100 percent.

(d) Take the amount on line 21 times the calculated percentage for each fund from column 2.

(e) Take the amount on Form 110, Page 2, Lines 13, 14, 15, 16 and 17 and multiply by .67.

(f) Includes the total 2020 General Fund taxes levied.

(g) Take the amount on line 21 times the calculated percentage for each fund from column 2.

(a) Do not include taxes levied for any funds in which a budget will not be made in 2022-2023.

(b) Divide each fund's tax levy by total tax dollars levied.

(c) Should equal 100 percent.

(d) Take the amount on line 21 times the calculated percentage for each fund from column 2.

(e) Take the amount on Form 110, Page 2, lines 13, 14, 15, 16 and 17 and multiply by .33.

(f) Includes the total 2021 General Fund taxes levied.

(g) Take the amount on line 21 times the calculated percentage for each fund from column 2.

# FORM 195 2022-2023 Estimated State Aid

| A. Driver Education Aid (Approved Programs Only)   |   |              |
|--|---|--------------|
| 1. Estimated aid 7/1/2022 to 6/30/2023 (12 mo.) (Number of Driver Ed pupils completing program) x \$135)           | _ | \$0          |
|  |   | ψυ           |
| B. Motorcycle Safety Aid (Approved Programs Only)  |   |              |
| 1. Estimated aid 7/1/2022 to 6/30/2023 (12 mo.) (Number of Motorcycle<br>Safety pupils completing program) x \$90) | _ | \$0          |
|  |   | φυ           |
