

## RETEST/REDO POLICY 2022-2023

### RETEST/REDO POLICY:

- A student should have one opportunity each grading period in each course to retake a test (**Summative Assessment**) for which he/she earned a failing grade (a grade below 70).
  - The highest grade a student can earn on a test retake will be a 70. A student may not earn a grade lower than the original grade.
  - Prior to retesting, the teacher should require an intervening action (tutorial attendance, study group, test correction, etc.).
- A student should have one opportunity each grading period in each course to redo a **Relevant Application** for which he/she earned a failing grade (a grade below 70).
  - The highest grade a student can earn on a redone relevant assessment will be a 70. A student may not earn a grade lower than the original grade.
- Teachers should allow students to redo one daily grade or class assignment (**Checking for Understanding**) for which the student received a failing grade.
  - The highest grade a student can earn on a redone assignment will be a 70. A student may not earn a grade lower than the original grade.
- The student will request the Retest/Redo opportunity prior to the last week of the grading period. (Exception: If the assignment is issued during the last week of the grading period, the teacher must still allow for a Retest/Redo opportunity.)
- The student who refuses to take the original test, complete the original assignment, or who purposefully marks random/incomplete answers is not eligible for a Retest/Redo opportunity.
- Any assignment that is not received by the original due date will not qualify for a Retest/Redo opportunity.
- Grading closes at the end of the grading period. A Retest/Redo opportunity AFTER the grading period has closed, can help to improve failing students' grades; however, per UIL rules, the student will remain ineligible.
- DPMs, Benchmarks, and end-of-semester Final Exams are **not** included in the Retest/Redo opportunities.
