THE RIDGE REVIEW

A LOOK INTO ALL THE HAPPENINGS AT CYPRESS RIDGE HIGH SCHOOL

Hello Ram Nation!

Our school year is quickly going by with only 9 weeks of school left. Our students have been busy in the classroom and in the many extracurriculars that they are involved in. We had 24 National Merit and College Board Scholars recognized Monday night at the Berry Center! We have one National Merit Finalist, Mr. Yannick Mofor.

We are also excited to share our Boys Soccer Team won the District Championship for the second time in school history and was undefeated in district play! Our first play-off game will be Friday at Jersey Village Stadium at 7 p.m. vs Houston Heights. Please come out and support our RAMS!

Additionally, our Varsity Girls Bowling Team is headed to state this Saturday! Our students are unstoppable!

As a reminder, with only nine weeks of school left, we need all of our students here, on time and turning in work. We want to finish the school year strong!

Let's Go RAMS!

GIRLS BASKETBALL | Congratulations to our girls basketball team on an incredible season! For the second time in school history for this sport, we not only qualified for the playoffs, but this team was also the first to become bi-district champions, winning 44-39 over Westside High School. Unfortunately, our post-season ended with a valiant effort against Katy Tompkins, but the heart these athletes demonstrated was second to none.

BOYS SOCCER | The boys soccer team won their match against the Memorial Mustangs on March 1 to clinch their second District Championship in school history. With two games left, our boys are undefeated in district competition and hope to continue this momentum into the playoffs.

THEATRE | Congratulations to our UIL One Act Play Company, who performed "The Tin Woman" by Sean Grennan on Saturday, March 4. Their final public performance will be Fri., March 24 at 7 p.m. in the Cypress Ridge High School auditorium. There is no cost, so come out to see the show!

STEM NEWS | Junior Chirag Maheshwari is one of only 62 students in the entire country chosen to attend the 40th annual Research Science Institute (RSI) this summer. RSI is a collaborative effort between the Center for Excellence in Education and MIT, and it is an incredible honor to have been selected to participate!
