

# Lowery's Parent Partnership

Lowery administration and staff believe that a strong school and home partnership leads to our Longhorns' many successes. By doing so, we strive to communicate ways to get involved, receive school information as well as reflect on feedback and practices when making decisions. Lowery focuses on safety and strictly enforces the Student Code of Conduct and the staff and student handbooks.

# MARK YOUR CALENDAR!

The safety of each school day and event is our top priority. Lowery has the authority to determine the audience at each event based on the safety and security of each event. Communication and details of events will be shared prior to the activity taking place. There are dates we will not have lunch visitors during the year to establish and reinforce routines and procedures as well as to honor schedule changes due to district and statewide assessments. *Dates are subject to change.* Thank you for sharing your Longhorn(s) with us and partnering for the safety of all students and staff! Be on the lookout for additional information!
