# Comprehensive Needs Assessment

## Needs Assessment Overview

### Needs Assessment Overview Summary

**Title I, Part A Schoolwide Program Element 1.1: Comprehensive Needs Assessment:** The campus conducted a comprehensive needs assessment of the entire school that considered information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors determined by the local education agency.

The campus used the following process to conduct the comprehensive needs assessment: The CPOC committee reviewed data for each of the four goals. Vertical teams reviewed the data and identified strengths and needs. The CPOC committee completed a Root-Cause analysis for each area and identified problem statements and strategies to address each problem.

In summary, the comprehensive needs assessment denotes the following: After reviewing the campus data, it was noticed that our students begin to struggle in 3rd grade reading, which also affects other subject areas. As a campus we discovered that we needed strategies that addressed literacy through intentional interventions and access to print-rich environments that will help fill in gaps in learning while providing differentiated instruction with high expectations for all our students.

The comprehensive needs assessment was used to develop the goals, performance objectives, and strategies in the remainder of this campus improvement plan.

**Title I, Part A Schoolwide Program Element 2.1: Campus Improvement Plan Developed with Appropriate Stakeholders:** The campus improvement plan was developed with involvement of parents and other members of the community to be served and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators, the local education agency, and where appropriate, other individuals determined by the school. The committee who develops and evaluates the CIP is called the Campus Performance Objective Committee (CPOC).

**Title I, Part A Schoolwide Program Element 2.2: Regular Monitoring and Revision:** The campus improvement plan will stay in effect for the duration of the school year and will be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards. The campus improvement plan will be evaluated during the regularly scheduled CPOC Meetings.

**Title I, Part A Schoolwide Program Element 2.3: Available to Parents and Community in an Understandable Format and Language:** The campus improvement plan is available to the local education agency, parents, and the public, and information contained in the plan is in an understandable and uniform format and, to the extent practicable provided in a language parents can understand. It is written in English and translated into Spanish and other languages based on the following Language Access Plan for Title I Campuses:

*In accordance with Title VI of the Civil Rights Act of 1964 and the Americans with Disabilities Act, this procedure establishes guidelines for providing language accessible services to individuals that are limited English proficient.*

*All Title I Campuses shall have all written and oral communication services readily available in English and Spanish.*

*When 25% of a Cypress-Fairbanks ISD Title I campuses home language data shows that the common form of communication is a language other than English or Spanish, the campus will provide the following documents translated to the common language:*

- *Registration and Enrollment Forms*
- *Progress Reports*

- *Report Cards*
- *Campus Improvement Plans*
- *School-Parent Compact*
- *Parent Engagement Policy*

*Individual campuses may provide other documents translated in a language accessible to their community based upon campus needs. All documents will be translated upon request. Verbal translation in Spanish is available at all Cypress-Fairbanks ISD campuses. The entire Cypress-Fairbanks ISD website, including attachments and links, is translated into Spanish. Other translations may be provided upon request.*

The Campus Improvement Plan is made available to parents on the campus website, the district website, the front office and at Loch Katrine apartments.

# Student Achievement

## Student Achievement Strengths

### Strengths in Math:

- Our third grade approaches scores were higher than our cluster in the African American group.
- Our 3rd grade masters scores were higher than our cluster in the white group.
- Our 4th grade approaches scores were higher than the district and cluster average in the African American and SpEd groups and higher than our cluster in the white group.
- Our 4th grade meets scores were higher than the cluster in the white, LEP and SpEd group.
- Our 4th grade masters scores were higher than both the district and our cluster in the LEP group.
- Our 5th grade meets scores were higher than our cluster in the African American group.
- Our 5th grade masters scores were higher than both the district and our cluster in the LEP group and higher than the cluster in the African American and economically disadvantaged group.

### Strengths in Reading:

- Our 3rd grade approaches scores were higher than both the district and the cluster in the African American group and higher than the cluster in the all category as well as the economically disadvantaged and LEP group.
- Our 3rd grade meets scores were higher than our cluster in the all category as well as the economically disadvantaged and LEP groups and higher than both the district and our cluster in the African American group.
- Our 3rd grade masters scores were higher than our cluster in the all category as well as the white, economically disadvantaged and LEP groups as well as higher than both the district and our cluster in the African American group.
- Our 4th grade reading approaches scores were higher than our cluster in the all category as well as the LEP and SpEd groups and higher than both our cluster and the district in the white category.
- Our 4th grade meets scores were higher than our cluster in the white group as well as higher than both the district and our cluster in the African American, LEP and SpEd groups.
- Our 4th grade masters scores were higher than our cluster in the all category as well as the African American and white group as well as higher than both the district and our cluster in the LEP and SpEd groups.
- Our 5th grade approaches scores were higher than our cluster in the African American and economically disadvantaged groups.
- Our 5th grade meets scores were higher than our cluster in the all category as well as the Hispanic and African American group and higher than both the district and our cluster in the economically disadvantaged and LEP groups.
- Our 5th grade masters scores were higher than our cluster in the all category as well as the African American, economically disadvantaged and LEP groups as well as higher than both the district and our cluster in the Hispanic group.

### Strengths in Writing:

- Our 4th grade approaches scores were higher than both the district and the cluster in the African American and SpEd groups as well as higher than the cluster in the white group.
- Our 4th grade meets scores were higher than the cluster in the African American and white group as well as higher than both the district and our cluster in the SpEd group.
- Our 4th grade masters scores were higher than the cluster in the white group.

### Strengths in Science:

- Our 5th grade approaches scores were higher than our cluster in the all category as well as the Hispanic, economically disadvantaged, LEP and SpEd groups.  
Our 5th grade meets scores were higher than the our cluster in the all and economically disadvantaged groups as well as higher than both the district and our cluster in the

Hispanic, African American and LEP groups.

- Our 5th grade masters scores were higher than both our cluster and the district in the African American and LEP groups.

### **Problem Statements Identifying Student Achievement Needs**

**Problem Statement 1:** Reading: Students in K-5 are not meeting independent reading level expectations for their grade level. **Root Cause:** Reading: Teachers and instructional staff need to plan collaboratively specifically for differentiation in reading instruction to meet specific student needs.

**Problem Statement 2:** Writing: Students are not meeting grade level writing expectations in K-5th grade. **Root Cause:** Writing: Teachers and instructional staff need to continue to teach vocabulary, oral language and writing skills at grade level standard.

**Problem Statement 3:** Math: Students do not have the number sense and pre-requisite skills needed to master current grade-level standards in 2nd through 5th-grade math. **Root Cause:**

Math: Teachers and instructional staff need to strategically review math data in vertical teams in such a way that drives instruction leading to an increase of proficiency in pre-requisite skills.

**Problem Statement 4:** Science: Students lack academic and non-academic vocabulary knowledge, which leads to low reading comprehension in science. **Root Cause:** Science: Teachers and instructional staff need to implicitly teach and reinforce vocabulary skills through the use of interactive word walls.

**Problem Statement 5:** Students are beginning the 2021-22 school year with significant learning gaps due to the loss of face to face instruction from March 2019-May 2021. **Root Cause:** The onset of COVID-19 in the spring of 2020 and the implications of modified instructional methods necessitated by the need for immediate remote learning.

**Problem Statement 6:** Campuses serving the most economically disadvantaged/at-risk students experience larger achievement gaps. **Root Cause:** Need to deepen understanding and address specific academic needs of economically disadvantaged/at-risk students.

# School Culture and Climate

## School Culture and Climate Strengths

In the 2020-2021 school year, we had 0 exclusionary disciplinary actions such as suspensions or expulsions. 100% of our teachers used PBIS restorative discipline practices.

In the 2020-2021 school year, all required drills were completed within required timelines. The campus had an Emergency Operations Committee that gave feedback to the campus regarding ways to improve campus safety protocols and procedures.

In the 2020-2021 school year we implemented the 7 Habits of Highly Effective People schoolwide, leading to a greater amount of resilience, grit and leadership among students and staff.

## Problem Statements Identifying School Culture and Climate Needs

**Problem Statement 1:** School Culture and Climate: Due to the COVID-19 Pandemic, we were not able to provide face to face opportunities for parents and community members to engage with student achievements and success as we have in the past. **Root Cause:** School Culture and Climate: We need to provide more opportunities for our families to connect to school goals and staff so that we can break the cultural and linguistic barriers that make it difficult for our entire school community to engage in academic achievement goals.

# Staff Quality, Recruitment, and Retention

## Staff Quality, Recruitment, and Retention Strengths

Lieder provided professional development opportunities on campus and after school throughout the school year that focused on content support as well as personal capacity for navigating change and building resilience and leadership.

Staff celebrations and appreciation activities occurred at twice a month throughout the school year.

## Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

**Problem Statement 1:** Staff Quality, Recruitment and Retention: Staff have a high level of expectations and demands placed on them from a federal, state, district, and personal level after the loss of instruction due to virtual learning and the COVID-19 pandemic. **Root Cause:** Staff Quality, Recruitment and Retention: We need to do all we can to help teachers and paraprofessionals manage their stress levels while at school.

# Parent and Community Engagement

## Parent and Community Engagement Strengths

Each of our family nights had over 75% of families participating in the event.

## Problem Statements Identifying Parent and Community Engagement Needs

**Problem Statement 1:** Parent and Community Engagement: Our families are encountering new challenges engaging with school staff and their student's learning virtually. **Root Cause:** Parent and Community Engagement: We need to provide opportunities for our families to learn needed technology skills to engage their kids or with their teachers.

# Priority Problem Statements

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.

## Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain

## Student Data: Assessments

- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- Local benchmark or common assessments data
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data

## Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- EL/non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Response to Intervention (Rtl) student achievement data

## Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- School safety data
- Enrollment trends

## Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

- TTESS data

#### **Parent/Community Data**

- Parent surveys and/or other feedback
- Parent engagement rate

#### **Support Systems and Other Data**

- Study of best practices

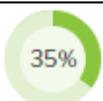

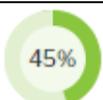

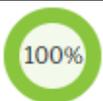

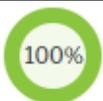

# Goals

**Goal 1: Academic Achievement:** The district will ensure academic performance and achievement levels that reflect excellence in learning and attainment of both high expectations and high standards for all students.

**Performance Objective 1: Curriculum and Instruction & Accountability:** By June 2022, students will meet or exceed the STAAR performance targets as noted on the attached CIP data table.

**Evaluation Data Sources:** STAAR Reading, Writing, Math and Science results

Strategy 1 Details	Formative Reviews		
<p><b>Strategy 1:</b> All subjects: We will celebrate reading growth with students individually, in classrooms, grade levels and campus wide.  <b>Strategy's Expected Result/Impact:</b> 100% of our students will grow in reading by May of 2022.  <b>Staff Responsible for Monitoring:</b> Teachers, paraprofessionals, instructional specialists</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 2 Details	Formative Reviews		
<p><b>Strategy 2:</b> Reading: We will create intervention groups by reading level that will meet during our intervention time to raise reading levels by at least one year's growth.  <b>Strategy's Expected Result/Impact:</b> Reading levels will grow one year. Meet or exceed STAAR performance targets.  <b>Staff Responsible for Monitoring:</b> Principal, Assistant Principal, ISs, Librarian &amp; Teachers</p> <p><b>Schoolwide and Targeted Assistance Title I Elements:</b> 2.4  <b>Funding Sources:</b> Library Books for Instruction &amp; Intervention Groups - Title I - \$10,000</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 3 Details	Formative Reviews		
<p><b>Strategy 3:</b> Writing: Our teachers will intentionally plan for quality small group instruction that will differentiate for the needs of each of their students in writing.  <b>Strategy's Expected Result/Impact:</b> Students writing will grow to meet or exceed the CIP targets.  <b>Staff Responsible for Monitoring:</b> Principal, APs and Instructional Specialists.</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			

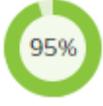

Strategy 4 Details	Formative Reviews		
<p><b>Strategy 4:</b> Writing: Utilize sentence stems in all content areas to increase rigor in writing for emergent bilingual students.</p> <p><b>Strategy's Expected Result/Impact:</b> Meet or exceed the targets on the attached CIP target tables.</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 5 Details	Formative Reviews		
<p><b>Strategy 5:</b> Math: Share data vertically to drive instruction so that our kids can be proficient in prerequisite skills.</p> <p><b>Strategy's Expected Result/Impact:</b> Meet or exceed the targets on the attached CIP target tables.</p> <p><b>Staff Responsible for Monitoring:</b> Teachers, assistant principals, and coaching team.</p> <p><b>Funding Sources:</b> Math Web Based Resources such as EducationGalaxy &amp; EdPuzzle - Title I - \$6,000</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 6 Details	Formative Reviews		
<p><b>Strategy 6:</b> Science: Increase vocabulary and exploration strategies for students to deepen their understanding of content.</p> <p><b>Strategy's Expected Result/Impact:</b> Meet or exceed the targets on the attached CIP target tables.</p> <p><b>Staff Responsible for Monitoring:</b> Teachers, assistant principals, and coaching team.</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 7 Details	Formative Reviews		
<p><b>Strategy 7:</b> Eliminate the Learning Gap and Increase the Amount of Quality Learning Time: The campus will provide 30 minutes of targeted instruction each day that includes targeted intervention of identified groups of students who demonstrate a need for either Reading or Math intervention.</p> <p><b>Strategy's Expected Result/Impact:</b> Meet or exceed the targets on the attached CIP target tables.</p> <p><b>Staff Responsible for Monitoring:</b> Principal, APs and Instructional Specialists.</p> <p><b>Funding Sources:</b> Temporary workers for additional interventions - Title I - \$18,000</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			
Strategy 8 Details	Formative Reviews		
<p><b>Strategy 8:</b> Well-Rounded Education : The campus will provide the following enrichment programs, courses, and/or activities in order to provide all students with a well-rounded education: Leader in Me character education program, Student Council, after school clubs, football &amp; baseball teams, &amp; opportunities to participate in the Superintendent Fun Run.</p> <p><b>Strategy's Expected Result/Impact:</b> Meet or exceed the targets on the attached CIP target tables.</p> <p><b>Schoolwide and Targeted Assistance Title I Elements:</b> 2.5</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>May</b>
			

Strategy 9 Details	Formative Reviews		
<p><b>Strategy 9:</b> Deepen understanding of and address specific academic needs of the Hispanic &amp; economically disadvantaged student groups in an effort to address the needs of all students, particularly at-risk.</p> <p><b>Strategy's Expected Result/Impact:</b> 1. Classroom libraries will hold books organized in such a way that students are able to access appropriate level text.</p> <p>2. Instructional supplies will supplement for school supplies that were not able to be provided from the family due to the hardships caused by COVID-19.</p> <p>3. We will pay staff to help with translating phone calls during off contract time to assist parents with difficulties with technology, CFISD surveys, and virtual instruction</p> <p>4. Teachers and paraprofessionals will be eligible to receive extra duty pay for attending professional development for Launching Leadership training.</p> <p><b>Staff Responsible for Monitoring:</b> Principal, Instructional Specialist, Campus Secretary</p> <p><b>Schoolwide and Targeted Assistance Title I Elements:</b> 2.6</p> <p><b>Funding Sources:</b> Classroom Library Bookshelves - Title I - \$4,650, Instructional Supplies - Title I - \$10,000, Extra duty pay for translations to increase family-school engagement - Title I - \$5,000, Extra duty pay for professional development - Title I - \$12,000, Technology supplies and support for virtual instruction such as earbuds and data cords. - Title I - \$3,360</p>	Formative

## Standard Expectations

The following activities will no longer appear in the *District Improvement Plan* or the *Campus Improvement Plans*, since they represent practices that are expected to happen in an ongoing manner to provide instructional “standard operating procedures.”

### Curriculum and Instruction

- The District provides a common curriculum for all subjects at every grade level with appropriate learning experiences based on the Texas Essential Knowledge and Skills (TEKS) and ensures that all students, no matter which campus they attend, receive the same curriculum.
- The District curriculum staff updates and revises the curriculum regularly considering teacher input, state and district assessment data, and current research and best practices. The curriculum includes scope and sequence, pacing guides, instructional resources, model lessons, and assessment items that support the content area while addressing the needs of a diverse student population.
- The District curriculum resides in Schoology, the learning management system. Schoology is used to its fullest capacity: lesson planning, resource selection, assessments, data digging, and data interpretations for instructional decisions.
- Teacher teams meet weekly (the appropriate number of times using Schoology) to plan collaboratively and develop effective, relevant lessons that focus on creating classroom experiences that meet students’ needs while maximizing first-time instruction and learning. These classroom experiences provide opportunities in which students
  - use technology (including but is not limited to online textbooks, animations/videos, simulations, reports, assessments, information graphics, probe ware, graphing calculators, programs, etc.) to support the learning of the TEKS;
  - generate and translate between multiple representations (graphs, diagrams, pictures, equations, tables, poems, advertisements, etc.);
  - develop academic language proficiency through speaking, reading, writing, and listening;
  - develop stamina to solve complex problems, read long passages and questions, and transfer knowledge to other situations and/or disciplines; and
  - have time to make sense of their learning (reflective journaling, student discourse, collaborative group work, Socratic seminars, etc.).
- The District provides and campuses follow student placement guidelines and scheduling protocols (Blue Book, Elementary Administrative Handbook, Master’s Scheduler Handbook, etc.) ensuring that students are placed in the appropriate classrooms/programs and are ready and able to achieve at high levels.

### Monitoring

- Campus leaders use various strategies, processes, and/or procedures to monitor the standard expectations to ensure fidelity. Examples include but are not limited to
  - review of lesson plans;
  - participation in team planning by administrators;
  - participation in data review/data dig sessions; and
  - monitor Schoology use.
- Campus leaders gather data, and coach teams and individual teachers in order to improve the impact of first-time instruction and learning.

### Assessment and Data Analysis

- The District develops and campuses administer assessments (District Progress Monitors, benchmark assessments, unit tests, check points, etc.) based on the established assessment calendars.
- Teacher teams review student data from multiple sources (DPMs, benchmark assessments, unit tests, check points, etc.) and develop a response that supports and defines methods for re-teaching and re-evaluating to ensure all students learn the content.
- Each teacher reviews data at the individual student level in an effort to adjust instruction and provide support so that every student has opportunity to master the content.

# Elementary Content Area Standard Expectations

## Literacy (Reading and Writing)

- Maximize instructional time by developing, posting, and consistently following a balanced literacy schedule that contains all components.
- Teach/re-teach the reading and writing process throughout the school year and ensure that students read and write each day.
- Utilize reading and writing workshop strategies to teach and reinforce critical TEKS (think aloud, modeling reading and writing processes in mini-lessons, interactive read aloud with accountable talk, independent reading and writing, small group instruction, conferring, and whole group share time).
- Use varied, authentic literature as mentor texts in reading and writing.
- Allow student choice from among varied genres and reading levels during independent reading time from classroom and digital libraries.
- Post and use anchor charts, created with students, in literacy classrooms.
- Maintain a monitoring notebook as documentation of individual student's progress observed during small group instruction and/or reading/writing conferences.
- Use varied, research-based strategies to teach revising and editing skills and apply language conventions within the context of writing.
- Use the *Continuum of Literacy Learning* and District and campus data to differentiate literacy instruction using individual conferences, small group instruction, and/or strategy group instruction.
- Integrate social studies and theater arts TEKS in literacy classes through read aloud and reading and writing workshop.
- 1:1 Technology in the Language Arts classroom should provide opportunities for students to:
  - Use Chromebook devices to engage in face-to-face and digital creation and collaboration
  - Locate and access information and resources stored in different platforms such as Google Drive and Schoology
  - Communicate and share conclusions using digital tools such as Google Suite, Flipgrid, WeVideo etc.
  - Incorporate the use of digital tools such as:
    - Google Suite
    - Scholastic Literacy Pro
    - Scholastic Storyworks (2<sup>nd</sup>-5<sup>th</sup>)
    - Amplify Reading
    - Amira Suite
    - HMH Suite
    - Library Resources
    - Schoology
  - Incorporate the use of technology inside the Language Arts classroom when it is the most effective and developmentally appropriate tool for the task being asked of the student
  - Utilized only after explicit and systematic instruction of literacy processes has occurred and not in place of first instruction

## Mathematics

- Model and expect students to use a problem-solving process.
- Post and use classroom-created anchor charts in math classrooms.
- Facilitate fact fluency/numeracy for 10-15 minutes daily during math instruction to develop automaticity. This can be accomplished using Number Talks, Math Talks, CFISD Fact Fluency Plan, and other content conversation routines.
  - "Procedural fluency refers to knowledge of procedures, knowledge of when and how to use them appropriately, and skill in performing them flexibly, accurately, and efficiently." NRC (2001)
  - Automaticity is fast recall of facts which seemingly appear instant.
- Use math manipulatives to help students develop concept understandings.
- Include teaching strategies and questions designed to promote higher-level thinking in lesson plans to improve first-time learning, which includes time for productive struggle.
- Use and encourage students to use precise mathematical vocabulary.
- Use Interactive Math Notebooks in 2<sup>nd</sup>-5<sup>th</sup> grade.
- Incorporate the use of small-group instruction to meet the needs of individual learners.
- Encourage student discourse/discussion including "what do you notice/wonder" and justifications.
- 1:1 Technology in the math classroom should provide opportunities for students to:
  - Use the rule of thumb of a weekly average use of the following:
    - 55% paper resource, 35% digital resource, 10% flex
  - Use Chromebook devices to engage in digital creation and collaboration
  - Incorporate the use of digital tools such as ST Math, Gizmos, ClassFlow, Interactive Textbook, Schoology, Google Suite, etc.
  - Incorporate the use of technology inside the math classroom when it is the most effective tool for the task being asked of the student
  - Communicate and share products using digital tools such as Google Suites, WeVideo, FlipGrid, etc.
  - Use technology to discover relationships and/or make connections between representations of mathematics, beyond skills practice

## Science

Teachers will develop science-literate students by creating learning opportunities using the 5E Instructional Model (grades 2-5) that engage students in scientific practices that require them to

- Ask questions, identify problems, plan and conduct classroom and field investigations to answer questions according to grade-level TEKS expectations (K-1 = 80% of the time, 2<sup>nd</sup>-3<sup>rd</sup> = 60% of the time, 4<sup>th</sup>-5<sup>th</sup> = 50% of the time).
- Use a science notebook (grades 2-5) to collect and organize data in simple graphs, tables, maps, and charts.
- Analyze data using math to derive meaning, identify patterns, and discover relationships.
- Engage in a common inquiry experience to make sense of and develop scientific concepts and vocabulary.
- Develop evidence-based explanations and communicate findings, conclusions, and proposed solutions.
- Engage respectfully in scientific discussion by listening, speaking, reading, and scientific writing.
- Incorporate the use of technology when it is the most effective tool for the task.
- 1:1 Technology in the science classroom should provide opportunities for students to:
  - Use Chromebook devices to engage in face-to-face and digital collaboration;
  - Locate and access information and resources stored in different platforms such as Google Drive and Schoology
  - Explore simulations (e.g. Explore Learning Gizmos, Interactive textbook, etc.);
  - Collect and represent data using digital tools such as digital microscopes, Google Suite, etc;
  - Communicate and share conclusions using digital tools such as; Google Suite, Flipgrid, WeVideo etc.

## Elementary Physical Education/Health (K-5)

- Utilize best practices for providing skills-based instruction in elementary physical education and health
- Utilize best practices to achieve moderate to vigorous physical activity
- Differentiate teaching strategies to meet individual student needs including allowing for student choice when possible and appropriate
- Provide engaging instruction with the goal of promoting the development of lifelong health and fitness
- Utilize technology to encourage movement and physical activity as appropriate
- Utilize the resources available to teachers including the CFISD Elementary PE Required Skills Units; Focused Fitness resources (digital); SPARK (digital); CATCH materials; and, Health Curriculum Videos.
- Provide the required fitness assessments for students in grades three, four, and five
- Participate in activities and events that promote school and community involvement

## Elementary Music (K- 5)

- Develop the singing voice as the foundation of music learning through folk, patriotic, seasonal, and songs of diverse genres
- Provide music experiences through activities that include listening, movement, improvisation, and playing a variety of classroom rhythm and Orff instruments
- Create lessons and utilize activities that develop understanding of the elements of music such as rhythm, dynamics, melody, harmony, tone color (timbre), texture, and form
- Utilize the resources available to teachers, including the CFISD adopted instructional materials, CFISD Scope and Sequence and CFISD Curriculum Standards
- Use 1:1 technology as a resource for self-exploration of topics and careers in music
- Encourage students to connect learning in music with other areas of knowledge such as math, reading, and social studies
- Participate in activities and events that promote school and community involvement

## Visual Arts (K–5)

- Model and teach artistic thinking – which means prompting curiosity and asking questions to develop ideas.
- Create open-ended lessons encouraging the voice and experiences of students through creative approaches and unique solutions.
- Introduce a variety of processes/media to demonstrate skills and techniques (not solutions).
- Explore careers associated with visual culture.
- Reflect on teaching practices to enhance professional development.
- Utilize the resources available to teachers including the CFISD adopted instructional materials, 1:1 technology, CFISD Benchmarks and CFISD Curriculum Standards.
- Encourage excellence by providing multiple opportunities for the students to compete in various settings including the Houston Rodeo School Art Contest, and the Texas Elementary Art Meet (TEAM contest).
- Participate in activities and events that promote school and community involvement, such as campus and districtwide art exhibits.
