Setting Parent Alerts in HAC

Parents can set up notification alerts in Home Access Center for the following items:

Course Averages	sends an email when a student's average for any class is below or above the parent's specified percentage
Classwork	sends an email when a homework grade is below or above the parent's specified percentage

To set up alerts, login to Home Access Center, click on "My Alerts" in the menu on the left. Check the boxes to set notifications you wish to receive and set percentages where applicable. If a parent has more than one student, alerts can be set separately for each student.
