

Air Force Junior Reserve Officer Training Corps (AFJROTC) and Civil Air Patrol (CAP) arranged for and provided a Flight Orientation Program flight for Cypress Creek HS. The purpose of the program is to introduce the cadet to basic flight procedures to include straight and level flight, turns, constant rate turns, basic aerial navigation procedures, and traffic patterns. The academic (ground) phase of instruction will include basic flight planning procedures, aerodynamics, aircraft structures, and aviation safety procedures.

The 7-6 Air Cavalry Squadron conducted orientation flights for Cadets of the Cypress Creek High School AFJROTC on Saturday, May 20, 2023. A total of 11 Cadets were introduced to air operations by 2 CAP O-Pilots with 2 aircraft at the David Wayne Hooks Airport, Gill Aviation FBO. Each Cadet was treated to an approximately 30-minute flight in the area within 20 miles of the Hooks Airport.
