

MORE THAN A SUMMER CAMP

Where we know how to balance
academic growth with a sense
of community and fun in a
summer camp!

CAMP WEDS

A Summer Learning Program
dedicated to connection, play,
learning, and nature!

Highlights of CAMP WEDS

- A team of WEDS teachers and counselors leading summer groups with a focus on fostering and facilitating socialization, problem-solving, and relationship building throughout the day.
- Daily exploration and play at our local parks, swimming once a week, and daily water activities at our WEDS Lagoon rooftop.
- Summer learning blended into engaging activities, play, and games- all while maintaining our WEDS pedagogy. Reading, Math, Writing, Social Justice, and STEM sessions will be incorporated into the program to strengthen skills, build confidence, and prevent the “summer slide”.
- WEDS specialists leading enrichment activities. These signature camp activities will include arts & crafts, meditation, music, games, and cooking groups.

Our Program

Consistent with our year-round model, Camp WEDS is designed to provide students with a structured environment that fosters social-emotional and academic growth. Now picture that in a camp-like setting!

This year, we are looking forward to providing a blend of all of our favorite summer activities and giving our students even more opportunities to connect with their peers and WEDS faculty. Our five-week summer program will give our campers just what they need: a summer full of building strong friendships, exploring the outdoors, opportunities to foster social-emotional and academic growth, and chances to make memories.
