---	--	---

I understand that the classes entered on my Course Request in Aeries represent my tentative schedule and that:

1. Glen A. Wilson High School builds the master schedule upon student requests. **Students are expected to adhere to their course selections** for one full academic school year.
2. With the exception of errors, schedule changes will not be permitted after selections are made; **course selections should be made with care**, taking into consideration a student's time commitments both inside and outside of school.
3. Placement into sport, cheer, or color guard is made only after the coach's roster has been received by the Guidance Office. Select PE for now. **Academic eligibility will be required and must be maintained to participate.**
4. Final placement will be confirmed by departments based on multiple measures (grades, test scores, etc.) as needed for the subject; **support classes may replace elective choices based on these measures.**
