

An expanded Dental network for additional choice and savings with MetLife's PDP Plus Network

Effective 7/1/2020, the Educational Benefit Cooperative (EBC) will have access to MetLife's enhanced PDP Plus dental network. The PDP Plus network features the greatest selection of network dentists that MetLife offers for our dental preferred provider plan.

Much more than a number

The PDP Plus network includes **more than 452,000 participating dentist access points**. More choice and flexibility can mean more ways to stretch health care dollars, helping to control your out-of-pocket costs.

For EBC, this means a 20% lift in network providers (an increase in over 650 providers) from PDP to PDP Plus.

Value that you can count on

The PDP Plus network has all the features to support better dental care and savings for you, including:

- A well-established selection process and rigorous credentialing standards.¹
- Ongoing reviews of treatment patterns to ensure providers adhere to generally accepted industry standards of care.
- Dentist education and communication resources to help promote healthier, safer environments for patient care.

And all dentists who participate in the PDP Plus network agree to accept negotiated fees as payment in full for services provided.

- Typically, negotiated fees are 30–45% less than average charges in the same community.²

Find a Provider

Finding a PDP Plus general dentist or specialist is easy. You can use the Find a Dentist feature on MetLife.com or log in to your secure member website at MetLife.com/mybenefits. Be sure to use the 'PDP Plus' dropdown starting on 7/1/20.

1. Certain providers may participate with MetLife through an agreement that MetLife has with a vendor. Providers available through a vendor are subject to the vendor's credentialing process and requirements, not MetLife's. If you should have any questions, contact MetLife Customer Service.

2. Based on MetLife internal analysis. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any copayments, deductibles, cost sharing and benefit maximums. Negotiated fees are subject to change. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of the services rendered.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions of benefits, limitations and terms for keeping them in force. Please contact MetLife for complete details.
