- ***NOTE:** HBS participants are required to use a Fiscal Agent when hiring personal support workers that are not employees of a provider agency.
- Programs offered by park districts, health clubs and community colleges do not meet the criteria for Home and Community Based Waiver services and cannot be paid for directly through the HBS program.
- Both the Children's and Adult HBS programs permit hiring family members to perform PSW duties. The Children's HBS program does not permit parents or other legally responsible adults to provide PSW services. The Adult HBS program does permit parents or other legally responsible adults to provide PSW services; but prohibits spouse's or children from providing these services. Community agencies may also offer PSW services on an hourly fee basis.
