item: Baked Potato
verdict: Crown with care!

tip: The simple baked spud is a veritable king of healthy eating . . . **UNLESS** you're one of those people who consider a baked potato to be nature's perfect excuse to melt and consume gobs of butter, cheese, and sour cream. Remember: potato, no fat -- sour cream and cheese, lots of fat -- butter, all fat! Try just a little butter or a small dollop of sour cream with fresh green onions and steamed broccoli instead to keep this versatile veggie delicious and healthy!
