

PURPOSE FOR PROMOTION STANDARDS

The Lawrence County Board of Education realizes the need to establish and maintain high academic standards in the instructional program.

The standards for promotion for all grades were developed to ensure that students master the basic skills before leaving the elementary and secondary schools.

Report cards will be issued after each of the nine (9) weeks grading periods. Progress reports may be sent home mid-way through each grading period if a school chooses.

Standard-Based Report Cards will be used for grades K-2. However, a Numeric Grade for each subject and a list of standards to be checked Weak or Strong will be sent with report cards for grades 1-2.

PROMOTION STANDARDS

Minimum Promotion Standards

Students in grades 3-6 must have a yearly average of sixty (60) or more in reading and math for promotion to the next grade. This average must be calculated from grades received each nine weeks in reading and math.

In addition to the math and reading requirements, students in grades 4 - 6 must pass at least two (2) of the other core subjects (language, social studies or science) and cannot fail the same subject two consecutive years (language, social studies or science). Course work can be retaken in summer school at the principals' discretion.

Students in the 7th grade must pass a total of five (5) courses, three (3) of the four core courses (English, math, history and science) and two (2) elective courses and cannot fail the same subject two consecutive years to be promoted to the 8th grade. Course work can be retaken in summer school at the principals' discretion.

The same requirements will be in effect for 8th grade students for promotion to the 9th grade.

For students entering the 9th grade in 2007-2008 the following Carnegie units must be earned to be promoted to the next grade:

From 9 th to 10 th grade	6 Carnegie units
From 10 th to 11 th grade	12 Carnegie units
From 11 th to 12 th grade	19 Carnegie units
For Graduation	26 Carnegie units

Additionally, a minimum of four (4) Carnegie units must be earned the senior year.

Course work can be taken in summer school, credit recovery, or virtual school at the principal's discretion.

Credits may be earned in the regular school program, the dual enrollment program, the summer school program, correspondence programs, on-line programs and LEAPS. All the above must be at principal discretion.

Transfer Students Grades 9 – 12

Students entering the Lawrence County School System from other accredited school systems will be placed at grade level based on the records of the school of prior attendance. The students will be required to take and pass the maximum number of credits offered, and if possible, obtain the number of credits required for graduation.

(Students must meet state requirements for graduation.)
