1 September 2008 - 31 August 2009	G10
1 September 2007 - 31 August 2008	G11
1 September 2006 - 31 August 2007	G12

### AST Policy:

The American School of Tangier's Admissions Policy is to accept students within the age ranges stated to the left. Exceptions to this Policy are rare and will only be considered after a direct verbal request from the student's current/former Head of School and must include official transcripts. This policy is consistent with the spirit of the American Education philosophy which focuses on the development of the whole child.

### Entrance Age:

Only children aged 3 years minimum by August 31, 2024, will be considered for PK3. Please note that all children must be toilet trained to attend AST. There are no exceptions for the entrance age.

### Application:

If you plan to have your child attend AST, please begin the application process in December or January to increase the chance of acceptance as well as seat availability.

### Special Learning:

AST does not admit students who have special learning needs and/or behavioral problems that require extra support in the form of an alternate curriculum and/or an aide in the classroom.
