Contact Information After Leaving High School

Please provide the most up to date contact information that you can. More unique contact and phone numbers that you provide, the more likely it is that a postschool contact will result in a survey. For example if the student's parents both(all) have the same address/phone, only one should be listed and if each parent has a different address that both of these should be listed. Involve the student in choosing contacts and remind them to tell these people that they may be contacted as part of North Carolina's Postschool Survey.
