ABOUT MC FENCING & THE CAMP

MC Fencing is proud to welcome anyone from 5th - 8th grade to join our fencing camp. This camp's purpose is to familiarize your children with the Olympic Sport of fencing. Fencing is a unique sport that allows individual success year round, and as they enter high school a team component as well. This camp will allow for your students to learn the basics of the three disciplines (Foil, Epee and Sabre). While experienced fencers are welcome, this will be a camp focusing on the basics that we teach to new fencers who begin with Morris Catholic Fencing. Coach Malecki is a member of the US Fencing Coaches Association specializing in Foil and Epee, as well as holding an Award of Arms of the Society for the Creative Anachronism.

Fencing Equipment will be lent to the students. Although young men are encouraged to bring a cup for practice since this is a contact sport.
